Italians Land Large Military Forces Along Dalmatian Coast

LONDON, May 14.—The Italians are landing large military forces at Zara and Sebenico, on the coast of Dalmatia, according to a Reuter despatch from Belgrade, the Serbian capital. The troops are being moved eastward and are fortifying the ridges and passes.

Zara and Sebenico are near the centre of the Dalmatian coast and are between Fiume and Spalato. They are opposite the Italian port of Ancona. The mountains to the east of the two ports are the Dinaric Alps.

AUSTRIANS SOON TO LEARN FATE

Treaty Will Be Handed Delegates This Week—Committee To Deal With Notes

Italy Yields—No Attack on Petrograd—Poles and Ukrainians Arrange Truce

(By the Associated Press)
Three notes from the German peace delegation at Versailles were delivered to the council of four today and it appointed a sub-committee to deal with them.

Austrians Soon to Get Terms
The council also considered details of the Austrian peace treaty, which, according to one Paris report, will be ready this week. The leading figures of the Austrian delegation are expected to arrive at St. Germain-en-Laye, near Paris, tonight.

Italy To Make Concessions
Italy, it appears, is not insisting upon France and Great Britain carrying out all the terms of the treaty of London, under which she was to receive extensive territories on the eastern shore of the Adriatic in the settlement.

GOES TO FRANCE AS K. OF C. SECRETARY

Dennis J. Sullivan of this city left Lowell today for New York, whence he will sail for France, where he will act as secretary for the Knights of Columbus. Mr. Sullivan is well known here, having been very active in the "Fixers" union of the U. S. Cartridge Co. He was born in this city, is about 29 years of age and is very prominent in amateur theatrical circles. He also has considerable musical talent, being a member of the Harmony quartet. His many friends wish him good luck and success in his new field of work.

SEARS CASE GOES TO JURY

BOSTON, May 14.—The case of Frank L. Sears, a Webster shoe manufacturer, charged with bribery and conspiracy to defraud the government on a contract for army shoes, went to the jury shortly before noon today.

THREE AUTO BANDITS HELD IN \$1000 EACH

NORTHAMPTON, May 14.—Three of the six automobile bandits captured in Lee, late Saturday and who, the authorities say, admitted robbing the Fuller and Bartlett stores in Bolton, May 3, escaping in a high powered touring car, were held for the grand jury in bonds of \$1000 each, after a hearing in police court here today. The other three denied guilt and were held for a hearing. None could furnish bonds. The men held for the grand jury are Joseph Walker of South Boston; John M. Durkey of Providence, R. I.; and Roland Shield of New Bedford. The others are Arthur Scheller at Pasadena, Cal.; Edgar Russell and Louis Fein of Boston.

The prisoners are wanted in Providence on the charge of having stolen the automobile there.

GERMANS TURN TO AMERICA

Ebert Says People "Hypnotized" by Wilson—"Gravest Apprehensions" Felt

Still Hopes American Democracy Will Not Accept Treaty—Not To Resign

NEW YORK, May 14.—Owing to almost unprecedented congestion of the Transatlantic cables, the following report of a statement made by President Ebert of Germany on Sunday to the Berlin correspondent of the Associated Press has just reached this office:

BERLIN, Sunday, May 12.—(By the Associated Press).—Declaring that the terms of peace contemplated the "physical, moral and intellectual paralysis of the German people," that Germans were hypnotized by statements of President Wilson, and that he himself looked forward to the future "with Continued to Page Twelve

NAVY DEPARTMENT TO REQUISITION STEEL

WASHINGTON, May 14.—The navy department practically has decided to exercise its authority under war emergency legislation and requisition steel for battleship construction, the price to be fixed later on a basis of market conditions and quotations, rather than on an examination of the steel makers' books.

STRIKE OF 50,000 GARMENT WORKERS

NEW YORK, May 14.—A strike involving 50,000 workers here affiliated with the International Ladies' Garment Workers union became effective today.

The Lowell Auditorium Commission

HIS HONOR THE MAYOR
Member Ex-officio

CLARENCE H. NELSON

JOHN H. HARRINGTON
Chairman of the Board

WALTER L. PARKER

ARTHUR L. ENO, ESQ.
Secretary

Appointed by the mayor, confirmed by the city council and authorized by act of the legislature to acquire a suitable site by purchase or seizure by right of eminent domain, and to erect thereon a public building as a memorial to the men of Lowell who participated in the late war. The building shall contain a Hall of Records and Trophies and an Auditorium capable of seating about five thousand people, the total cost not to exceed one million dollars. The commissioners are to serve without compensation.

REINVESTMENT URGED

Mayor Appeals to Public To Purchase Thrift and War Savings Stamps

Mayor Perry D. Thompson today made an appeal to Lowell people who are holders of Liberty loan bonds of the second issue to reinvest the same in thrift or war savings stamps inasmuch as government officials have approved this course and have stated that the government will make a semi-annual interest payment on the loan May 15 (tomorrow).

"Many of our citizens own Second Liberty Loan bonds," the mayor said. "The treasury department has urged that all who can take this interest money and reinvest it in thrift or war savings stamps. By this means, they can turn their interest into more interest. It is profitable patriotism, and I trust that the citizens of Lowell who own Second Loan bonds will do as the treasury department has requested."

"Arrangements have been made so that you can exchange your Liberty loan interest coupons for thrift or war savings stamps at the postoffice. Our postmaster has a sufficient supply of these government securities on hand to exchange for your coupons and will be pleased to accommodate you. War savings stamps are always cashable at the postoffice on ten days' written notice."

"I appeal to all patriotic citizens of Lowell who own Second Liberty Loan bonds to get thrift or war savings stamps with their interest coupons, May 15th. We have too much civic pride to do less than our neighboring cities. They are planning to roll up a big total in war savings stamps sales on May 15th and to do it largely through their interest coupons. Let's get busy and make Lowell lead the procession."

GERMANS PREPARE COUNTER PROPOSALS

PARIS, May 14.—The German peace delegation is preparing voluminous counter proposals as substitutes for terms of the peace treaty. Several economic sub-committees of the delegation met today, including the one on coal supply.

GIRL SCOUTS IN PAGEANT

WASHINGTON, May 14.—General Sir Robert Baden-Powell and Lady Baden-Powell were guests today at a meeting of the National Council of Girl Scouts. A pageant was given in their honor by the Girl Scouts of Washington.

BUILDING COMMISSION

Organizes and Chooses John H. Harrington Chairman, and A. L. Eno Secretary

The commission created yesterday to build Lowell's public auditorium as a memorial to soldiers and sailors of the world war met this morning at 9 o'clock in the mayor's reception room at city hall to organize. All members were present and qualified before Assistant City Clerk William P. McCarthy. John H. Harrington was chosen chairman and Arthur L. Eno secretary.

DANIEL EMERY IS DEAD

Well Known Middlesex Street Bookseller Succumbed From Auto Injuries

Daniel Emery, aged 65 years, a well known book seller of Middlesex street, died this noon at St. John's hospital as a result of injuries sustained Monday evening when he was struck and run over by an automobile in Middlesex street, a short distance from his store.

The automobile that figured in the accident is owned by Ira Harris of 1010 Middlesex street and was being operated by the latter's son, Herbert, aged 18 years. Mr. Emery sustained fractures of both legs as well as injuries about the head.

He was born in New York city and came to Lowell about 40 years ago and has been in business on Middlesex street since. He leaves a sister-in-law and several nieces and nephews in New York city. The remains were taken to the rooms of Undertaker Peter H. Savage.

WATER DEPT. SAYS ADVANCED COST OF FIXTURES MAKES MONTHLY BILLS HIGHER

Many Lowell people have been somewhat astounded at the size of their water bills received this month and there has been a general lack of knowledge as to just what has caused the unusual increase, although it is known, of course, that the city council several months ago voted to increase the water rates.

John W. Crawford, registrar of the water department office at city hall, explained today the modus operandi of the new rate system which sheds considerable light on the matter.

"The purpose of the department in increasing the rates for users of water who have no meter," said Mr. Crawford, "is to have them install meters. That is the only way the department can do away with the annual waste of water and at the present time, we are using every bit of water at our command."

"Under the old rates, a person would pay \$6 a year for a sink in his kitchen, \$4 for a water closet and \$2 for a bathtub. All these have been increased \$1 a year each. Any other fixture is charged for at the rate of \$7 a year instead of varying prices that were in force under the old rate. This \$7 charge on fixtures, exclusive of the three I have mentioned is really what has boosted the bills so materially. In former years if a person had two sinks in his home he would pay \$6 a year for the first and half of that for the second, or \$3. Under the new rates he pays \$7 for each."

"These bills went out May 1 and I have been surprised at the comparatively little complaint we have had, although, of course, a large number of people have yet to pay their bills. Many of them have made application to have a meter installed and thus the real purpose of raising the rates is being attained."

"It costs \$1 for a meter in addition to \$2 or \$2.50 for installation charges. This cost is saved in a very short time under the metered system."

The quarterly bills for metered

EXPLAINS INCREASE

Water Dept. Says Advanced Cost of Fixtures Makes Monthly Bills Higher

Many Lowell people have been somewhat astounded at the size of their water bills received this month and there has been a general lack of knowledge as to just what has caused the unusual increase, although it is known, of course, that the city council several months ago voted to increase the water rates.

John W. Crawford, registrar of the water department office at city hall, explained today the modus operandi of the new rate system which sheds considerable light on the matter.

"The purpose of the department in increasing the rates for users of water who have no meter," said Mr. Crawford, "is to have them install meters. That is the only way the department can do away with the annual waste of water and at the present time, we are using every bit of water at our command."

"Under the old rates, a person would pay \$6 a year for a sink in his kitchen, \$4 for a water closet and \$2 for a bathtub. All these have been increased \$1 a year each. Any other fixture is charged for at the rate of \$7 a year instead of varying prices that were in force under the old rate. This \$7 charge on fixtures, exclusive of the three I have mentioned is really what has boosted the bills so materially. American Seaplanes To Start Tomorrow To Cross Atlantic

TREPASSY, N. F., May 14.—Weather conditions over the Atlantic today were not so propitious as had been expected and the indications were this forenoon that Commander John H. Towers would postpone the start of the American naval trans-Atlantic flight until tomorrow.

The belated NC-4 flying from Chatham, Mass., was expected here this evening to join her sister planes, the NC-1 and NC-3. The NC-4 probably will require 24 hours overhauling, but if she is here and weather conditions do not disappoint the flyers will probably start tomorrow on a moonlight trip to the Azores.

DIRIGIBLE OFF FOR ST. JOHN'S

C-5 Left Montauk Point, N. Y., at 8 O'Clock, For Flight to Newfoundland

If Successful May Attempt To Cross Atlantic—Passed Over Chatham at 10.05

MONTAUK POINT, N. Y., May 14.—The navy dirigible C-5 left today on a flight to St. John's, N. F., which may be followed, if the coastal performance proves satisfactory by an attempt to fly across the Atlantic.

The dirigible took the air at 8 o'clock and promptly attained her maximum cruising speed of 50 miles an hour, which was expected to enable her to cover the 1200 mile course to Newfoundland in 24 hours.

In command of Lieut. Commander Continued to Page 13

NC-4 ARRIVES AT HALIFAX

Left Chatham at 9.25 Today—Going 85 Miles an Hour at 11.22

Sends Message to Washington in 3 Minutes, Establishing Wireless Record

HALIFAX, N. S., May 14.—The American naval seaplane NC-4 arrived here at 2.10 p. m. (Halifax time) from Chatham, Mass.

Allowing for an hour's difference in time between this port and Chatham, the plane made the flight of approximately 200 nautical miles in three hours and 15 minutes.

CHATHAM, May 14.—The hydro-airplane NC-4 left here at 9.25 a. m. today, to join the NC-1 and NC-3 at Continued to Last Page

CUMMINS CHOSEN BY SENATE REPUBLICANS

WASHINGTON, May 14.—Senator Cummins of Iowa, favored by the progressive group, was chosen unanimously for president pro tempore of the senate at the organization conference today, of republican senators. Senator Lodge was re-elected party leader and discussion of the controversy over committee chairmanships for Senators Penrose of Pennsylvania and Warren of Wyoming was postponed.

Senator Lodge was authorized to appoint a committee on committees, and pending its report the fight of the progressives against the election of Senator Penrose to the chairmanship of the finance committee and of Senator Warren as head of the appropriations committee will be held in abeyance. The progressives, however, determined to pursue their opposition to the senate floor if necessary. Some of the progressives said they had hoped to co-operate to elect Senator Penrose by absenting themselves when the finance committee is organized and thus offsetting the progressive opposition.

Forty-three of the 49 republican senators and senators-elect attended the conference today. The absentees were Senators Cummins, La Follette of Wisconsin, Groves of North Dakota, Townsend of Michigan, Lenroot of Wisconsin and Fall of New Mexico.

Besides the president pro tempore, the conference chose its candidates for all other senate offices. George A. Sanderson, a Chicago attorney, was selected for secretary and David S. Barry, a Providence, R. I., newspaperman for sergeant at arms.

water users as well as the annual bills under the minimum charge system will go out July 1. There will be about 12,000 in all. The rate of the metered bills has been increased from 11 to 15 cents per hundred gallons and the minimum rate bills from \$7 to \$8.

LAWRENCE WOMEN FAIL TO SEE GOVERNOR

BOSTON, May 14.—Thirty women who said they represented a committee of mothers of the textile strikers of Lawrence went to the state house today and asked for an interview with Governor Coolidge. The governor was presiding at a meeting of the council, and the committee did not see him. The delegation left after telling Henry P. Long, the governor's secretary, that they would probably call again in the afternoon.

Secretary Long informed the women that he would confer with a committee of three if they desired. When they insisted on seeing the governor, they were told that unless they offered some definite proposal to be laid before him the governor could not consent to occupy his time with a controversial discussion of any situation the facts of which were well known.

MOONEY STRIKE PROTEST

Votes Will Be Counted in Public on June 2, by Federal Committee

CHICAGO, May 14.—Officials of the Chicago Federation of Labor announced today that the votes of organized American labor on the "Mooney general protest strike program" would be counted in public on June 2 by the federal intervention committee.

If you want to reach the people who spend their money in Lowell advertise in The Sun, Lowell's greatest newspaper.

TEACHERS' EXAMINATION

Office of the Superintendent of Schools Lowell, Mass., May 14, 1919.
On Saturday, June 21, 1919, at the Lowell high school, Kirk and Anne streets, beginning at nine o'clock, in the forenoon, there will be a public examination of applicants for Lowell teachers' certificates of the third grade; these certificates apply to the primary and grammar grades of the schools.

Persons to be eligible to take the examination must be graduates of colleges or Normal schools and must have had two years' successful experience as teachers in day schools.

All applicants must signify their intention of taking the examination by notifying the Superintendent of Schools in writing, at least three weeks before the date of such examination, at which time the list will be closed and after which time no new names will be added.

The subjects of the examination will be Arithmetic, English Grammar and Language, United States History and Civil Government, and Principles and Methods of Teaching.

Applicants are advised to forward certificates of graduation and successful experience at the time of sending notice of intention to take the examination.

HUGH J. MOULDOV, Superintendent of Schools.

TO IGNORE THE IRISH ENVOYS

Committee From America Not To Receive Official Recognition at Paris
House Declines To Act as Intermediary Between Envoys and Lloyd George

LONDON, Tuesday, May 13.—Col. House has decided not to act as intermediary between the three delegates of Irish societies in the United States and Premier Lloyd George, according to a Reuter despatch from Paris. The delegates, Frank P. Walsh, Edward Dunne, and Michael F. Ryan, who have been visiting Dublin and other cities in Ireland, will not be received by Premier Lloyd George on their return to Paris, nor will they be accorded any official or semi-official recognition whatever, it is learned in official quarters here. Col. House, according to a Reuter despatch, had promised to endeavor to arrange an interview between the delegates and the British premier, but now, in view of their activities in Ireland, has decided not to act. Mr. Dunne and Mr. Ryan reached London tonight, but declined to make any statement. Mr. Walsh remained in Dublin when his colleagues left that city and is expected to arrive here tomorrow. Mr. Lloyd George has been subjected

to most bitter attacks for his alleged encouragement of the delegates' activities, which are regarded as a quite unwarranted interference with British domestic affairs. Even a serious journal like the Spectator has gone so far as to assert that a "dangerous conspiracy" is afoot for committing the premier and the British government to virtual recognition of the Irish republic. Other newspapers complain that the fact that the delegates have fraternized with Sinn Fein leaders has given the Sinn Fein movement new life, besides placing the British authorities in Ireland in an embarrassing position. The question has been asked what would be thought if a British delegation should visit the United States on a mission of a like character.

CENSUS BUREAU REPORT ON COTTON

WASHINGTON, May 14.—Consumption of cotton during April amounted to 175,733 bales of lint and 11,169 of linters, the census bureau today announced. Consumption during April last year was 141,125 bales of lint and 106,232 of linters. Cotton on hand April 30 in consuming establishments was 1,375,225 bales of lint and 272,554 of linters, compared with 1,507,785 of lint and 154,156 of linters a year ago, and in public storage and at compresses 3,979,125 bales of lint and 211,653 of linters compared with 2,828,126 of lint and 279,373 of linters a year ago. Cotton spindles active during April numbered 22,213,026, compared with 22,734,597 in April last year. Imports were 36,463 bales compared with 21,135 in April last year. Exports were 41,916 bales, including 551 bales of linters, compared with 227,812 bales, including 15,166 bales of linters last April.

LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost. Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates.—Adv.

PRICELESS MEMENTO FROM OVER THERE

John Worthy of 22 Dutton street has received a memento from the battle-scarred fields of France that will undoubtedly be treasured by him or by members of his family as long as they live. It is nothing more or less than a small prayer-book which his hero brother, Corp. Joseph Worthy, late of Co. M of the 101st Infantry, was reading at the time he met his death on the battlefield in one of the earliest campaigns of the war in which the gallant Lowell unit engaged about a year ago. The prayer-book was given Mr. Worthy, who was himself discharged from transport service seven weeks ago, by Sergt. H. L. Ryder, a Boston man, who recently returned from France after serving two years as a despatch bearer with the headquarters of the 1st Brigade. Some time ago Sergt. Ryder was taking a message to an outpost in the war zone when he saw a young soldier lying on the ground with his face down. Jumping from his motorcycle he turned him over and found that he was dead. Beside him was a prayer-book with a little card which read: "Remembrance of the Eucharistic mission at St. Patrick's church, Lowell, April, 1918." There was also written the name, Corp. Joseph Worthy, and on a leaf in the prayer-book was the address, 35 Adams street, Lowell, Mass. On the same card was printed an "Act of Resignation," which Sergt. Ryder believes Corp. Worthy was reading when he died. The sergeant took the prayer-book and kept it carefully until he came home. He then told the story to his father, who is the manager of the office of the U. S. Rubber Co. of Boston. One of his employees, Miss Mary F. MacNamara, wrote to Rt. Rev. Monsignor O'Brien, pastor of St. Patrick's church in this city, and the result was that the dead soldier's brother was able to get the priceless memento of his brother's gallantry.

FIRE BREAKS OUT IN FALL RIVER MILL
FALL RIVER, May 14.—Fire starting in the carding department of the Merchants mill at an early hour today, was prevented from spreading to other departments through the working emergency sprinklers. Heavy damage, amount not estimated, to machinery and stock in process resulted from some of the water.

Dismiss the Grouch

Do you ever feel grouchy, that is, all tired out and wish it was possible for you to take a rest? A change of environment is all you need. Now suppose that living room was fixed up. Change things around, repaper the walls, make it look like a different room. By making the room look different, you will be changing the entire atmosphere of your home. Put some cheerful, soft colored paper on the walls. It will help you to dismiss that grouchy feeling and make you feel better. A bright, cheerful home is necessary, after a hard day's work.

CONG. BURNETT DEAD
Alabama Man, Author of Deportation Legislation, Died Suddenly Last Night
GADSDEN, Ala., May 14.—Representative John L. Burnett of the 7th Alabama district, for several years one of the leading members of the house and chairman of the committee of immigration in the last house, died suddenly last night at his home here. Mr. Burnett had seemed in excellent health during the day and was preparing to return to Washington for the convening of the extra session next Monday. Last night he attended a large meeting and while there complained of feeling badly. He was

taken to his home by friends and died within 10 minutes after reaching his residence. Mr. Burnett was one of the older members of the house, having been elected to the 56th congress and re-elected to each succeeding congress, including the 66th, which will convene Monday. In the last congress he was chairman of the house immigration committee, which with the cessation of hostilities and the taking up of reconstruction legislation, became one of the most important committees. Late in the last session Mr. Burnett introduced bills for deportation of dangerous aliens and for the stopping of all immigration for four years after the declaration of peace. It was believed that because of his activity in behalf of the two bills Mr. Burnett was included in the list of more than a dozen high government officials to whom internal machines recently were mailed. The bomb addressed to the Alabama congressman was received at

his home here and only difficulty in opening the package experienced by Mr. Burnett and his son probably saved him from serious injury or possible death. Representative Burnett was born in Cedar Bluff, Ala., in 1854. He is survived by his wife and one son.
AMERICAN SAILOR HAS AMNESIA
VIENNA, Monday, May 12.—(By the Associated Press).—An American mission has been sent to the Ukraine by Captain Thomas Gregory of the International Food Commission to arrange for an exchange of Austrian manufactured goods for flour and potatoes for use here and for shipments of oil from West Ukraine. Lieut.-Col. W. A. Jones will be in command of the mission, consisting of three officers and a number of enlisted men. The party will travel by

special train by the way of Stanislan, Tarnopol and Rovno. Captain Gregory has arranged for the shipment of 20,000 bushels from Jugoslavia to Vienna, in spite of the chaotic conditions obtaining in trade. He has asked the American Red Cross to send soap and medicines to the Ukraine, where the need is urgent because of typhus. At Cleveland, O., an 8-year-old boy signed his name as witness to the wedding of his grandmother.

BRITISH SEEK TO CHANGE PLAN

Renew Efforts To Pool German Ships For Distribution on Basis of Tonnage Loss

U. S. Plan To Retain Ships Interned in American Ports —Allies Lost 2774 Ships

PAPERS, May 14. (By the Associated Press.)—Renewed efforts are being made by the British delegation to secure an agreement calling for the pooling of former German merchant vessels and their distribution on a basis of tonnage loss during the war, instead of the plan of the United States retaining those ships interned in America prior to that country entering the war.

Poland is laying claim to some of the warships surrendered by Germany. She presented her claims to the council of foreign ministers this afternoon.

Washington's Views
WASHINGTON, May 14.—Officials here do not believe that renewed efforts by the British government to secure an agreement calling for the pooling of former German merchant vessels will be successful. Opposition by the United States when the

proposal first was advanced defeated the British plan in the supreme economic council, the decisions of which must be unanimous to be binding, and it was said here today that there was no reason to believe that President Wilson had changed his mind on the subject.

ALLIES LOST 2774 SHIPS
LONDON, May 14.—The ministry of shipping today announced that the losses of allied merchantmen through enemy activity in the war were as follows:

	Ships	Tonnage
Great Britain	2187	7,635,000
France	238	697,000
Italy	230	745,000
Japan	23	125,000
United States	50	341,000

In addition, 20 British vessels, aggregating 95,000 tons, were lost on admiralty service.

I've been comparing corn flakes, and for me an' mine, give me

POST TOASTIES

MORE COMPENSATION FOR LOWELL MAN

(Special to The Sun)

STATE HOUSE, Boston, May 14.—A finding that Michael Crumney of 15 England street, Lowell, is still incapacitated from earning full wages, and that he is entitled to additional compensation under the workmen's compensation law, has been made by William W. Kennard, chairman of the industrial accident board.

Mr. Crumney was formerly employed as a carpenter in the Bay State mills of the American Woolen company. Dec. 19, 1917, he was playing with a buzz plane when the wood jumped and carried his left hand into the plane, all of the fingers being cut off. Compensation was paid him at the rate of \$14 per week, the maximum allowed by the act, until July 22 last, when it was stopped by the Employers' Liability Assurance corporation, which insures the American Woolen company against industrial accidents. On that date Crumney went to work, but claimed that he was obliged, by the condition of his hand, to quit work again Nov. 16th.

Walter I. Leach, master mechanic in the mill at Lowell, testified that he offered Crumney a job as laborer in the yard, and Crumney refused to accept it, saying he had never done that kind of work.

After considering all the evidence, Chairman Kennard made this finding: "Upon all the evidence I find that the employee still has an earning capacity. There was an opportunity presented him to do laborer's work with the employer. This he did not care to attempt, for the reason that he had never done work of that character. With this feeling I have some sympathy; but, from the standpoint of determining compensation, I also feel that I am bound to take into consideration the fact that the possibility of earning \$16.25 a week, which this job paid, was present. I am, therefore, led, in the absence of further evidence, to find an earning capacity of \$16.25 a week. He testified without contradiction that his wage as a carpenter had been \$30.50. This entitles him, upon the findings made, to partial compensation from Nov. 16, 1918, at the rate of \$9.25 a week, said payments to continue in accordance with the provisions of the compensation act."

Crumney has a wife and two children, a boy and a girl; since he has been out of work the girl has been obliged to leave school and go to work in the mill.

THE METHODIST CENTENARY FUND

BOSTON, May 14.—Bishop Edwin Holt Hughes, resident bishop of New England area, announced today that \$10,000,000 had already been subscribed in advance subscriptions to the Methodist Centenary fund. Although the intensive drive for \$10,000,000 by the Methodists for world reconstruction does not begin till May 18, individual subscriptions have been pouring in at the area headquarters. Buffalo area has already surpassed its annual quota of \$1,491,312, and New York area is well on the way towards its goal of \$1,764,633 per year.

Next Sunday over nine hundred Methodist preachers will launch the drive in the churches all over New England. At a supper held every evening, the daily reports of the progress of each church, group, district and area will be made. May 25 will be Victory Sunday, when all the churches of Methodism will celebrate the raising of the largest sum for practical Christianity ever attempted by any church.

The Boston district headquarters will be established at St. Mark's church, Brookline, under the direction of E. C. Linn, Boston district financial chairman.

TO GIVE RECEPTION AND LUNCHEON

With the coming to Lowell on Friday of this week of Mrs. Perry V. Pennypacker, former president of the National Federation of Women's clubs, a reception and luncheon will be held in her honor in the rooms of the Community Service Club for Girls in the Runcis building, on Saturday afternoon, and invitations have been sent to all members of the Middlesex Women's club to attend. Mrs. Pennypacker will address a large mass meeting of girls and women at the club on Friday evening, and bring a pertinent message to the young women of the city.

Daily Health Talks

The Troubles Women Have

BY L. MAC LEAN, M.D.

Probably no man in America was ever better qualified to successfully treat the diseases peculiar to women than Dr. Pierce, of Buffalo, N. Y. The cases that come to him run into many thousands, giving him an experience that rarely comes to any one man. Dr. Pierce found that in nearly every case there were certain vegetable growths which rarely failed to give prompt relief in those feminine disorders from which so many women suffer. He combined these roots and herbs into a temperance medicine that he called Dr. Pierce's Favorite Prescription, for that is precisely what it was. This medicine is sold in both liquid and tablet form by druggists everywhere. Favorite Prescription is a distinct remedy for women and acts directly upon the organs that characterize the sex. It is not necessary to take a long course of treatment with this standard medicine. A weak, sickly, backache, headachy, nervous, despondent woman, with regular or irregular pains—with feminine disorders—that come in youth or middle age—is pretty sure to find in Dr. Pierce's Favorite Prescription the exact remedy that her condition calls for, and to find it after a very few doses are taken. Why women should allow themselves to stay sick when a very little money spent for this remedy will probably make them well, is something no one can explain.

All women who suffer from feminine disorders are invited to write the Faculty of the Invalids' Hotel, Buffalo, N. Y., for free confidential consultation and advice, and to receive the exact remedy for their particular trouble. This will enable every woman to benefit by the advice of the distinguished corps of physicians which Dr. Pierce has gathered about him in his celebrated Buffalo institution.

When constipation is present with feminine disorders, Dr. Pierce's Pleasant Pellets should be taken along with Favorite Prescription. Try them now!—Adv.

FOR NATIONAL GUARD

Sec. of War Baker Would Retain Units of 16 Divisions in Old States

WASHINGTON, May 14.—Approval of the reorganization of the national guard along the same lines at existed before the war was expressed informally yesterday by Secretary Baker. The war department, he said, would favor the rebuilding of the guard, so as to permit the various states to supply the same units as were used in making up the 16 divisions organized for service in France. Mr. Baker said it would be necessary, of course, for the militia to embody the changes resulting from experience in the recent war.

Secretary Baker said he thought this might be effected without any additional legislation. For example, where a modern regiment is upwards of 3000 officers and men, a state might have separate battalion organizations instead of the old regimental organizations. This, however, he regarded as a matter of detail.

He expressed the hope that some way would be found to permit the perpetuation of the insignia and unit designations organized in 1917.

SOCIAL AND FRATERNAL

Chief Ranger Thomas C. Mooney presided over the regular meeting of Court Merrimack, 11, F. of A., which was held last evening in Grafton hall. Three applications for membership were received and routine business was transacted. Interesting remarks were made by James St. Hilaire, Thos. P. Kelley, John J. Duffy, Edward J. McInerney, Thomas C. Mooney and John J. McCullough.

Butler Relief Corps

The ladies of the E. F. Butler Relief corps entertained the members of Post 12, G.A.R., at supper in Memorial building recently. Prior to the regular meeting of the corps a conference committee consisting of Commander Page and Comrade Worthen were admitted to make arrangements for the Memorial day dinner. The business session was presided over by Miss Mary Smith. An interesting paper was read by Miss Alice Felch, delegate to the convention in Boston. Plans for the concert to be given at Colonial hall, May 19 and 20, were discussed and other business was transacted.

FLIGHT AGAIN POSTPONED

DALLAS, Tex., May 14.—The flight of seven air planes from Dallas to Boston was postponed again today on account of unfavorable weather. It is now expected to begin tomorrow morning.

Frank Griswold of Hydeville, Vt., shot six woodchucks in one day.

THE PEACE CONFERENCE

Called "Best Americanization Agency" by Herbert A. Miller

WASHINGTON, May 14.—The peace conference was called the "best Americanization agency" by Herbert A. Miller, director of the mid-European union and professor of sociology in Oberlin college, speaking today before the Americanization conference at the department of the interior.

"Far more than is generally appreciated, the immigrant comes here to get free from political, religious and cultural oppression. It is not without significance that practically no Romanians or Serbs come here from Rumania or Serbia, but that many come from Austria-Hungary, where the ruling power was trying to kill the national individuality of its subject peoples. The foreign born needs English to protect him from exploitation, but I would not teach it until it was clear that this was not being done to deprive him of his nationality, for that was why he was compelled to learn Magyar, German or Russian."

Nathan Peyser, executive director of the education alliance, New York, likewise emphasized that Americanization was not to be forced on the immigrant, whether he wished it or not.

"The ideals of Americanism can be expressed in Yiddish, Italian or Arabic, as well as in English," he said, "and attacks upon the native language or customs of an alien breed distrust."

FOR ADVANCEMENT OF COLORED PEOPLE

NEW YORK, May 14.—Negroes of the United States are awakening to the need for organization "to assure them the guarantees and privileges of citizenship at present denied them," according to the annual report of the National Association for the Advancement of Colored People, made public today. Throughout the country 53 new branches and 34,712 members, largely colored, were added to the organization, or an increase of 375 per cent in membership and over 100 per cent in the number of branches.

The report says that 57 persons were lynched in 1915, of whom four were white men and five were colored women. Among the offenses charged were creating disturbance, stealing, beating mob victim in attempt to escape, conspiracy to avenge killing of relative, murder of civilians, shooting and wounding. According to the report the press said three of the victims were innocent.

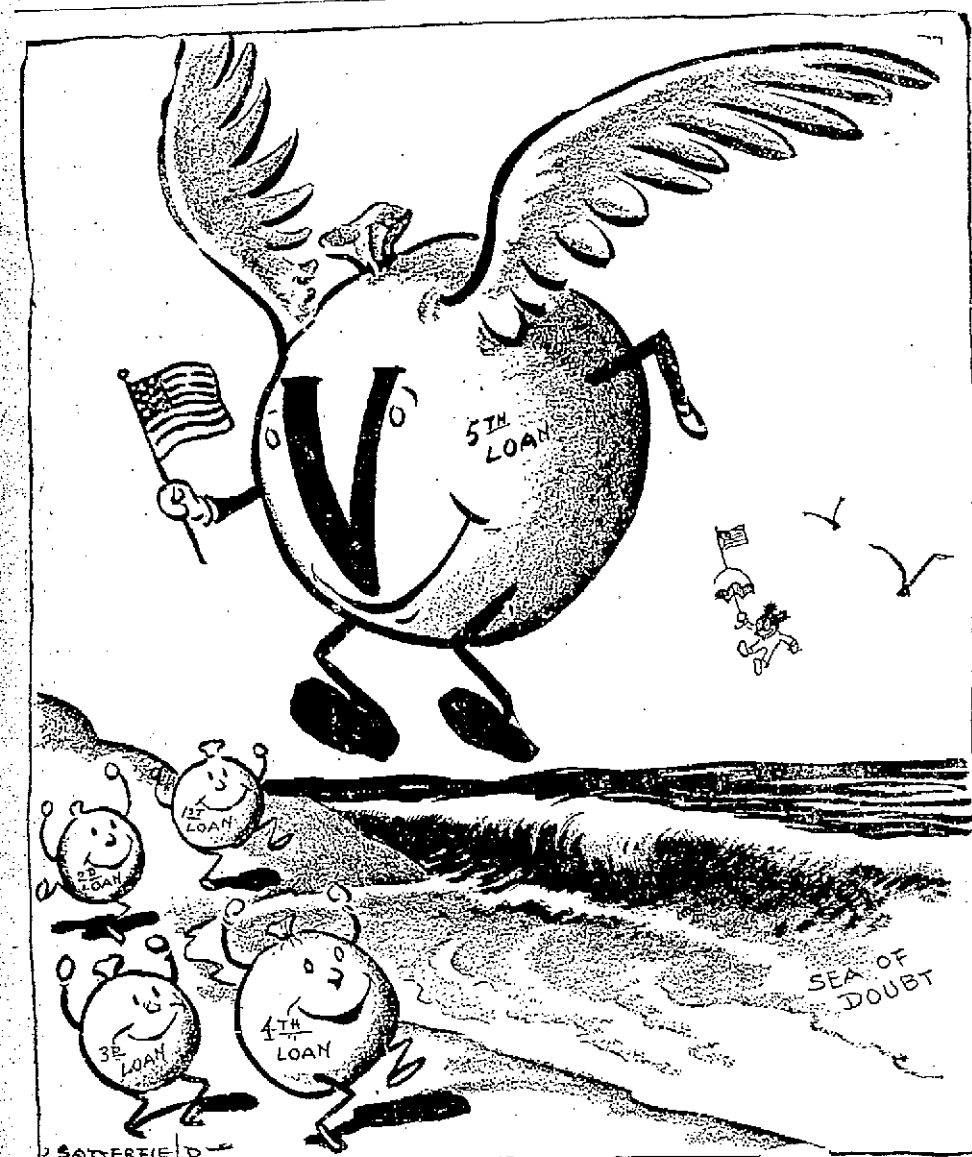

MILWAUKEE NOT TO BAR I.W.W.

MILWAUKEE, May 14.—Mayor Daniel W. Hoan denied a request of a delegation of American Legion members to prevent an I. W. W. meeting Saturday night.

"Persecution creates radicalism of the worst kind and I don't want to increase the strength of the I. W. W.'s here," said the mayor. "I don't believe it is my duty to set aside the constitution. Men have their rights under it to express their views, but are held to accountability for what they say. We have the police department and the department of justice to see that there is no disorder and apprehend anyone whose utterances are disorderly or illegal."

MRS. ROOSEVELT HOME FROM EUROPE

NEW YORK, May 14.—Mrs. Theodore Roosevelt returned from Europe today on the steamship Giuseppe Verdi, which she boarded at Genoa before the vessel stopped at Marsailles to take on troops. Other than saying she had "a perfectly restful time during the voyage" she would not discuss her trip abroad, where she visited the grave of Quentin, her aviator son.

SEEK INJUNCTION TO BREAK SHOE LOCKOUT

SALEM, May 14.—An injunction to prevent the members of the North Shore Shoe Manufacturers' association from continuing an alleged lockout is asked for in a bill in equity filed in behalf of the Heel Workers' union in the supreme court yesterday.

The bill sets forth that as a result of the refusal of the Doan D. Sargent company of Salem, and the J. H. Baker and T. A. Field shoe companies of the city, to grant a new price list, a strike was participating in these three shops. Whereupon, the bill asserts, all the manufacturers connected with the association locked out all the heel workers and others in their employ, despite the fact that there was no grievance presented by the men in any of the shops aside from the three mentioned.

The action of the Manufacturers' association is alleged in the bill to be in the nature of a sympathetic lockout and intended to bring pressure to bear to compel the heel workers in the three shops, where the strike occurred, to go back at the old prices.

The bill is brought by Thomas P. Bates, president, and by four other officers of the Heel Workers' union.

Between 4000 and 5000 shoe workers are said to be affected by the closing of the shops. The Manufacturers' association in a statement issued recently announced themselves as "still willing and anxious that the controversy" existing with the union "be submitted to adjustment as agreed upon" by the representatives of the association and the union on May 8.

CHINA FIRM

Stands Against Denomination of Japan

(By the Associated Press) PARIS, May 13 (delayed)—A message from the Chekiang, dated Hangchow, May 10, and addressed to the Chinese peace delegates, says:

"The Assembly is extremely disappointed at hearing that the disposal of Tsintau has been left to the discretion of Japan alone. All are prepared to do what the crisis demands, but are hoping that you will yet effect a change in the situation. If necessary, withdraw from the conference without signing the protocol. You can depend upon the full moral support of the people at home."

EXPRESS MEN BACK ON JOB

NEW YORK, May 14.—A committee of the employees of ten express companies of New York will go to Washington next week to present to W. S. Carter, head of the department of wage conditions, United States railroad administration, the demands of the 12,000 workers who went on strike last week.

Express traffic conditions assumed a normal basis again yesterday, when 12,000 men who had been out five days returned to their jobs pending the decision of Mr. Carter.

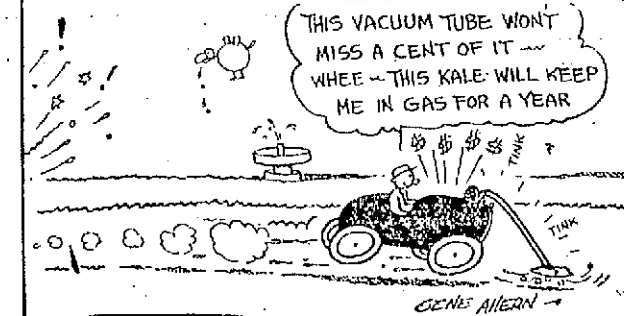

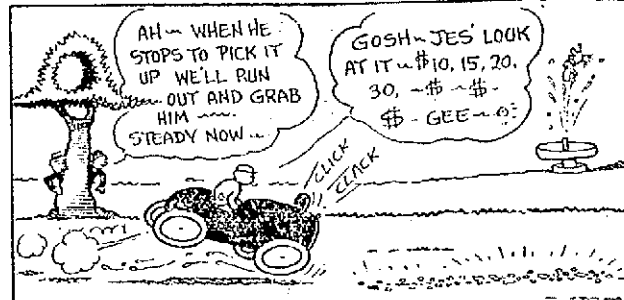

FOOTBALL CHAMPIONSHIP

RIO JANEIRO, Tuesday, May 13.—The Uruguayan association football team defeated Argentina today for the championship of South America, 3 to 2.

The local evening newspaper is the paper that reaches the home when the whole family is there to read it. The Sun fills this field in Lowell.

SQUIRREL FOOD

BY AHERN

LOWELL CHORAL SOCIETY

Presents Gounod's "Faust"
to Capacity Audience at
the Strand Theatre

No better program of music has ever been given by the Lowell Choral Society in its many years of existence than its presentation of Gounod's wonderful opera "Faust," at the Strand theatre last evening. With a chorus even above the usual standard and with five soloists of admirable talent, together with an audience that completely filled the large theatre the result was inspiring and fully commended the choice of the society in again doing this ever popular and majestic work.

The soloists were Amparito Farrar, soprano; Minerva Komenarski, contralto; Paul Athhouse, tenor; Carl Fornes, baritone, and Willard Flint, bass. No better selection could be wished as each sang a strong and refreshing personality into the roles and each possessed a voice of clarity and beauty. Miss Farrar, Miss Komenarski and Mr. Fornes are newcomers to Lowell and they were most cordially received. Mr. Athhouse always will be welcome here. Few tenors in the country have his ability and his singing last night was beautifully sustained. His head tones were as clear and resonant as precisely struck bells and he managed his difficult part with apparent ease. Singing societies generally turn to Willard Flint for the portrayal of the role of Mephistopheles and he never disappoints. He has sung it so many times that he cast aside his score long ago and seems to more actually live the sinister part year after year. He takes liberties with the text, others hesitate in doing but he impersonates the satirical ruler far better than any other singer in mind.

Miss Farrar has come rapidly to the front in New York and rightly so, it would seem. She has a voice of rare

beauty, well modulated and under perfect control; never too heavy and yet adequate to all the demands made upon it. Her upper register is as pure and clear as crystal. Miss Komenarski skillfully carried the roles of Martha and Siebel. She possesses a contralto voice of wide range and although she was not called upon to do a great amount of work, that which she did, was well accomplished. Mr. Fornes gave evidence of a fine understanding of the role of Valentine and sang with a great deal of spirit and in excellent voice.

The chorus under the exacting baton of Eusebius G. Hood rose to new heights of accomplishment, and although many of the splendid choruses in the opera run along almost without the aid of a guiding hand, this season's singers seemed to impart a new breath of life and rhythm. At the conclusion of "The Soldiers' Chorus" the society members were brought to their feet by the director to acknowledge the appreciation of the audience.

ANOTHER TROOPSHIP IN

The Luckenbach, With 2300
Troops, Reaches Boston—
Given Big Reception

BOSTON, May 14.—The transport P. J. Luckenbach with 2300 officers and men of the 126th infantry which is composed largely of Michigan troops, docked early today. After receiving a hearty harbor and pier reception the men were sent to Camp Devens. Colonel W. W. Ollison was in command.

A message from the transport Tolla, which is carrying 1129 officers and men, including the 121st Machine Gun battalion, said she expected to reach here before midnight and dock early tomorrow.

Peptiron is a remarkably effective, agreeable and easily assimilated combination of pepsin, nux, iron, celery and other great tonics and digestives. Good for the prostration following the grip and other epidemics, paleness, nervousness, nervous prostration, neuralgia, nervous dyspepsia, sleeplessness. One or two Peptiron after meals (see the economy?) do the work.

Made by G. I. HOOD CO., Lowell, Mass.

WOMEN ELIGIBLE FOR
AMERICAN LEGION

NEW YORK, May 14.—Women who engaged in war service, including yeomen (F), army clerks, nurses and marine corps girls, are eligible for membership in the American Legion, according to a statement issued today from the national headquarters here.

So many inquiries have come that it has been decided to issue a formal notice that any person who enlisted in the army, the navy and the marine corps, is eligible for membership. Two yeomenettes were delegates at the national caucus last week in St. Louis.

Preparations are under way to form the first women's post. Whether women will join men's posts or form separate ones, is to be left to the discretion of the local posts.

AMUSEMENT NOTES

Below is what the press "agents" of the different theatres say of the current attractions and of others to come.

B. F. KEITH'S THEATRE
When Billie Reeves stumbled onto the stage at the Keith theatre, this week, it is a sign to look for laughing. Once you start you won't end until funny. Mr. Reeves has concluded his act, "The Right to Be Wrong," in which Jane Courthope & Co. appear, is a very human little play, holding a few stiff punches at those who fail to duly appreciate mothers. Hank Brown is a comedian of note, and Work & Kelt are comedy acrobats. Top and Bottom are balancers and Leonard and Willard are singers and funny chatterboxes.

THE STRAND
Sessue Hayakawa, the remarkable Japanese stage and film star in his newest picturization, "A Heart in Pawn," is one of the most artistic and truly good picture stories shown on a local screen in some months. You'll like it for the story itself and the finished manner in which it is pictured.

"Ginger" with Violet Palmer as the star is the other good thing on the bill that will serve to satisfy the varied wants of patrons. It's a lively, peppy sort of a creation that has all of the elements of adventure and action that could be desired. Miss Palmer's work is excellent. The other picture contributions are a comedy and Universal Weekly, and the song numbers by Miss Edna Ray are good.

Beginning with matinee tomorrow Gladys Brockwell in "Pitfalls of a Big City," and Pauline Frederick, the Goldenstar, in "One Week of Life," will be shown. These two big special pictures and other new features will make the bill really worth while. And 10 cents sees it all.

LOWELL OPERA HOUSE
"Another Man's Shoes," the farceful presentation by the popular Emerson All Star Players at the Lowell Opera House, is creating no end of favorable comment. It's advisable to see the Players in their last production of the season and enjoy the marked cleverness in a new sort of presentation.

**MY CHARGES FOR
HIGH CLASS
DENTISTRY**
Are TEN PER CENT. above
the ACTUAL COST OF PRO-
DUCTION, nothing more.

I DO NOT BELONG TO ANY
— DENTAL TRUST —

I am entirely independent. No group of dentists or dental society can regulate my prices.

THE
Price of a Good Cup of Coffee

A good cup of coffee is really the beverage slogan of the United States. Everybody wants a good cup of coffee, and if they haven't found it they're searching for it.

Good things cost more than inferior things. Price has everything to do with quality. Especially is this true of coffee.

Good coffee trees don't grow on poor land—and rich land means rich fertilization, intensive cultivation, constant care, extra expense.

So when you are told that a grade of coffee selling at 30, 35 or 40 cents a pound is just as good as coffee sold for 48 cents a pound, you know "somebody" is stretching a point or two.

Difference in price has everything to do with the difference in one cup of coffee from another.

It is the difference between the selected, choice, perfectly roasted bean and the scrawny, dry, bitter bean that grew on the poor tree.

It is the difference between a plantation famed for its coffee crops and its rich land and trees and the plantation whose only farmer is sun and rain and whose trees are neglected because the word "quality" is not the idea that's running the plantation.

And who wants to waste money by buying poor coffee? When you buy cheap coffee you do not really save a few cents per pound, but you waste the actual price paid for the coffee.

"It's the Bean"

LOWELL MAN HONORED

Principal Mahoney of Normal
School, Head of American-
ization Committee

WASHINGTON, May 14.—Development of comprehensive plans for making citizens of foreign-born residents of the United States was placed in the hands of two committees of experts yesterday by the Americanization conference being held at the Interior department.

John J. Mahoney of Lowell, Mass., was named chairman of the committee one of the essentials to a successful Americanization program. Associated with him are A. E. Jenks, Minneapolis; Don D. Lescohier, Madison, Wis.; George Smith, Buffalo; Miss F. K. Wetmore, Chicago; William McAndrew, New York, and E. R. Wiles, Akron, O.

The other committee, headed by W. M. Roberts, Chicago, will undertake to develop more effective methods of teaching English to aliens. The membership includes H. H. Goldberger, New York; Dr. Peter Roberts, New York;

Charles F. Towns, Boston; Charles E. Finch, Rochester, N. Y., and T. E. Spencer, St. Louis.

The need of teaching English to alien employees of America's huge industrial plants occupied the delegates at the afternoon session. John A. Garret, chief of the safety bureau of the Carnegie Steel company, declared that the meaning of cautionary signs in many factories was unintelligible because employees could not read the English language.

Bernard J. Newman of the United States public health service also said it was essential for aliens to learn English to protect their physical well-being.

BOY PRODIGY JAILED

Sidis, Who Graduated From
Harvard at 15, Admits
Carrying Red Flag

BOSTON, May 14.—After he had told the court that he believed in the soviet form of government, but that he countenanced the use of force "only in case it should be necessary," William James Sidis, 21 years old, was sentenced in the Roxbury municipal court yesterday to six months in the house of correction for rioting and one year for assault upon a police officer in the May day radical demonstration in the Roxbury district. Sidis was graduated from Harvard university at the age of 15 and is the son of Dr. Boris Sidis, a psychopathologist.

Sidis admitted that he carried a red flag while going "with the crowd" from one hall to another. He said that there was no organized parade. Asked to give a brief description of the soviet form of government, he said:

"The general principle is that those who do socially useful work are to control the government and industries of the country."

Justice Albert F. Hayden took a hand in the questioning and asked Sidis if he believed in a God. Sidis replied that he did not believe in "the kind of a God that is the big boss of the Christians."

"Do you believe in what the American flag stands for?" asked the court. Sidis said he believed in it "in certain ways" and that he believed in the American form of government "to the extent of the Declaration of Independence."

Sidis appealed and was held in \$5000 bonds. Eleven others sentenced on the same charges to terms ranging from six months to a year and a half also appealed and were held in \$1000 each. The few remaining cases in connection with the disturbance were put over until May 22.

REACHING OUTDOOR WORKERS

This is the season when things out of doors have the call. We mean things that have to be bought, such as awnings, swings, hammocks, garden tools, hose, seed, lawn mowers, tennis equipment, croquet sets, children's carts, wheelbarrows, shrubs and plants. On there is a lot of things the lover of out-of-door life, demands in order completely to enjoy the sunshine and the joy of working in a garden.

Advertising is one of the greatest services in commerce and the thing that makes it great is the power of suggestion. Yet the power of suggestion can be no stronger than is the advertiser's knack of persuasion.

Advertise, suggest and persuade to all of these out-of-door folk that you have things for their outdoor needs. When they think of buying something, the evening paper is the first thing to which these people turn. Show them they need look no farther. You can do it if your ad is in

Lowell's Greatest Newspaper

CHANGE TO CRITICIZE

It is not often that a soldier has a chance to criticize his superior officers, and still less often is he invited by those officers to express an opinion of them, whether favorable or the reverse.

The men of many regiments, previous to their discharge at Camp Devens recently, were given questionnaires to fill out giving their opinions of the service, the discipline, the management and treatment of the troops, and whether they have gained anything by their experience. They were told that their answers, even though severely criticizing the war department, would not be held against them. Hence the men undoubtedly spoke their minds freely.

As a result, the department has now in hand many statements severely criticizing certain features of the military service, certain policies which were considered unfair, and orders which were regarded as expensive blunders. From all this the war department will learn certain things that it did not know before and it will know in advance, at least, some of the stories which the men will tell after they doff their uniforms. There is a sentiment spreading among the soldiers return, that if the needs of the country should ever again require them to go through a similar experience, they would go only under rigid compulsion. That seems to be the feeling of some who had to serve in the thick of the fight, had to sleep in muddy trenches when they slept at all, and had to go for days without food. The number of such men one would expect to be comparatively small, and those who went through such an experience may well be excused if their answer to the question whether they would again volunteer, is: "Never again for me."

But while a few men will take this position, the great body of soldiers who offered their lives for the flag and who still survive would as willingly and as readily as ever leap to its defence if they found it threatened by either a foreign or a domestic foe.

BOLSHEVISM GONE MAD

The latest news from Russia indicates that the Bolshevik element is resorting to the most horrible means to bring everything in the line of religion and morality into contempt. The extremes resorted to are utterly shocking and unmentionable. Nothing recorded in human history in the last 2000 years has reached such a depth of human depravity. The proceedings staged by some of the leaders in the so-called soviet councils are so far beneath anything that has heretofore occurred as to be utterly astounding. German outrages, rapine and plunder, in their worst form, were mild as compared with the events of daily occurrence in parts of Russia at the present time. Men seem to have been transformed into wild beasts as they revel in the desecration and destruction of everything that humanity, culture and religion have been accustomed to hold sacred. The reports from the Russian soviet should be sufficient to unite all the elements that stand for law and order, for justice and religion, against every phase of this new scourge of humanity known as Bolshevism.

REPUBLICAN FACTIONS

Already, the republican leaders in congress are confronted with factional elements that threaten to overthrow the supremacy of the old guard—that element driven from power by the democrats and of which Senator Lodge is leader

and Senator Penrose the actual boss.

The progressives are showing signs of asserting their power in concrete form in favor of the advanced policies for which they followed Roosevelt in bolting the republican party some years ago. They will not bend submissively to the dictation of Penrose, Lodge, Sherman, Brandegee and other reactionaries. They do not want a return to the policies of Mark Hanna, which alone will satisfy Penrose and many other leading republicans.

They are marking time on the League of Nations in order to see the trend of public sentiment which is already setting strongly in favor of the league. They want also to get the feeling of the soldiers in regard to the matter, but they will find most of them in favor of the covenant framed to prevent war and maintain peace.

SLANDERING US

That bitter attack upon the United States, coming from a Brazil paper, has a peculiarly pro-German ring. Its apparent aim is to stir up prejudice in the South American republics against the United States by making it appear that we are planning to exploit these southern republics and trying to precipitate revolution in Mexico. Maderiros Albuquerque, the author of the attack, appears to have learned the art of lying in some German factory. Had he been trained under Count Bernstorff, he could not have done a better job or put together a more vicious falsehood. To say that the United States is trying to get control of Brazil is too foolish even for the author of the statement to believe. He knows better; but perhaps he is well paid for his statements. The German propagandists are not all dead and there are many Germans in Brazil.

SENATOR BORAH

Senator Borah threatens to bolt the republican party should it approve the League of Nations. The senator came into the republican party after a period of enthusiastic support of William Jennings Bryan and his free silver policies. Should he leave the republican party now, he would have to constitute a political party of one as the democrats would not wish to have any such political counter-jumper in their ranks. As for the defunct progressives, they would regard Borah as qualified to go backward rather than forward. The League of Nations is intended for a good purpose and the people want it. There is foolish talk of a referendum of the entire people of the country, regardless of party, on the adoption of the league's constitution. That should be unnecessary if the senators would show common sense and do their full duty regardless of party politics. Such a course, however, is hardly to be expected from a party so hungry for office as are the republicans, with the presidential election only one year away.

COLLEGE COURSES

It appears that some colleges are to revise their courses. It is certainly high time they should do so. Many of them have been both sides of socialism and other revolutionary theories of a very dangerous character. Columbia has seen the error of her ways and hereafter, a knowledge of the bible will be a prerequisite for matriculation in that seat of learning. Several other colleges have similarly shifted their sails and the president of Tufts is among those who have come to the front in favor of genuine Americanism. This is refresh-

ing inasmuch as it is not so long ago since a socialistic preacher was called from Lowell to become a professor at Tufts. The war has opened the eyes of college men and a great many others, let us hope, for the enlightenment of all.

SAFEGUARD CITY

We feel that it would be good policy for the municipal council to ascertain whether the present charter prohibits the mayor of the city from going over the head of the municipal council and hiring outside lawyers to handle cases brought by himself personally as mayor, in order to defend some action or conduct some litigation which he has projected without any authority from the municipal council.

We do not insinuate that the present mayor would do anything of this kind, but it is not impossible that some future mayor might ask the city to pay for lawyers whom he employed to do work which properly devolved upon the city solicitor. The city should not be called upon to pay two men for the work of one, nor should it be asked to pay for services which were not legally authorized.

SIX HOUR DAY

Out in Toledo, there is a body of men on strike at the Overland automobile factory. They are demanding a six hour day and a \$10 wage as a minimum. Other unions in that city are on strike for a 41 hour day with higher wages. We do not know the merits of the issues involved in the Toledo controversies, but it seems obvious that persistent and continuous demands for shorter hours and increased wages must finally reach a point at which the industries will have to suspend. How this extreme will help labor is difficult to determine.

PRICES ADVANCED

The prices of commodities for April advanced one per cent over the prices prevailing in the previous month, according to Duns' review. The opinion now prevails that prices are stabilized and not at all likely to undergo any reduction in the coming season, although they may actually be increased.

Perhaps the people who are leading the anti-peace demonstrations in Germany may be pacified by armies of occupation despatched by the allies to deal with Germany and quell whatever resistance may be offered to the terms of the treaty. We surmise, however, that by the end of the fifteen day period, the leaders of the German opposition to the treaty may revise their views and decide that the best interests of Germany will be served by signing the treaty. In that they will be right, despite all protests to the contrary.

We wonder if the ill luck proverbially supposed to accompany the habit of over indulging in liquor, will have proved itself a certainty in the case of that Lowell man arrested over in Fitchburg two days ago. He got drunk and had no better sense than to drive an automobile through Fitchburg streets. As ill luck would have it, he collided with the police patrol and the officers made short work of taking him to the station. He is hardly in a position to put up a successful alibi.

A story comes from Albany to the effect that skillful thieves in that city set out to rob a two story brick building and did it so skillfully that when they pronounced the job done, they had taken away all the bricks and fixtures of every kind. Without further comment, you may know from this that Albany is not a place where one may leave his washing out over night with safety.

Boston papers are giving our city some good advertising in the matter of our being able to buy milk cheaper than formerly. It is mentioned as a feather in our cap that not only do we buy milk at 14 cents the quart, but our kindly cowmasters dispense the lactical fluid at the rate of 7 cents a pint, thus relieving the small buyer from the "gypping" process successfully practiced in Boston.

We have all had vivid illustrations of German hate, but can we ever hear as bad swearing in the Hun tongue as what may be expected when the German ship workers start building ships to be turned over to the allies to replace, ton for ton, the ships her sea adders, the U-boats, sank?

In these prosperous times almost any man can make money, but he can't make it buy anything worth mentioning.

The socialist is a man who believes in dividing all fortunes that are greater than his own.

THE MAN ABOUT TOWN

In my wanderings about town I passed up Andover street recently and was amazed to see the condition of that thoroughfare. Two or three years ago that street from Nesmith, was supposed to have been macadamized in the most scientific manner, but it is now almost ruined as a roadway from Wentworth avenue to Clark road. To mention the specific conditions it may be said that of the two hills between Concord and Nesmith streets, the only way appropriate to describe them is "shocking." No tar was used in these places and the fine material is being washed away, leaving the larger stones to roll under the wheels of motor and other vehicles. If something is not done over there, that particular street will have to be entirely rebuilt within a year or two.

Despite the fact that he is a very busy man Undertaker Amedeo Archambault can always find spare time to devote to gardening, and there is nothing, he says, he likes better. Mr. Archambault cultivates about an acre of land in the vicinity of St. Joseph's cemetery and his efforts for the past few years have been crowned with success. He refers to his acre of land as his "farm," and he says the only work he does not do himself is that of plowing and harrowing. Mr. Archambault believes in early planting and he was telling me yesterday that his peas are about two inches in height, while his potatoes, which were planted a couple of weeks ago, are breaking through the ground. The corn is also coming out, while the onions are doing very well.

There is another very busy man who is vitally interested in gardening and that is Hugh Downey, deputy superintendent of police, who is now getting ready to cultivate a large plot of land on the Lowell Textile school grounds in Pawtucketville. Mr. Downey is employed until 6 o'clock every day, but that does not prevent him from hanging the hoe and he likes it, too. Last year he cultivated a large plot of land in Middlesex Village and his crop was very good, but this year he has taken a lot in Pawtucketville and he proposes to show the amateur gardeners of that district a thing or two about farming. He proposes to plant potatoes, beans, corn, tomatoes, carrots, beets and other light stuff such as lettuce, radishes, etc., and it is safe to assume that every inch of ground included in Mr. Downey's garden will be looked after in a very careful manner.

It is generally understood by those conversant with city hall affairs that the written suggestions for a mammoth celebration for Lowell's soldiers and sailors on July 4, when Commissioner Marchand presented at Tuesday's meeting of the municipal council had its origin with a prominent local military man and that the latter is willing to work with might and main to make the proposed celebration a success. The suggestions as submitted to the council by Commissioner Marchand call for extensive advertising of the affair all over New England so that Lowell may be a Mecca for the entire section of the country in this vicinity on the holiday. Reference was made to the big celebration of 1914 which brought many thousands of visitors here and enabled local merchants to reap a harvest. Mayor Thompson, himself, has mentioned July 4 as a possible date for the city's formal welcome home to her fighting men but just now he is not sure that all or nearly all of them will be home by that date. The celebration matter now lies in his hands as the suggestion brought up Tuesday was referred to him.

SEEN AND HEARD

Little sob scene: Six-year-old urchin standing in the rain waiting for an "extra copper" to pay the tax on his movie ticket.

Many an Easter bonnet lay morosely on a high shelf last Sunday wondering if the weather man ever got a new suit of clothes himself.

It was a durned tame fisherman that fooled around in a flat-bottomed mudscow all day Sunday, waiting for the fish that are supposed to bite on rainy days but more often don't.

These days we go to see "Oh, Lady, Lady," "Tumble In" and "Take It From Me," but in the good old days of long ago, Charles Collette, a London actor, played in "Cryptochonchoidysphonostomatia," a peach of a farce.

In these glad some spring days the youth but seldom remembers that Dr. Henry Gibbons said a kiss is "the anatomical juxtaposition of two orbicles."

Don't Suffer

MANY men and women are suffering because they are treating effects instead of removing causes. Why bother with liniments and lotions for rheumatic pains, backache, stiff joints, sore muscles, biliousness, nervousness, floating specks in the vision, dizziness, pulpy pouches under the eyes, or other symptoms of kidney trouble when the kidneys can be made well and strong, thus removing the cause of the symptoms?

Foley Kidney Pills

have been used for kidney trouble and bladder ailments by men and women who have suffered for many years. They seem to get right at the root of the trouble, invigorating and strengthening, healing and soothing weak, sore, or disordered kidneys and bladder. They help the kidneys throw out of the blood the waste and poisons that cause the symptoms of kidney trouble.

O. W. Wellesinger, 2221 Buena Vista, San Antonio, Texas, writes: "I have suffered more or less with kidney and bladder trouble for the past ten years. The only thing I have ever been able to get relief from was Foley Kidney Pills. I earnestly recommend them to any one suffering from kidney or bladder trouble."

Burkhead Drug Co., 418 Middlesex Street; Moody's, 301 Central street.

To Be Strong

is to be well-able to withstand or overcome disease. Well nourished tissues, rich pure blood, powerful vitality are secured by

BOVININE

ularis oris muscles in a state of contraction."

Another way in which to achieve the ripe old age: There are some 900 hermits living the solitary life in Italian mountains. Among these recluses there are 16 who are over 95 years of age, and three have passed the century mark, while all the others are 50 or better.

Not the Zoo Club
Managers where sleuth-hounds crocodile
Where jaguar phalanx and phlegmatic gnu
Prig-naturalism and kestrels check by low
With peewit and precocious cockatoo.

Gaunt gansschals, in crotchety cack-ades,
With seine net trawl for porpoise in lagoons
While scullions gauge erratic escapades
Of madrepores in water-logged galleons

Flamboyant tritipchs groined with gherkins green,
In reckless fricas with coquettis bream,
Ecstatic gurgories, with grotesque gargling,
Garnish the gruesome nightmare of my dream!

(If you can spell half of 'em come round to the office and tell us how a fellow can get to be that smart.)

Mother
Never a sigh for the cares that she bore for me,
Never a thought for the joys that I drew from her.

Oh, the long nights that she came at my call to bed!
Oh, the soft touch of her hand on my brow!
Oh, the long years that she gave up her all to me!
Oh, I yearn for her gentleness now.

Slave to her baby! Yes, that was the counting her greatest of services small;
Words cannot tell what this old heart would say of her.
Mother—the sweetest and fairest of all.

WELCOME HOME DINNER

FOR LOWELL BOYS

Lowell boys in the 101st Regiment will be tendered a "welcome home" banquet in Associate hall, Wednesday evening, May 28. It was definitely decided at a meeting of the 101st Auxiliary at the war work headquarters last evening. There was some discussion about having the affair in the state armory, but when put to a vote, Associate hall was decided upon as the more central location.

Other matters taken up were a discussion of plans for a whist party in Y.M.C.I. hall tomorrow evening. The hearing of reports from the Boston headquarters and the distribution of group pictures, recently taken, among the members present.

PETITION IN BANKRUPTCY

Lowell savings banks are the principal creditors in a bankruptcy petition filed in Boston by Timothy Regan, builder and contractor of 35 Chester street, that city. His liabilities total \$105,275, and his assets \$1250. The Lowell Institute for Savings is a creditor in the sum of \$15,000 and the Lowell Five Cent Savings bank \$32,000, all secured.

"TIZ" FOR TIRED,

PUFFED-UP FEET

Instant Relief for Sore, Aching, Tender, Calloused Feet and Corns.

"Pull, Johnny, Pull!"

You're footsick! Your feet feel tired, puffed-up, chafed, aching, sweaty, and they need "Tiz."

"Tiz" makes feet remarkably fresh and sore-proof. "Tiz" takes the pain and burn right out of corns, callouses and bunions. "Tiz" is the greatest foot-gladdener the world has ever known.

Get a 25-cent box of "Tiz" at any drug store and end foot torture for a whole year. Never have tired, aching, sweaty, smelly feet; your shoes will fit fine and you'll only wish you had tried "Tiz" sooner. Accept no substitute.

DORMITORIES AT STATE

NORMAL SCHOOL

(Special to The Sun)

STATE HOUSE, Boston, May, 14.—Representative Victor F. Jewett of Lowell spoke before the house yesterday and means committee yesterday in support of the resolve providing for an investigation and report by the board of education relative to the purchase of land and erection of dormitories for use of the State Normal school at Lowell. Rep. Jewett filed a bill in the legislature appropriating a sum which was not named at the time of filing, for the purpose of purchasing land adjacent to the school.

The committee on education, to which the matter was referred, substituted the resolve above mentioned, which does not require a special appropriation. Mr. Jewett said the resolve was quite satisfactory to him and the ways and means committee will report favorably on the question.

HOYT.

REHABILITATION OF

DISABLED FIGHTERS

Every Tuesday hereafter for an indefinite length of time a representative of the federal board for vocational education dealing expressly with the rehabilitation of disabled soldiers and sailors will be at the rooms of the local Red Cross chapter, 51 Merrimack street, for the purpose of interviewing all men, discharged from the service, who have a disability of any kind. P. W. L. Cox, district representative, was at the rooms yesterday and will continue to come to Lowell for several weeks, after which time his place will be taken by another representative.

The object of the weekly visits is to talk with every disabled man, no matter how slight his disability, and whether or not it was sustained in line of actual duty while in the service. The question of compensation not only will be explained, but the

BENEFIT CONCERT

FOR OLD EMPLOYE

The local Stage Hands' union has completed plans for a benefit for Matthew McDonald, who for the past 25 years has been connected with the Opera House and who is now in failing health. The concert will be given at the Opera House next Sunday and the program will include 16 vaudeville acts from Keith's, the Owl and the Strand, and musical numbers by the Elmira Girls, Commissioner James E. Donnelly and the Honey Boy Four.

VALGAR DEFEATS BRITT VERY IMPORTANT BOUT

French Flash Awarded Decision—Boyle and Parker Matched For June 3

Winner of Shubert-Louisiana Bout Promised Local Match With Valgar

BOSTON, May 14.—Boston fight fans saw a wonderful little fighting machine go down to defeat at the hands of a crafty ring general last night when Benny Valgar of New York was awarded the decision over Frankie Britt of New Bedford in a 12-round bout at the Armory A.A. It was a battle second to none for interest and excitement furnished in every round. A rapid-fire exchange of blows was in order from opening to closing round, with both men giving and taking punishment unflinchingly. Valgar, the cleverer of the two, took an early lead with left jabs to the face, Britt, ordinarily one of the greatest defensive fighters of his weight, was lost trying to devise a way to block Valgar's fast shooting right and left blows to the face.

It was a hard fight for Britt to lose inasmuch as he did considerable forcing.

The setback came as a great surprise to the followers of Britt, who, after years of labor, was about to reach the crest. It was the first time in several fights that Britt was declared a loser, and the defeat virtually means that he will have to begin all over again. Frankie was hardly discouraged over his defeat, while he was eager to win, he was the first to congratulate the little New Yorker.

While there was plenty of action in every round, the fifth stood out impressively for real hard fighting. Valgar worked like a streak, snapping home rights and lefts to Britt's face and body until it seemed that the local man must cave in. But he was game and battled with all the aggressiveness and doggedness for which he is famous, and when the round ended he was in just as good condition as Valgar.

Nothing succeeds like a winner, and when Harry Conley raised Valgar's hand in token of victory the gathering, which was the largest that ever crowded its way into the Grand Opera House, broke into tumultuous applause.

Previous to the main squabble, Phil Christie and Freddie Madden kept the crowd on edge in an eight-round battle that ended in a draw.

George Robinson and Young Ahearn will box in the feature number at the club next Tuesday night, and on June 3 Charlie Parker and Phinney Boyle will be the headliners.

Both are out to win, and are in good condition for the mill.

Frankie Walsh and Teddy Murphy, who will meet in the second 10-round event, are clever little fighters, and as the bout will go a long way toward settling the much disputed N. E. bantamweight title it is attracting great interest. Murphy, Doyle and Kid Leo will meet in the other 10-round number, and there will be one six-round preliminary.

Many inquiries have been received relative to the identity of the referee at the Triangle A.C. It was announced that he was Billy Mack, but investigation disclosed that he is none other than William McMenamin, the popular sports representative from Cambridge. McMenamin has been a close student of the boxing game for many years and is regarded as one of the greatest friends of the game now in the state house.

NAME BASEBALL TEAM

Send Suggestions to Sun Sporting Editor and Win Everlasting Fame

No baseball team in any burg in the country, no matter how small the town, and no matter how verdant the league, can exist for long without having a designating name attached by which it is universally known. To wit: Red Sox, Braves, Yankees, Cubs, Pirates, Athletics, Senators, Cardinals, Giants, Indians, etc., etc. These are the names they are known by and only seldom is the city name used when speaking or writing of the club. It's baseball sentimentality to a great extent, and such names are as sacred in the history of the great national game and as fraught with meaning and traditions as the names of Lexington, Concord and Bunker Hill. The old Baltimore team doesn't mean a quarter as much as "the old Baltimore Orioles." And so it goes.

Now to come down to the issue at hand, Lowell is going to have a club in the rejuvenated New England league this season and it must have a popular name attached, even as the team of a few years ago went under the cognomen of "The Grays." Jimmy Gray, now passed beyond Lewiston already has decided that the club there shall be known as the Lewiston Red Sox. That is easy enough to devise out, being as how Bill Carrigan and Fred Parent are interested in the team. But how about Lowell? What do you, Mr. Fan, think the local team should be called? Dick Conway is the owner and Mike Hayden, the catcher-manager. Does that suggest anything to you? Does our geographical place on the map of New England suggest anything? Do our industries bring any thought to mind? We do you an opportunity to

name the team, or at least suggest a name, and from all the suggestions, let's pick one which will stick closer to the heart than any other. We will name a competent board of judges, now let the names flock in. The more names suggested, the better popular moultier in the end. Start now, today. Hand the minor organizations in the country when the player limit in the old major league has been raised to 25 from 20, or even as they say to an inability to place superfluous players in junior camps. It has always been believed that minor league managers were only too glad to pick up major league cast-offs. Perhaps the Class A and A-1 leagues are all filled up, but there must be several men being carried on big league rosters who are not too fast for strictly Class B leagues.

The Sun offers you an opportunity to

Camel Cigarettes

CAMEL CIGARETTES win smokers from the start because the expertly blended choice Turkish and choice Domestic tobaccos make possible Camel's delightful mellow-mildness with that all-there "body."

Camels meet your fondest cigarette fancies in so many ways. Their flavor is unusual and refreshing; and, they permit you to smoke as long as you will without any unpleasant cigarette aftertaste or unpleasant cigarette odor.

You'll find Camels good all the way through. It is a fact, you'll prefer Camels expert blend of choice Turkish and choice Domestic tobaccos to either kind of tobacco smoked straight. And, Camels may be smoked liberally without tiring your taste.

To know Camels best compare them in every possible test with any cigarette in the world at any price!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

18 cents a package R. J. REYNOLDS TOBACCO CO. Winston-Salem, N. C.

Drink Coca-Cola

DELICIOUS and REEFRESHING

The taste is the test of Coca-Cola quality. The flavor is the quality itself.

Nobody has ever been able to successfully imitate it, because its quality is indelibly registered in the taste of the American public.

Demand the genuine by full name—nicknames encourage substitution.

THE COCA-COLA CO. ATLANTA, GA.

Sold Everywhere

DIAMOND NOTES

Property owners in the vicinity of O'Sullivan park in Lawrence, where this year's N. E. league games will be played, have asked the Lawrence city government to hold up a contract with the league owners until such time as they have been assured that they will be fully recompensed for damage done their property. They charge that many windows have been broken by baseballs in previous seasons and their properties also have suffered damage by the action of youngsters loitering outside the park.

Pitcher Dick Durling, formerly with Portland in the New England league, but recently the property of the Brooklyn Nationals, has been sold to the Toledo A. C. club. Durling was given a tryout with Louisville, but was shunted back to the Dodgers because of the 16-player limit in the association.

With a player limit of 13 in the New England league a club will have to breeze along with three pitchers if a man is to be retained as utility, or a second string catcher.

A three-cornered deal for players is under way by the Giants, St. Louis Nationals and Washington. Under the proposed swap, Robertson of the Giants would go to St. Louis for Catcher Gonzales and the St. Louis club would get Shortstop Lavin of Washington for Robertson. A similar deal was blocked last winter by Pittsburgh which refused to grant waivers on Robertson.

The Eastern association with teams in the western part of Massachusetts, Connecticut and Rhode Island starts its playing schedule today. The park at Pittsfield is not ready for use and the opening game with Springfield will be played on the city common.

Of the Boston National league team of only six years ago, only two players now remain with the club—Mar-

aville and Dick Rudolph. Some of the members of the Braves of that year were Connolly, Sweeney, Collins, Gervais, Bert Whiting and Jay Kirke, all passed out of the big show.

Looks like a heavy felt in the ribs of the National league has handed the minor organizations in the country when the player limit in the old major league has been raised to 25 from 20, or even as they say to an inability to place superfluous players in junior camps. It has always been believed that minor league managers were only too glad to pick up major league cast-offs. Perhaps the Class A and A-1 leagues are all filled up, but there must be several men being carried on big league rosters who are not too fast for strictly Class B leagues.

M'CANN TRAVELS FAST IN THE SOUTH

A widely known Lowell boy, Arthur J. M'Cann, formerly a top notch track man at the local high school, and now a student at Georgetown university, started at the seventh annual track and field championship meet of the South Atlantic Intercollegiate A. A. held at Homewood, Md., last Saturday. He won both hurdle events (the 120-yard high and the 220-yard low) and finished only inches behind LeGendre of Georgetown in the century dash. LeGendre was the national pentathlon winner at the recent Philadelphia games. M'Cann had a very busy afternoon as he had to run through 10 heats before the meet came to a close. He won his heat in the 220-yard dash and also the first semi-final, but failed to place in the final. He also cleared 20 feet in the running broad jump, but failed to get inside the money.

No Lowell high school boy in recent years has made such an enviable record in college athletics as has Art M'Cann and he bids fair to make his mark in the higher university annals before his graduation.

GONZALES GOES TO GIANTS HAVANA, May 14.—Miguel Gonzales, formerly catcher for the St. Louis Nationals has been ordered to report to the New York Giants.

EASTERN LEAGUE OPENS NEW HAVEN, Conn., May 12.—Playing in the Eastern Baseball league will begin this afternoon with games at Bridgeport, Waterbury, Pittsfield and Worcester. A good season, increasing interest and support with well balanced teams under the Class A rating, are forecast by those closest to the management of the league.

AMATEUR BASEBALL

The manager of the Crystals would like to hear from the managers of 14 or 16-year-old teams. Answer through this paper.

The United A.C. defeated the Blossom Stars yesterday for the second time this season, and would like games in the future with 15 or 16-year-old clubs. Send challenges through this paper.

The undefeated St. Peter's A.A. would like to arrange games with the fastest amateur teams in the city or state. May 17 is an open date. Games may be secured by challenging through this paper or by writing to W. Mitchell, 50 Keene street.

The Franklin A.C. defeated St. Peter's A.A. on the South common Saturday 1 to 2. Sullivan's hitting featured a close and well played game. The Franklins would like games with 15 or 16-year-old teams, the White Eagles preferred.

STRANGLER LEWIS TO TRAIN DEMPSEY

CHICAGO, May 14.—Jack Dempsey has engaged Strangler Lewis, wrestler, as one of his sparring partners for training for his fight with Jess Willard. Lewis will leave for Toledo, the scene of the fight, after his match with Zbyszko here next Monday. Dempsey commenced his journey today by automobile to Toledo. He has been at Peconic Springs, Mo., for more than a week and slipped over here to rest for a couple of days.

HOW TO SELECT TOMATO PLANTS

There are two distinct types of tomato plants that are usually on sale by the dozen lots about this time of year. During the next few weeks one may see these displayed for sale in the various hardware, grocery and seed stores.

The observing gardener will notice that one type is of a stocky, dark green growth about 6 inches tall, that stand up well in the box. Perhaps the sturdier store may have come that are light green in color and of a more slender growth. These seem to lack the vitality of the short, dark green type. It is not a question of vigor, however, for if the two types were set out side by side in a garden it is very likely that one would grow as well as the other.

The difference in type is due to the variety of the tomatoes. The stocky,

upright plants are usually one of the dwarf varieties. These are a late tomato that make a bushy growth but are far inferior to the other type in regard to yield.

The tall, light green plants are the ones the home gardener should select for planting. These are the early or main crop varieties and the big yielders.

The mistaken idea about tomato plants is now so widespread that the majority of tomato plants grown to sell are of the dwarf type—the Dwarf Champion being the variety generally raised.

The market gardeners, however, are and more of the earlier varieties each raising for the home gardener more year as the demand increases. People are becoming more familiar with vegetable varieties and as the sterling qualities of the early type of tomato become known they are planting this early, light green type.

Tomato plants should be set out about the last week in May. Plant them about 4 inches deep. If the stem is quite long it is an excellent plan to lay a portion of it in the bottom of a trench dug 4 inches deep leaving 6 to 8 inches of the plant showing above the ground. A long, vigorous root system will develop from the buried stem. A shovelful of well-rotted manure should be spaded into the area in which the tomato plant is to be set.

As a precaution against cutworms wrap a band of newspaper 8 inches wide around the roots and stem of the plant. Let the band extend into the ground 4 inches. After a few weeks the paper will rot away and become ineffective but the ravages of the cutworm will be over by this time.

EMIL SWENSON DEAD PITTSBURGH, May 14.—Emil Swenson, internationally noted consulting engineer and writer on technical subjects, died last night after a paralytic stroke.

4500 Boston Carpenters

Granted Increase—2500

Strike To Enforce Demand

BOSTON, May 14.—As a result of agreements reached yesterday between the committee representing the Carpenters' union and contractors outside of the big employers' associations, it was announced last night that fewer than 3000 of the 7000 members of the union were forced to strike this morning to enforce their demands for \$1 an hour.

This announcement was made by T. H. Guerin, executive board member of the United Brotherhood of Carpenters and Joiners, who was sent to this city to handle the strike, and Joseph P. Twomey, secretary of the Carpenters' district council. These men said that agreements affecting 4500 members had been signed during the day.

All members of the union will report on their jobs, and those who are not notified that their wages are \$1 an hour will immediately quit.

The strike was yesterday endorsed by the Allied Building Trades and the Boston A. F. of L. Building Trades' union, with the result that every union man will walk off the job as soon as a non-union carpenter starts to work.

APPEALS TO ALL ELKS TO AID SALVATION ARMY

BOSTON, May 14.—James R. Nicholson, past grand exalted ruler of the Elks and member of the war relief commission of the grand lodge of Elks, has issued a personal appeal to Elks in every city and town of New England to support the Salvation Army in its one-week drive to raise \$5,000,000 in New England, which opens next Monday.

"I feel that the Elks in the section of the country which was the home of the Yankee division," writes Mr. Nicholson, "and which contributed so many thousands outside of that organization to the service of our country overseas, all of whom have returned with thorough and unstinted praises of the magnificent work of the Salvation Army on the battlefield, will be disappointed, particularly in view of the splendid co-operation between the Salvation Army and the Elks in the past, if there is not placed with them a large responsibility for the success of the campaign."

"I am, therefore, writing to urge

that if you have not already been approached by the local committee of the Salvation Army and asked to assume your share of putting this drive over that you get in touch with such committee, or else act voluntarily, doing what best you can to help in as noble a cause as the world ever knew. If the local Salvation Army committee desires that you assume complete charge of the campaign in your city or town, I hope you will have no hesitancy in doing it. The Elks can put over any reasonable proposition in any city or town of New England. This proposition is not only reasonable, but it is a duty you owe.

"Do your utmost for the Salvation Army, even as the Salvation Army has always done and always is doing its utmost for humanity."

CHISOX HALTED

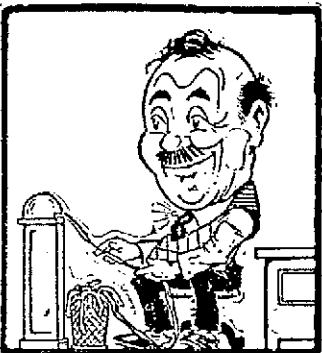

St. Louis Finds Recruit Pitcher Easy To Hit

CHICAGO, May 14.—St. Louis batted Roberson, a Sox recruit, hard in the first two innings yesterday and won the first game of the series, 2 to 1. Kerr succeeded Roberson and shut out the Browns the rest of the way. Chicago's lone run was awarded by umpire Chilli on Austin's interference with Jackson after mauling a throw to stop a double steal. The score:

St. Louis 1 0 0 0 0 0 0—2 9 4
Chicago 0 0 1 0 0 0 0—1 5 2
Batteries: Davenport and Mayer; Roberson, Kerr and Schalk.
CLEVELAND 8, DETROIT 1
DETROIT, Mich., May 14.—Timely hitting by Cleveland battery and the steadfastness of Detroit pitchers gave the visitors their second victory in the postponed series yesterday, 8 to 1. With Cleveland in the lead by four runs in the sixth inning, Flagstad led a Detroit rally with a home run that fell only one short of tying the score. The score:

Cleveland 0 2 2 0 0 2 2 0—8 11 0
Detroit 0 1 0 1 3 0 0 0—1 1 1
Batteries: Cumble, Coveleskie and O'Neill; Daus, Cunningham and Almsmith.

Smokeless Town

BRAVES HUMBLD

Lowly Cardinals Find Boston Easy Picking, 4-2

BOSTON, May 14.—St. Louis scored three runs on seven hits off Nehf in the first three innings and defeated Boston yesterday, 4 to 2. The fourth tally for the Cardinals resulted from three errors. Boston's runs came in the third, on Gooden's pass to Maranville, Herzog's triple and Powell's pop single. The score:

St. Louis 1 0 0 1 0 0 0—4 10 2
Boston 0 0 0 0 0 0 0—2 9 4
Batteries: Gooden and Clemens; Nehf, Pillingham and Wilson.

PHILADELPHIA 3, PITTSBURG 2

PHILADELPHIA, May 14.—Philadelphia defeated Pittsburgh yesterday, 3 to 2, principally because of the effectiveness of Jacobs. Gutschaw's drive into the left field seats and a tally handed to the Pirates by Jacobs' lapse from form in the seventh was all their scoring. Great outfielding by Sigbee and Neussel saved both pitchers. The score:

Philadelphia 0 1 1 1 0 0 0—3 8 0
Pittsburgh 0 1 0 0 0 1 0—2 3 0
Batteries: Jacobs and Adams; Hamilton and Schmidt, Sweeney.

BROOKLYN 4, CINCINNATI 3

BROOKLYN, May 14.—Brooklyn played the second extra inning game in succession yesterday, this time defeating Cincinnati in the 11th, 4 to 3. It was a pitchers' battle between Pfeiffer and Fisher. Both pitched great ball and both helped to bat in a run. With two out in the 11th, success singles by Myers, Konechky and Malone brought in the winning run. Fisher fielded beautifully, having eight assists. He received faultless support. Brooklyn's two errors led in two runs in the third. Brooklyn has signed First Baseman Allen of the Georgia College of Technology. Pitcher Miley has been released from the army and will report Thursday. The score:

Brooklyn 0 0 1 1 0 0 1 0—4 10 3
Cincinnati 0 0 0 0 1 0 0 0—3 8 0
Batteries: Pfeiffer and Krueger; Fisher and Wingo.

NEW YORK 3, CHICAGO 2

NEW YORK, May 14.—The New York Nationals defeated the Chicago champions here yesterday in the first

game of the series by the score of 3 to 2. The Giants batted Alexander hard, but were unable to bunt their hit until the sixth when New York scored three runs on singles by Young, Doyle, Kauff and Fischer. The latter's hit sent in the two deciding runs. Benton, New York's pitcher, settled down after the second inning, and allowed only three hits thereafter. The score:

New York 0 0 0 0 3 0 0—3 10 0
Chicago 1 1 0 0 0 0 0—2 8 9
Batteries: Benton and McCarthy; Alexander, Martin and Kilmer.

ONE OF TRIPLETS DIES

Marie Cecile Victoire Durand, one of the triplet girls born to Mr. and Mrs. Joseph Durand of 2 Racine place off Hall street last week, died yesterday afternoon at the home of her parents, aged four days. Burial took place this morning at 11 o'clock in St. Joseph's cemetery under the direction of Undertaker Joseph Albert. The other two little girls seem in good health and the parents feel confident that they will live.

DISABLED SOLDIERS

NEED EMPLOYMENT

Several disabled soldiers, who came back from "over there" unable to handle a position calling for hard manual labor, are looking for jobs in their home town, and Examiner Cronin of the United States Soldiers' and Sailors' bureau asks the employers of the city to assist him in placing these disabled men in positions.

A war risk insurance policy for

\$10,000, taken out by John Sankowski, is now at the office of the bureau at 117 Merrimack street. The policy was found and placed with Mr. Cronin for safe keeping until the owner should come to claim his property.

MARRIAGE INTENTIONS

The following marriage intentions have been filed recently at the office of the city clerk:

Maurice H. Periman, 186 Hale, 33, merchant; Elizabeth Lundell, Lawrence, 24, at home.
Constantino Collemare, 7 Westford, 50, comb shop; Angelina Rella, 154 South, 31, mill operative.
Antonio G. Henninger, 31 Tyler, 24, operative; Julia Camacho, 112 Shaw, 17, operative.
Fred R. C. Springer, 28 Pearl, 21, shoemaker; Muriel G. Foster, Manchester, N. H., 18, housework.
Ray N. Bawden, 485 Lincoln, 22, Waterhead mills; Della T. Burbank, 355 Lincoln, 29, at home.
Leigh W. Ames, 256 Branch, 21, advertiser; Edith W. Watrous, Hartford, Conn., 19, stenographer.
Roy K. Nash, 21 Fourth, 26, manager; Anna E. Drury, Essex, Vt., 23, at home.
Norbert Roudeau, 122 Cabot, 28, Ray State Cotton Corporation; Rodolphe Duval, 1 Hall place, 19, Lawrence Hardware.

Gordon D. Bent, 655 Westford, 32, chauffeur; Katherine B. Ducey, 21, housework.
Romeo D. Marchand, 312 Aiken ave., 30, bookkeeper; Della M. Russell, 162 Riverside, 26, at home.

Patrik Quinn, 15 Dawson, 20, blacksmith, helper; Mary Murray, Brookline, 29, domestic.

MATRIMONIAL

It was learned today of the marriage last Sunday of another one of Lowell's war heroes in this city, Walter Thomas Porter having been united in marriage at the parsonage of the Calvary Baptist church by Rev. Asa R. Ellis, to Miss Avis Jones, daughter of Mr. and Mrs. Frank Jones of 472 Middlesex street. They were attended by Miss Alice Porter, sister of the bridegroom and Edward Porter, his brother. Following the wedding ceremony the couple left for Providence where a wedding reception was tendered them in the evening at the home of the bridegroom's aunt, Mrs. Herbert Henry, attended by nearly 100 persons. Following the reception the couple left for a wedding trip to Philadelphia and later are to make their home in Camden, N. J., where Mr. Porter is in business. The bridegroom is a son of Richard Porter, formerly of Lowell but now of Camden, and a nephew of Mrs. Eddie Porter. He has a war record of honor. Surviving the perils of ten severe battles in northern France last summer, including Chateau-Thierry, he suffered an attack of influenza in France and was very near death, but survived and returned safely to Lowell. In March a reception and party was tendered him at Highland hall, Middlesex street, attended by nearly 100 of his Lowell friends, including Mayor Thompson, who presented him a gold watch as a gift from his many friends. Mrs. Porter was formerly employed by the Lowell Weaving Co.

Vincent—Brien

Mr. Charles Vincent of Plainfield, Conn., and Miss Marie Brien of this city were married this morning at a nuptial mass celebrated at St. Joseph's rectory at 8 o'clock by Rev. Armand Baron, O.M.I. The bride was attired in white satin and veil and carried bridal roses. The witnesses were

Messrs. Phyllis St. Onge and Arthur Brien. At the close of the ceremony the bridal party repaired to the home of the bride's mother, Mrs. George Brien, 159 Hall street, where a wedding breakfast was served, followed by a brief reception. In the receiving line with the couple were Mr. Joseph Brien and Miss Yvonne Racine, who acted as best man and bridesmaid, respectively. Mr. and Mrs. Vincent, who were the recipients of numerous wedding gifts, left this afternoon on a wedding trip through Connecticut. They will make their home in Plainfield, Conn.

Howe—Donahue

Mr. Thomas Howe of this city and Miss Margaret M. Donahue of Fall River were married this morning at a nuptial mass celebrated at St. Joseph's church, Fall River. The officiating clergyman being Rev. Bernard Boylan. The bride wore blue messaline with trimmings of georgette crepe and hat to match and she carried bridal roses. She was attended by Miss Agnes M. Basquill, who was attired in blue tulle with beaded trimmings. She also wore a hat creation of georgette crepe and roses and carried pink roses. The best man was Mr. Martin M. Donahue. The bride's gift to the bridesmaid was a beautiful diamond pendant, while the groom's favor to the best man was a diamond stickpin. At the close of the ceremony a wedding breakfast was served at the home of Mr. and Mrs. John Conway, 82 Dover street, Fall River. After a brief honeymoon trip to New York the happy couple will make their home in this city.

Like You is the queerest name for a dog

recorded on the license books of the town of Webster. It is the translation of a French name given to the animal. The dog names most frequently written in the book are Prince, Rex, Rover, Buster, Hector and Jack. Kaiser, Czar and King are unfashionable now.

STORE ORDER CHECK SYSTEM

THE MODERN CREDIT

Serve at the Big Department Stores, Women's Apparel Shops, Millinery, Boot and Shoe Stores and Lowell's Best Cash Stores.

For \$1.00 a Week

CHECKS ACCEPTED AS CASH AT ALL THE BIG DEPARTMENT AND CASH STORES

The Store Order Check System of buying makes it possible for the people of Lowell and suburban towns to get anything that they need at the big cash stores on credit or weekly payment plan by using Store Order Checks.

The Big Cash Stores are co-operating with us in selling goods on credit by this big money saving system of credit buying and extend our customers all the courtesy and exactly the same cash prices that are given their own cash customers.

Thousands of people who never bought on credit before are now buying through this wonderful money-saving device, with plenty of time to pay your bill in small weekly payments, and it appeals to everybody who desires economical credit.

Don't forget that in buying on credit in this way you are subjected to none of the embarrassing features of ordinary Credit Houses. You are given the same courteous treatment that the cash customers get at the stores where you select your goods and the merchandise bears no labels except those of the cash store from which it is bought and will be delivered to you at once, or to your home as you prefer.

Our System Endorsed by the Following Stores and Checks Are Accepted as Cash.

HAS PAID 12. BILLIONS

War Department Has \$4,000,000,000 More of Obligations, Says Gen. Lord

BOSTON, May 14.—The war department has already expended \$12,000,000,000 and is obligated further to the extent of \$4,000,000,000, Brig. Gen. Herbert M. Lord, director of finance of the army, told members of the chamber of commerce at a luncheon at the City club yesterday.

"When war was declared with Germany," said Gen. Lord, "there were five independent bureaus in the war department. A very important reason for the consolidation of all the war department financial activities into an independent bureau was the necessity of separating procurement from the function of settlement."

"Disbursing officers should be entirely and absolutely removed from under the control of the men who incurred the obligation. Under the present financial consolidation, which, it is hoped, congress will make permanent, the director of finance has entire charge of all disbursements and the finance force is entirely independent of the supply agencies who contract for and secure the supplies."

"When congress next meets the secretary of war will submit a reorganization bill which will crystallize in law some of the lessons learned through actual warfare. This will provide for a temporary army of approximately 500,000 men."

As drawn, and as it will be presented to congress, it will make the finance an independent statutory bureau of the war department, with its own personnel, with entire charge of all disbursements, money accounting and property accounting for the war department, making permanent what we are doing now under authority of the Overman act.

"The war department in its reorganization bill will make provision giving the president authority to consolidate, to separate, to redistribute functions, that varying conditions that may arise can be met by a proper organization of the war-making agencies of the government."

ALL SAILOR BOYS TO COME HOME SOON

All sailors enlisted in the navy between the time of the declaration of war on April 6, 1917, and the signing of the armistice are to be released from service before July 1, according to official information received by Chief Cary of the local naval recruiting office today. Twelve per cent of the naval reserve force will also be discharged before that date, the communication states. Lowell mothers who have been wondering when their sailor boys would return home need wonder no longer, for all the boys who signed up during the big scrum will be in the city to help mother and the rest of the family celebrate the good old Fourth of July.

Three men were forwarded to Boston today by Chief Cary. They were Joseph H. Denault, 79 Austin street; John Ellis, 107 Lawrence street; Lawrence and James Hogan, 105 Lawrence street, Lawrence. All three enlisted as apprentice seamen.

Don't Spoil Your Hair By Washing It

When you wash your hair, be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Mulsified coconut oil shampoo, for this is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.—Adv.

DEATHS

BURNS—Joseph P. Burns, a well known young man of this city, who for a number of years was employed as a salesman for the Cudahy Packing Co., died this morning at the Lowell hospital after a brief illness. He leaves his wife, Mrs. Catherine G. (Howard) Burns; two daughters, Helen and Catherine; two sisters, Mrs. Thomas Fitzgerald and Mrs. Elizabeth Gearing; and two brothers, John and Thomas Burns. The body was removed to the home, 79 Andrews street, by Undertakers Higgins Bros.

HILL—Miss Katherine F. Hill, an esteemed member and an attendant of the Immaculate Conception church, died last night at her home, 632 Dover street. She leaves two sisters, the Misses Mary and Ursula Hill.

CASSIDY—Miss Maria T. Cassidy, a well known and much beloved resident of the Immaculate Conception parish, died yesterday at the home of her sister, Mrs. Sarah Burns, 320 Concord street. She leaves her sister, one nephew, John C. Burns.

SULLIVAN—Mrs. Mary Etta (McPherson) Sullivan died last night at the home of her parents, Mr. and Mrs. John McPherson, 113 Fulton street. The deceased was an attendant of St. Michael's church and was a moving spirit in its affairs. She is survived by her husband, John F. Sullivan; her parents, John and Mary McPherson; two brothers, William and Frank; three sisters, Mrs. Charles Fox and the Misses Catherine and Marion McPherson, all of this city.

DESMARIS—Mrs. Louis Desmaris, nee Marie Cyr, died last night at the home of her daughter, Mrs. Joseph Beaudin, 148 High street, at the age of 71 years. She leaves four sons, Ferdinand, Odor, and Napoleon of this city and Henri of Canada; four daughters, Mesdames Joseph Belloc, M. Heulin, Fred Leduc and Philippe Turgeon, a sister, Mrs. Amanda Desforces in Canada.

ROBILLARD—Mrs. Armand Robillard nee Alphonse Carpentier died today at the home of her parents, Mr. and Mrs. George Carpentier, 186 Perkins street, aged 57 years. She leaves her parents, her husband and a son, Gerard.

BARAM—Anna Baram, aged 15 years, 7 months and 7 days, died today at the home of her parents, Mr. and Mrs. Michael Baram, 16 Davidson street.

FUNERALS

RICHARDSON—The funeral services of Mrs. Eliza E. Richardson took place at her home in North Billerica yesterday afternoon. Rev. Chester J. Armstrong, pastor of the North Billerica Baptist church, officiated. The bearers were Hamilton, Lincoln and Henry Richardson and Henry Mosher. The burial was in the family lot in North Billerica, where the burial service was held by Rev. Mr. Armstrong. The funeral was under the direction of Undertakers Young & Blake.

TAYLOR—The funeral services of Louise Wentworth Taylor were held yesterday afternoon at the home of her grandmother, Mrs. J. H. Colburn, 155 Tenth street, and were largely

"Before you start out, give your car a thorough once over."

TIPS ON FIRST ATTEMPT AT AUTO DRIVING

BY CAPT. KATHERINE RICHARDS, Commanding the Women's Motor Corps of the National League for Women's Service.

The first attempt at driving, after you have mastered the controls with your car stationary, should be made on an unfrequented road, straight, smooth and wide.

Be sure everything is in good working order; that you have plenty of gas, radiator is filled, that you have oil, that spark plugs are O. K.

You should make your first attempts at steering on the road with the car in low. After you have gained confidence, shift to second speed.

Steering comes easier to some drivers than to others. Most women (and men, too) make the mistake of turning the steering wheel too much. A very slight movement is sufficient to swing

the car. The effort should be to anticipate the swing of the car and correct the tendency to run to right or left before the car has gone far in either direction. It is always necessary to keep the steering gear constantly correcting the movement, but a skillful driver will so anticipate the slight deflection of the front wheels as to make the car move almost straight ahead.

Try slowing down without throwing out the gears, using only the brakes and clutch. Whenever you stop completely, always start on first speed, and "go through" the gears to high. Never attempt to go from first to third speed.

Your next problem will be passing other vehicles, and learning the rules of the road. There is one safe rule about passing and being passed by other cars. Always slow down. You never know what the other fellow is going to do. Allow plenty of room between your wheels and the other car. Never swerve sharply out to pass another.

When you turn a corner, slow down, throw out the clutch and coast around the curve.

Immaculate Conception church at 5 o'clock. Interment will be in the family lot in St. Patrick's cemetery. Funeral arrangements in charge of Undertakers James P. O'Donnell & Sons, Motor cortege.

MELTYRE—The funeral of Richard Meltyre will take place Thursday morning at 9 o'clock from the home of his aunt, Mrs. Michael O'Shea, 149 Concord street. Funeral high mass will be held at the Immaculate Conception church at 10 o'clock. Burial will take place in the family lot in St. Patrick's cemetery, under direction of Higgins Bros.

SULLIVAN—The funeral of Marietta McPherson Sullivan will take place from the home of her parents, 113 Fulton street, Friday morning at 9 o'clock. High mass will be held at St. Michael's church at 9 o'clock. Burial in St. Patrick's cemetery. Arrangements in charge of C. H. Molloy's Sons, undertakers.

LENNARD—The funeral of Marie Louise Lennard took place this morning from the home of her nephew, Alphonse Milot, 457 Moody street. High mass of requiem was celebrated at St. Jean Baptiste church at 8 o'clock by Rev. Mr. Whittey. The funeral arrangements were in charge of Undertaker William H. Saunders.

POLABINSKY—The funeral of Jan Polabinsky took place this afternoon from the home of his parents, 35 Davidson street, at 2 o'clock. High mass was held at St. Joseph's Lithuanian church. Burial was in St. Joseph's cemetery under the direction of Undertakers Amodeo Archambault & Sons.

FUNERAL NOTICES

BASCOM—Died in this city, May 12, 1919, at his home, 47 Shaw street, Fred Eugene Bascom, aged 58 years, 4 months and 16 days. Funeral services will be held at his home, 47 Shaw street, on Thursday afternoon at 2 o'clock. Friends are respectfully invited to attend. Burial private. The funeral arrangements are in charge of Undertaker William H. Saunders.

CASSIDY—The funeral of Miss Maria T. Cassidy will take place from the home of her sister, Mrs. Sarah Burns, 320 Concord street, Thursday morning at 8:15 o'clock. High mass of requiem will be celebrated at the

CONFIDENCE MEN GOT \$10,000,000 IN YEAR

BOSTON, May 14.—American confidence men reaped a harvest of more than \$10,000,000 last year, according to figures compiled by Chicago authorities. This is the approximate amount actually collected from the credulous

IN BED FIVE MONTHS FROM RHEUMATISM—NOW WALKS

Local Man, After Two Weeks of Weldona Treatment, Goes Up and Down Stairs

Lawrence people are rapidly coming forward to give their experience with Weldona, the new rheumatic remedy being introduced in this city. Among those who consented to talk for publication was Mr. Arthur Theriault, of 6 Lowell St., Methuen. He said:

"I have been badly crippled with rheumatism for a long time. The disease got so bad that I was compelled to go to bed and stay there for five months. The pain was torture, every move would make my joints ache and bring on a paroxysm. I had five different doctors and tried many remedies but received no relief.

"Some friends who had rheumatism told me how they got better by using this Weldona medicine and I decided to give it a trial. I am glad I did for I have been wonderfully helped, have

public by professional confidence operators, and does not include the millions gathered in annually by various stock-jobbing schemes.

The crude devices of the old time confidence man, with his shell game, three card monte, gold brick, green goods, money changing, handkerchief and lemon games, have given way to modern methods, more complex and more profitable.

The really successful confidence men of today usually have summer and winter homes, ride in limousines and are aided by richly gowned women, au courants. They are educated and far more clever than their brothers of old days, whose favorite trick in Chicago was to sell the Masonic Temple to a "rubo" for a small sum, or agree to make the building "turn around."

Land selling schemes, peddling of worthless mine and oil well stock, wire tapping and "fake" sporting events are now the hand maidens of the modern confidence man, who matches wits with bankers, capitalists and lawyers, instead of dealing with ignorant rustlers. Nearly all the victims of a Chicago gang recently sent to the penitentiary were bankers and business men. The gang's loot aggregated more than half a million dollars a year.

Fear of publicity keeps most victims quiet, thus giving the high class confidence man a certain degree of immunity, authorities say. They add that federal prosecution for using the mails to defraud has been a big factor in breaking up gangs and recently brought about conviction of half a dozen leading confidence workers.

"Tom Brown, who came from Detroit and made his headquarters in New York, was father of the present type of confidence man," said William A. Pinkerton, veteran detective, in striking a comparison between the old and new swindlers. "He operated 40 years ago and formerly was a three card monte man. He was known as a bunco stealer and won by fake lottery schemes and other crooked gambling devices. Then he invented the gold brick, with which he toured the country."

"The green goods game came later and Brown had many imitators who picked up thousands annually. Wire tapping and other schemes now used developed from those old games. The modern operators don't bother with small money and often clean up \$100,000 in a single deal. The old-timers thought \$1000 a big job."

"Victims are not really honest at heart, for they often enter into a scheme to cheat another fellow. The small town banker and business man has proved a shining mark for swindlers. They cannot risk their reputations by complaining. It is surprising how many shrewd business men fell into the net."

It is estimated that \$3,000,000 of the \$10,000,000 total was obtained in Florida, where hundreds of confidence workers are said to operate, particularly among winter tourists.

Most people sleep 7 full weeks in a year—8 hours a day, 56 hours a week, 2512 hours a year, 17 full weeks out of every 52 weeks. One-third of our lives!

WITH MILITARY HONORS

Body of Edith Cavell Remained From Brussels—To Be Sent to England

BRUSSELS, Tuesday, May 13.—(By the Associated Press.)—American, British and Belgian troops rendered military honors today when the remains of Miss Edith Cavell, the nurse who was executed by the Germans, which are being sent to England for interment in Norwich cathedral, were removed from Brussels. There was a most impressive ceremony and the streets were draped in mourning. Dense crowds stood along the curbs.

DOUBLE ELOPEMENT

Two Yale Students and Two Society Girls Wed

NEW YORK, May 14.—Details of a double elopement in which two Yale students and two society girls figured—George Gilbert W. Keach, one of the

students, being the son of a New Yorker—became known at Portchester yesterday, where the ceremony was performed Saturday. Both brides and the second bridegroom belong to wealthy Connecticut families.

The four motored down from New Haven in a downpour of rain and went to the office of Town Clerk Charles C. Derby for their licenses. While he was engaged in filling them out they rehearsed the marriage ceremony.

When he had finished they hurriedly took the papers, walked into the downpour of rain, and were driven to the parsonage of the Summerfield Methodist Episcopal church where Rev. William R. McDermott performed the ceremonies. Each couple acted as witnesses for the other.

Young Keach—he is 21—gave his New York address as 14 East 65th st. His bride said she was Dorothy Dow Russell, 19, of Chelsea, Conn.

The second couple said they were John Henry Sessions, 21, son of Albert L. Sessions, of 25 Millview avenue, Bristol, and Phyllis Alethea Howell, 13, of Weathersfield, Conn. Sessions' father is a manufacturer.

The quartet explained that their parents objected to the unions because of their ages and said "they just couldn't wait any longer."

Famo Stops Seborrhea and Grows Healthy Hair

We ask you to put FAMO to the most exacting test.

Have a member of your family examine your scalp before you start the use of FAMO.

Apply FAMO daily for one month.

Have your scalp examined again. If they do not report the growth of new hair, return the FAMO bottle to where you purchased it and you will receive your money back.

FAMO DOES grow new hair luxuriantly.

It makes the hair fluffy and soft. FAMO intensifies a natural tendency to waviness and retards grayness. It contains no harmful alcohol to dry the scalp and produce gray hair.

Every woman should use FAMO regularly.

Its use is a daily habit you will enjoy.

But not only does FAMO beautify the hair. FAMO kills the deadly seborrhea microbe which is the cause of dandruff.

It stops all itching of the scalp and nourishes and feeds the hair roots.

It penetrates the scalp without massage and gives life and sheen to the hair.

FAMO was evolved by scientists in one of the famous laboratories of Detroit.

Three years were spent in perfecting it before it was offered to the public.

The ingredients in FAMO have never before been used on the head.

But they have been well known to medical science for many years. They work differently from any other hair preparation.

FAMO stands alone. If your hair is thin and lacks lustre and the dandruff scale causes constant irritation of the scalp, you should start the use of FAMO at once.

It destroys the dandruff bacilli. FAMO is sold at all toilet goods counters in two sizes—35 cents and \$1. The dollar bottle is extra large and contains four times as much as the smaller size.

Applications of FAMO may be had at the better barber shops and hair dressing establishments.

Seborrhea is the medical name for a morbidly increased flow from the sebaceous glands of the scalp. The seborrhea secretion forms in scales and flakes and is commonly known as dandruff.

Mild by The Famo Co., Detroit, Mich.

It penetrates the scalp without massage and gives life and sheen to the hair.

FAMO was evolved by scientists in one of the famous laboratories of Detroit.

GOOD HEALTH WANTED?

Who does not wish for good health? Looking at the question from a strictly business point of view, you must realize the necessity of being fit and fresh in order to succeed in your chosen work.

There are many men in the world today who have to confess that they have failed simply because they neglected to give proper attention to their health. Timely use of Beecham's Pills will keep you alert and at the top of your condition, all the time.

They exert a remarkably stimulating influence not only upon the various organs of digestion, but also upon the entire organism. They drive away lassitude and depression, infuse energy and cheerfulness and thoroughly equip one for the health-trying ordeal of business. This ought to be reason enough for most people to

COL. MOTT APPOINTED TO SUPPORT THE TREATY

Named Military Attache at the American Embassy in Paris

PARIS, Tuesday, May 13.—Col. Bentley Mott, formerly representing General Pershing at the headquarters of Marshal Foch, has been appointed military attache at the American embassy in Paris, succeeding Major Barclay H. Warburton who is going home to be discharged.

ANNUAL MAY PARTY AT OLD LADIES' HOME

The annual May party at the Old Ladies' Home, one of the many bright spots in the yearly lives of the old ladies who live at the home in Fletcher street, was held this afternoon, and will conclude with an entertainment this evening. As in past years the financial success of the party was practically assured long before the event as many people yearly plan to patronize it and join in the social pleasures which invariably accompany it.

The many sales tables were attractively decorated and the entire home was "all dressed up" for the occasion. Mrs. Edwin T. Shaw was in general charge and was assisted by table chairmen and workable committees. The party began at 3 o'clock and will continue well into the evening. Supper was served at 5.30 o'clock and at 8 o'clock an entertainment of music and readings will be given under the direction of Mrs. William H. Pepin. This included songs by Mrs. E. I. MacPhie, soprano; Miss Rena Landers, contralto; Miss Bernice M. Russell, cellist; and Bessie Hamblet Dole, monologist. They were accompanied by Mrs. J. F. Flemings. A mandolin club of young ladies, accompanied by Mrs. Charles N. Woodward, also played exceedingly well.

The chairman of the various committees were as follows: Dining room, Mrs. Walter Muzzey; ice cream, Mrs. William T. Sheppard; salad, Mrs. Kirk White; patties, Mrs. Meta Jefferson and Mrs. Joseph Talbot; pound table, Mrs. Fred Woodies; flowers, Mrs. Charles E. Howe; rolls, Mrs. E. D. Sargent; butter, Mrs. C. W. Russell; coffee, Mrs. Silas Shattuck; cake, Mrs. Andrew Swapp; candy table, Miss Meta Jefferson and Miss Helen Bowers; home table, Mrs. A. H. Forrest. Admissions were in charge of Mrs. A. A. Wright, acting secretary.

Socialist Organization Which Supported War, Praises Terms Handed Germany

NEW YORK, May 14.—An appeal for support of the peace treaty, which is declared to be in accord with President Wilson's 11 points and to solve "intelligently and humanely" many world problems, was issued today by the Social Democratic League of America. The league, which is described as the "socialist organization which supported the war" is headed by Allan L. Benson socialist candidate for president in 1916; John Sparzo, Mrs. Charlotte Perkins Gilman, Charles Edward Russell, William English Walling, and J. G. P. Stokes.

SUN BREVITIES

Best printing, Tobin's, Associate bldg. Fire and liability insurance, Daniel J. O'Brien, Wynman's Exchange.

This week's payroll for the municipal departments amounts to \$21,650.57.

Sergt. William E. Wood of this city who was with the American army of occupation in Germany, arrived at Camp Mills, N. Y., this morning, according to a message received today at his home in Lowell.

The Varum grammar school senior class met yesterday afternoon and elected the following officers: President, Joseph Parley; vice president, Pauline Robinson; treasurer, Julius Lemkin; secretary, Mamie Sokolow.

The wood box manufacturers of the city will meet at the board of trade rooms tomorrow evening at 8 o'clock, and the clothing dealers Friday morning at 10 o'clock.

Supt. Welch of the local police department has received an invitation from Police Commissioner Enright of New York to attend the annual review of Gotham's "finest" which will take place Saturday afternoon, but much to his regret, the chief states, he will be unable to accept, as several matters connected with the force demand his attention here on that day.

The Lowell General Hospital Aid association held its last meeting for sewing of the present season at the reading room of the Middlesex Woman's club yesterday afternoon. The women of the Pawmucket church were hostesses and a pleasing entertainment program was given under the direction of Mrs. Thomas Varum. Meetings will be resumed early in September.

An adjourned meeting of the Chelms-

ford Veterans' association was held last evening in the selectmen's room in the Chelmsford town hall and considerable business was transacted. James P. Emerson was elected commander of the association for the ensuing year and a committee of three was appointed and given full power to appoint sub-committees and make all plans for the observance of Memorial day.

The Lowell school of religious education will hold graduation exercises tomorrow evening, when 27 students will receive diplomas. The graduation exercises will include group singing under the direction of H. Augustine Smith, and an address by Prof. Walter S. Athearn of Boston, leader of the community school movement in the country.

Final papers in the sale of the Howe and Burbank buildings, in Prescott and Merrimack streets to Bayard Delaillie, president of the Case Hat Stores, were passed yesterday. The Burbank block was sold by Waller Howe, while the Howe building was sold by the Howe estate. Mr. Delaillie is planning to remodel the Burbank block.

Many local concerns were represented at a meeting held last evening at Red Cross headquarters for the purpose of discussing and organizing first aid classes for mill and factory employees that the safety requirements of the new state law may be met. The American Mutual Liability Insurance Co. was represented by Mr. J. Boyd, who talked at some length on the importance of efficient first aid training. The meeting was in charge of Dr. John N. Drury who is conducting the course. Classes are to be held on Monday, Tuesday, Thursday and Friday evenings from 8.15 to 9.45 o'clock.

Before taking your train home from Boston get The Sun at either newsstand in the North station.

Turn to America
Continued

gravest apprehensions. President Ebert said today that he still hoped that American democracy would not accept the treaty.

"Hold Out to the End"
He rejected with disdain the suggestion that the present German government would resign rather than accept or reject the terms, saying that the government would "hold out to the end."

"When in the course of 2000 years," he asked, "was ever a place offered a defeated people which so completely contemplated its physical, moral and intellectual paralysis as do the terms enunciated at Versailles?"

"In his message to congress on Dec. 4, 1917, President Wilson said: 'The frightful injustice committed in the

course of this war must not be made good by wishing a similar injustice on Germany and her allies. The world would not tolerate the commission of a similar injustice as reprisal and re-alignment.'

Quotes Wilson's Message
(In his message to congress when he asked that a state of war be declared to exist between the United States and Austria-Hungary, President Wilson said: "The wrongs, the very deep wrongs, committed in this war must be righted. That, of course. But they cannot and must not be righted by the commission of similar wrongs against Germany and her allies. The world will not permit the commission of similar wrongs as a means of reparation and settlement.")

"The German people," President Ebert continued, "is only beginning to awake from the hypnosis into which it has been lulled because of its solid

faith in the sincerity and truthfulness of Mr. Wilson's program and his 14 points.

The awakening will be terrifying, and we all look forward to it with gravest apprehension. In the face of the cold, naked realities, we still consciously cling to the faith which found its epitome in the names of Wilson and the United States and the conception of the democracy of the League of Nations.

"We cannot believe that this has been an illusion and that the confidence and hopes of a whole people have been duped in a manner unknown to history. Even now, optimists are saying: 'Wilson will not permit it; he dare not possibly permit it.'"

Staked All On Wilson
Ebert said that he and his party could not blame the Pan-Germans for the "immoderate haste with which they are now digging up their former speeches and editorials in which the social democrats and other liberals were ridiculed for their belief in President Wilson's program."

"I and my colleagues," he said in treaty.

conclusion, "upon whom rests the terrific burden of the forthcoming decisions, hope and pray the German people who staked all on President Wilson and the United States shall not find themselves deceived. If, however, the American democracy actually accepts the present peace terms as its own, it becomes an accomplice and an abettor of political blackmailers; it surrenders the traditional American principle of fair play and sportsmanship and trails the ideals of true democracy in the dust. Notwithstanding the night now covering it, I have abiding faith in the future of the German people and in the unconquerability of its soul. This people, which has given the world so much in science, learning and industry, must not go down to oblivion. It still has a cultured mission to perform and ethical treasures to bestow."

Ebert closed his statement by declaring that the present government "would hold out to the last" and scouted the idea that it would "make room for others to accept or reject the

LOWELL MAN'S HANDS

Here is a strange story of how Goldine restored a man his hand.

NOT A MIRACLE
Mr. Morton Riley, 175 Fayette street, Lowell. You know him. He is a weaver at the Massachusetts mills and formerly was an insurance agent in this city. He said: "For the last three or four years I had rheumatism and stomach trouble, also a bad case of catarrh. In fact I was getting a little deaf and the mucus in my throat caused me to cough a great deal. I caught cold easily and was dizzy and short of breath. I suffered most from rheumatism in my hands; they were so sore I could not work. My joints became swollen and stiff and pained me. I also had it in my back and had to wear a plaster at the time for it ached so badly I could hardly stand it."

"I had doctored so much that my stomach got all knocked out and nothing seemed to agree with me. I also got very weak and nervous. The muscles of my throat seemed to tighten up and choke me so I would have to cough and could hardly breathe. The doctors said it was my nerves."

"I read a lot about Goldine and what the people of Lowell were saying about it, so I went and talked with them. They all said it was fine and advised me to try it. I am glad they did for today the lameness and stiffness is gone from my hands. I have taken the plasters off my back and feel no ache or pain. I sleep well nights and feel strong."

"Goldine is so different from other rheumatism remedies that I had taken. It helped my stomach while the others seemed to hurt it. But I appreciate most having the feeling and strength restored to my hands. I shall do all I can to let others know about Goldine. It is worth it for it really does the work."

"Morton Riley."
Goldine needs no better endorsement. Mr. Riley got results, so will you. Don't forget the place or name—

AGAINST TRANSFER OF LOCAL REPAIRS

A protest against the action of officials of the Bay State Street Railway Co. in transferring certain work from the local repair shops of the company to those in Chelsea and thus depriving Lowell employees of work was entered by representatives of the Street Railway Men's union at the meeting of the directors of the board of trade last evening at the board's rooms in Merrimack street. The directors voted to make an effort to keep the work in Lowell.

Following a luncheon at 6.30 the directors assembled for their last meeting of the year. It was voted to instruct the president, to appoint a committee of three to consider the establishment of an aerial handling line here.

The directors went on record as favoring a reservoir at the headquarters of the Merrimack river to take care of the overflow of the river during spring months.

The increasing of the personnel of the build-your-own-home committee to 100 was approved.

It was announced that George W. Anderson, a federal judge of Boston, would deliver a lecture on the League of Nations the latter part of next week, the exact date to be determined later. This will be free to members and their wives and will probably be held in Colonial hall.

The efforts made by the board of trade to bring about a settlement of the Burgess Lane-Emerson Shoe Co. controversy, which resulted in the failure of the latter company to locate here, were explained in detail.

AMERICAN SAILOR AMNESIA VICTIM

LONDON (Correspondence).—Stripped of his outside clothing, a young American sailor was found in a semi-conscious condition in the early morning several days before April 1 on the pavement outside a hotel in a fashionable West end district. His socks were missing but he wore half laced shoes which revealed his connection with the navy.

At the United States naval hospital, to which he was removed, he has been unable to give any account of himself, not even his name or address. He vaguely associates home with the Great Lakes.

On the afternoon of the day he was found a pair of American naval trousers and a hat were discovered in the grounds of Lord Lansdowne's residence in Berkeley square. They apparently had been thrown over the wall from the street.

The lad is not more than 20 years old and his height 5 ft. 8½ in. He has ruddy cheeks, merry blue eyes, fair, wavy hair and very white and even teeth. When he recovered consciousness his first words were "Black Jack" and "I won't sign it." He does not know what he meant by those expressions.

Soon To Learn Fate Continued

ment of war claims. This apparent willingness to make concessions in the negotiations looking to an agreement on the Plume and Dalmatian controversies is considered as progress toward a definite understanding among the members of the council of four.

Would Pool German Warships

Poland is claiming some of the warships which Germany surrendered and the British delegation is trying to have German merchant vessels distributed in accordance with (unpublished) losses by the various nations during the war. This would throw the ships interned in the United States prior to America's entry into the war into the pool.

Bolshevik Refuses Offer

The Bolshevik government of Russia has rejected the offer made through Dr. Fridtjof Nansen to feed the Russian people if the soviet regime would cease hostilities against other Russian factions. Nevertheless Dr. Nansen has gone to Russia to open direct negotiations with Premier Lenin regarding food relief.

Not to Attack Petrograd

Andrew Bonar Law, government leader in the house of commons announced yesterday that no attack on Petrograd by the allies was contemplated "at this moment." He admitted, however, that British warships are at Helsinki, Finland, to act in case of emergency.

To Join Against Bolsheviks

The Poles and the Ukrainians are reported to have arranged a truce, and they may join forces against the Bolsheviks.

ADMITS AUSTRIA CANNOT EXPECT MUCH

VIENNA, Monday, May 12.—(By the Associated Press.)—You must remember that as a vanquished state, we must not cherish too great hopes," said Chancellor Karl Renner, chief of the Austrian peace mission on leaving this city tonight for Paris. He added that he would try to obtain the best terms possible. The train pulled out amid cries from the crowd: "We are determined Germans shall remain German."

NERVOUS RUN-DOWN WOMAN

Tells How Vinol Cures Strength
Duke, Tenn.—"I live on a farm and keep house for six in my family. I got into a nervous run-down condition as it seemed as though I would die. A friend advised me to try Vinol. I have been greatly improved by its use and am better and stronger in every way."—Mrs. H. H. Goodwin.

The reason Vinol was so successful in Mrs. Goodwin's case is because it contains food and cod liver oil, phosphorus, iron and manganese, potassium and glycerophosphates, the very elements needed to build up a weak, run-down system and create strength.

Lowell Pharmacy, Falls & Burkinshaw, P. J. Campbell.

mans. We want union with the German empire."

DENOUNCE TERMS PRESENTED GERMANY

PARIS, May 14.—A resolution adopted by the Women's International Conference for Permanent Peace at Zurich denouncing the terms presented Germany was received today by the peace conference. The resolution declares that the terms tacitly sanction diplomacy, deny the principles of self-determination, recognize the right of the victor to the spoils of war and violate principles of justice. Rule of force, it is declared, is continued by the financial and economic causes.

CABINET CRISIS IS IMMINENT

PARIS, May 14.—Commenting on the meeting of the German national assembly the French newspapers express belief that a German government crisis may be imminent.

The newspapers declare that neither Scheideemann's interested appeals to pity, nor his disguised threats will impress the senate, which, united in peace, as in war, will require the strict fulfillment of the peace treaty.

ITALIANS YIELD ON SECRET TREATY

PARIS, May 13.—(By the Associated Press.)—Italian delegates to the peace conference are no longer insisting upon the fulfillment of the secret treaty of London, and this part of the controversy relative to territory on the eastern shore of the Adriatic, is tending toward an adjustment, according to those who have taken part in recent conferences. The status of Vienna is still being discussed, as the plan to make it a free city similar to Danzig has not proved acceptable.

DENIES ALLIES PLANNING ATTACK

LONDON, Tuesday, May 13.—Questioned today in the house of commons regarding the Stockholm report that the entente powers were preparing for naval and military operations against Petrograd, Andrew Bonar Law, government leader in the house of commons, said a British squadron had been sent to the Baltic for a long time to meet whatever emergency might arise, but "no definite proposal of the kind suggested is contemplated at this moment."

TO GIVE AUSTRIA TERMS THIS WEEK

PARIS, May 14.—(Havas).—Belief that the peace treaty with Austria would be handed to the delegates of that nation by the end of the present week was expressed today.

It develops that the allied powers to be represented at St. Germain in the negotiations with the Austrians will be less numerous than those at Versailles. These powers will comprise the states which declared war upon or broke diplomatic relations with Austria-Hungary.

COMMITTEE TO DEAL WITH NOTES

PARIS, May 14.—(By the Associated Press.)—The council of four of the peace conference appointed this afternoon a sub-committee comprising one member from each of the five great powers (Great Britain, France, Italy, the United States and Japan) to deal with objections and proposals from the German plenipotentiaries.

Dirigible Off For St. John's

Continued

Emory W. Coll, the C-5 took a north-east course, expected to carry her over the naval air station at Chatham, and thence to St. John's, where experts, put ashore from the cruiser Chicago with spare parts, tools, gas and fuel, will be ready to prepare her for a possible 2000 mile non-stop cruise to the British Isles.

There was a possibility also naval officials said, that the route of the NC planes via the Azores might be followed with a stop at Ponta del Gado. Adoption of this route would give the dirigible the benefit of the warship patrol established for the seaplanes, the plan being to start the C-5 on her eastward passage after the NC expedition has reached Europe, or at least has completed the Newfoundland-Azores leg of its cruise.

When the C-5 took the air a south wind was blowing at 15 miles an hour.

Although no official announcement was made of the balloon's destination it was stated that radio messages had been sent to the temporary base at St. John's and to the Chatham, Bar Harbor and Portland naval air stations to be on the lookout for her.

A general wireless message, intended to reach ships at sea, also announced the start of the flight.

The blimp was taken out of her hangar at 7 o'clock after a tuning up crew had worked throughout the night, following her successful flight yesterday to New London.

The services of 20 sailors were required to haul the dirigible, buoyed up by 150,000 cubic feet of gas, out of its hangar and "walk" it to the beach.

Five men in addition to Lieut. Commander Coll, comprise the C-5 crew—Lieut. J. V. Lawrence, pilot; Ensign D. P. Campbell, co-pilot; Ensign M. B. Phelan, radio operator; Chief Machinist's Mate S. H. Blackburn and T. L. Moorman, engineers.

"We will join the seaplanes yet," said Lieut. Commander Coll, as he stepped into the basket, and Ensign Campbell called to brother officers remaining at the station: "God be with us till we meet again."

Passes Chatham

CHATHAM, May 11.—The dirigible C-5 passed over the naval air station here on her flight to Newfoundland at 10.05 a. m. She was flying at a height of about 1000 feet as she passed over the station, but went higher as she continued on her north-easterly course.

The blimp took approximately the same course as the hydroaeroplane NC-1,

which left here half an hour earlier.

Weather conditions were ideal and the C-5 apparently was going at top speed. Officers at the air station had been on the lookout for her, her approach having been reported from Vinoyard Haven and elsewhere, and were prepared to lend any assistance necessary, but the fliers did not slow down and made no attempt to signal to the station.

WARNS MEN AGAINST CONTAMINATION

Agent Francis J. O'Hare of the board of health has received a communication from the bureau of United States public health service asking him to warn local druggists, barbers and men who shave themselves against contamination through shaving brushes which have not been properly sterilized.

Last July the health service had reason to believe that shaving brushes were being contaminated by German propagandists so that they might cause disease among the men assembled in military camps at that time. A warning was sent out then and the department has reason to believe that there is still such a danger. The disease caused by contamination from such brushes is called anthrax, which takes the form of a swelling on the neck and is considered very dangerous. The letter received by Mr. O'Hare is as follows:

To the local board of health:
The continued occurrence of cases of anthrax due to infected shaving brushes leads this bureau to believe that the suggestion contained in a bureau circular letter No. 126, dated July 31, 1918, recommending the sterilization of all brushes in trade channels is not being complied with. Attention is therefore again called to the fact that there are no doubt, in trade channels, brushes contaminated with anthrax. Any brushes found in the market which do not bear the name of the manufacturer of the manufacturer should be regarded with suspicion and should be returned to the source from which they were secured or should be destroyed.

For the sterilization of brushes the following procedure is believed to be effective:
The brush should be soaked for four hours in a 10 per cent solution of formalin (by formally) meant a 10 per cent solution of formaldehyde. The solution should be kept at a temperature of 110 degrees Fahrenheit, and the brush should be allowed to dry in solution in contact with all hair or bristles.

I shall be obliged to you for bringing this information to the attention of all those interested.

Respectfully,
WILLIAM H. HOWARTH,
Surgeon General,
Bureau of United States Public Health Service, of the Treasury Dept.

FORGER SENTENCED

Ayer Man Thought Worth-

less Check Passing a Joke

"I just did it for a joke," was the defense offered by William E. Crawford of Ayer, who pleaded guilty to forging and passing two worthless checks, at this morning's session of police court. Judge Fisher prescribed a two months' term in jail.

According to the evidence offered, Crawford came to Lowell several days ago and gave a worthless check for \$35, drawn on a local bank, to Mrs. Mary Christie. When she attempted to cash it at Saunders' market, the management became suspicious, and after it had been found that the check was worthless Crawford was placed under arrest by Inspector Walsh. Shortly afterwards it was found that he had also given a worthless check to John J. Brady, a saloon keeper in Broadway, drawn for \$25.

Charged with the larceny of a bottle of perfume, valued at 75 cents, from a local drug store, a woman named Hartwell was fined \$5. Inspector Walsh, who arrested the defendant, testified that in searching her house he had found merchandise of all kinds with a value approximating \$500 stored about in the rooms and in the cellar.

John B. Watson was charged with assault and battery with a knife on Harry Silva. A plea of not guilty was entered, and a continuance granted for one week. Silva was present on a drunkenness charge, and appeared with his head swathed in bandages as the result of the alleged wounds which Watson is said to have inflicted in the stabbing affair.

"I always insist on appealing the case each time I am brought to court," stated John P. Sheehy, who was found guilty of drunkenness. John was rather peeved when he discovered that his former suspended sentence to the state farm had been revoked, and that he now had to appear from a trip to the institution. He was finally reconciled to the state of affairs and allowed that things might be much worse than they were.

BELVIDERE HOTEL TO CHANGE BONIFACES

Thomas Ramsey surrendered his license as innholder of the Belvidere hotel today, and at a special meeting of the license commission the license was granted to James F. Mulvaney and Alice E. Mulvaney, to be known as J. F. Mulvaney & Co. Mr. Mulvaney will take immediate possession.

WOMEN DENOUNCE

PEACE TERMS

ZURICH, Tuesday, May 13.—The women's international conference for permanent peace unanimously passed terms of peace and decided to telegraph the text of the resolution to the peace conference in Paris. This action was taken after an address by Mrs. Philip Snowden of England. Mrs. Edwin D. Mead of Brookline, Mass., spoke during a "letter and real League of Nations."

LEGAL NOTICES

Commonwealth of Massachusetts.—Middlesex, ss. Probate Court.

To the heirs-at-law, next of kin and all other persons interested in the estate of Walter A. Rice, late of Lowell, in said County, deceased.

Whereas, a certain instrument purporting to be the last will and testament of said deceased has been presented to said Court, for probate, by Wilhelmina A. Rice, who prays that letters testamentary may be issued to her, one of the executors therein named, as Wilhelmina Rice, without giving a surety on the oath of said executor, and said executor having declined to accept the trust.

You are hereby cited to appear at a Probate Court, to be held at Cambridge, in said County of Middlesex, on the twenty-eighth day of May, A. D. 1919, at nine o'clock in the forenoon, to show cause, if any you have, why the same should not be granted.

And said petitioner is hereby directed to give public notice thereof, by publishing this citation once in each week, for three successive weeks, in The Lowell Sun, a newspaper published in Lowell, the last publication to be one day at least before said Court, and by mailing postpaid, or delivering a copy of this citation to all known persons interested in said estate, seven days at least before said Court.

Witness, Charles J. McFarlane, Esquire, first judge of said Court, on the thirteenth day of May, A. D. 1919, at nine o'clock in the forenoon, in the presence of one thousand nine hundred and nineteen.

James E. O'Donnell, Attorney.
m14-21-26

Is hereby given that the partnership lately subsisting between the undersigned, William Howarth and John J. Preston, carrying on the business of general machinists at Lowell, Middlesex County, Massachusetts, under the firm name of William Howarth and Company, was on the twenty-ninth day of April, 1919, dissolved by mutual consent, and that the business in the future will be carried on by the said William Howarth alone.

WILLIAM HOWARTH, JOHN J. PRESTON.
m13-14-15

Tewksbury, Mass., May, 1919.
To the Middlesex County Commissioners:

Respectfully represent the undersigned, inhabitants of the town of Tewksbury, in said County, that Chandler Street, in said town, from the state road to Whipple road is in need of reconstruction.

Wherefore we pray that you will relocate said street.

A true copy attested.
BERNARD F. GATELY,
Deputy Sheriff.

Commonwealth of Massachusetts.—Middlesex, ss.

At meeting of the County Commissioners for the County of Middlesex, at Cambridge, in said County, on the first Tuesday of January, in the year of our Lord one thousand nine hundred and nineteen, to wit: by adjournment at said Cambridge on the thirteenth day of May, A. D. 1919.

On the foregoing petition, Ordered, that the Sheriff of said County, or his Deputy give notice to all persons and corporations interested therein, that said Commissioners will meet for the purpose of viewing the premises and hearing the parties at the Court House, in Lowell in said County of Middlesex, on Monday, the sixteenth day of June, A. D. 1919, at ten o'clock in the forenoon, by serving the Clerk of the town of Tewksbury, with a copy of said petition and this order thereon, thirty days at least before said view, and by publishing the same in The Lowell Sun, a newspaper printed at Lowell, three times successively, the last publication to be fourteen days at least before said view, and also by posting the same in two public places in the town of Tewksbury, fourteen days at least before said view; and that he make return of his doings herein, to said Commissioners, at the time and place fixed for said view and hearing.

RALPH N. SMITH, Ass't Clerk.
Copy of petition and order thereon. Attest.

RALPH N. SMITH, Ass't Clerk.
A true copy attested.
BERNARD F. GATELY,
Deputy Sheriff.

m14-21-23

To the Honorable the Justices of the Superior Court within and for the County of Middlesex:

Respectfully I, Alice, do hereby represent Angelina Aubuchon, of Lowell, in said County, that she was lawfully married to Angelina Aubuchon, now of parts unknown, at St. Barthelemy, in the Province of Quebec, Canada, on the thirteenth day of February, A. D. 1899.

And that said Angelina Aubuchon never lived together as husband and wife in this Commonwealth, but the libellant has lived and resided in this Commonwealth for more than five consecutive years prior to the filing of this libel; that the libellant has always been called to his name, and in all his dealings, and in all his social relations, and in all his business relations, and in all his legal relations, and in all his official relations, and in all his domestic relations, and in all his personal relations, and in all his public relations, and in all his private relations, and in all his social relations, and in all his business relations, and in all his legal relations, and in all his official relations, and in all his domestic relations, and in all his personal relations, and in all his public relations, and in all his private relations, and in all his social relations, and in all his business relations, and in all his legal relations, and in all his official relations, and in all his domestic relations, and in all his personal relations, and in all his public relations, and in all his private relations, and in all his social relations, and in all his business relations, and in all his legal relations, and in all his official relations, and in all his domestic relations, and in all his personal relations, and in all his public relations, and in all his private relations, and in all his social relations, and in all his business relations, and in all his legal relations, and in all his official relations, and in all his domestic relations, and in all his personal relations, and in all his public relations, and in all his private relations, and in all his social relations, and in all his business relations, and in all his legal relations, and in all his official relations, and in all his domestic relations, and in all his personal relations, and in all his public relations, and in all his private relations, and in all his social relations, and in all his business relations, and in all his legal relations, and in all his official relations, and in all his domestic relations, and in all his personal relations, and in all his public relations, and in all his private relations, and in all his social relations, and in all his business relations, and in all his legal relations, and in all his official relations, and in all his domestic relations, and in all his personal relations, and in all his public relations, and in all his private relations, and in all his social relations, and in all his business relations, and in all his MORE SUBSCRIPTIONS TO IRISH FUND

More generous subscriptions for the local Irish fund which began Monday and is to continue until next Monday were reported this noon by Treasurer Thomas J. Fitzgerald as follows: P. Donohoe, \$100; P. Keyes, \$100; Coca-Cola Bottling Co. (Lucien F. Turcotte), \$25, and Dr. Frank R. Brady, \$20.

The drive is progressing favorably and there is every reason to believe that Lowell's quota of \$10,000 will be reached by the end of the week, although the continued co-operation of the public will be needed to make this a reality.

The solicitors in the nine wards of the city are working quickly but effectively under the direction of their team captains. Team captains are reporting every evening at the campaign committee's headquarters in the Associate building.

Last evening a meeting of the executive committee and captains was held at headquarters with Chairman James O'Sullivan presiding. The reports were most optimistic and confidence expressed that continued good work will send the drive over the top and perhaps beyond.

Another meeting of executive committee and team captains will be held Thursday evening at 8 o'clock at the committee's headquarters. Capt. Andrew Molloy of the 7th solicitors has called a meeting of his team at his home, 239 Riverside street, this evening at 7:30 o'clock.

NC-4 Reaches Halifax

Trepassey Bay, N. F., for the transatlantic flight. Officers said she would not attempt to make the entire distance in one flight, but would go first to Halifax.

Two seaplanes from the naval air station here, Nos. 1359 and 1916, accompanied the NC-4 in the start of her flight, leaving here about 10 minutes later. They were ordered to convey the hydroplane as far as the first ship of the destroyer patrol, which is stationed at a point approximately 50 miles northeast of here.

With a northwest breeze and clear sky, weather conditions were regarded as promising and hope was expressed by naval officers that the NC-4 would soon join her sister planes, the NC-3 and NC-1 at Trepassey Bay, N. F., the "hopping off" point of the transatlantic flight for the Azores. While it was said that the NC-4 would stop at Halifax and would not attempt to make the distance to Newfoundland in one flight, naval authorities said it was not certain that she would stay in Halifax all night. There was a possibility, it was said, that should the engines work properly, Lieut. Commander A. C. Read, in charge of the NC-4 might decide to make only a brief stay in Halifax and resume his flight from there for Trepassey tonight.

85 Miles an Hour

BOSTON, May 14.—The NC-4 was reported at 11:22 a. m., as passing Seal Island, Me. The message, received by the navy department direct from the hydroplane said she was making 85 miles an hour.

The message from the NC-4 was sent

In reply to one from Acting Secretary of the Navy Roosevelt. Secretary Roosevelt had sent the following message via land lines to Otter Cliff radio station at Bar Harbor, whence it was transmitted by wireless telephone to Lieut. Commander Read of the NC-4: "What is your position? All keenly interested your progress. Good luck."

This message reached Commander Read at 11:18 and three minutes later his reply was in the hands of Secretary Roosevelt. It said: "Thank you for your good wishes. NC-4 is 29 miles southwest of Seal Island, making 85 miles per hour."

Naval officials here said the transmission of the Washington message and the delivery of the reply within three minutes, established a new record for wireless communication.

The 25th state annual convention of the Sons and Daughters of Liberty was held at Odd Fellows hall today, and 200 members of the organization spent an enjoyable day as guests of the local organization, Lady Franklin council, No. 17.

Mrs. Mammie Drake of Cambridge acted as presiding officer, and the business of the day consisted mainly of the nomination and election of officers. Luncheon was served by the women of the Lowell council at noon, and the report was a credit to the skill of the hostesses.

During the evening an entertainment will be given by several of Lowell's best amateur artists, the feature of which will be a four-act drama, entitled "A College Man." The entertainment program is in charge of Mrs. G. H. Whitney, and the following officers of the local council had general charge of the events of the day: Mrs. Q. A. Foster, chairman; Mrs. Hattie Noyes, vice chairman; Mrs. John Hughes, secretary; and Mrs. Albert Planders, treasurer.

SEND PROTEST TO REVENUE BUREAU

WASHINGTON, May 14.—Many manufacturers of proprietary remedies besieged the internal revenue bureau with claims that their articles are nothing more than simple preparations marketed under fancy names and, therefore, are not taxable under the provisions of the revenue act assessing a tax of one cent on each 25 cents worth of proprietary remedies or toilet preparations sold at retail stores since May 1.

Regulations issued today by the bureau provide, however, that these preparations are taxable if put out under a proprietary name, with the formula not announced, regardless of the actual composition.

MORE TROOPS RETURN

NEW YORK, May 14.—Twelve Massachusetts casualties arrived from Marseilles today on the Giuseppe Verdi, which also brought 1500 troops of the 75th Division. The Pesario brought 1300 of this division from Marseilles.

THE FORD LIBEL SUIT

No Session on Saturday in Order Not To Cripple the Farmers.

MOUNT CLEMENS, Mich., May 14.—In order that farmers who will be on the jury in the million dollar libel suit of Henry Ford against the Chicago Daily Tribune may do absolutely necessary work on their farms, Judge James G. Tucker announced today that court will not sit on Saturday. It is for the same reason that court is in session only four and a half hours a day.

Hilliott G. Stevenson, of counsel for the Tribune, resumed the examination of witnesses when court opened this morning.

When court opened there were 13 witnesses in the jurybox. Two of them, farmers, were removed on peremptory challenges by counsel for the Tribune.

When A. J. Freeman was called he asked: "Do you drive a Ford car?" "I do." "I don't suppose that biases you in Ford's favor?" "Neither one way or another," replied Freeman amid laughter.

TO STUDY BUSINESS AND MAKE RULES FOR "REASONABLE SALARIES"

WASHINGTON, May 14.—Thirty-five agents of the internal revenue bureau have been despatched to all parts of the country to study commercial and industrial practices in certain lines of business, with a view to advising on future regulations. These men, chosen from a large group of accountants and business men, after special examinations, will be expected to ascertain practices in regard to amortization, depletion, depreciation and valuation of assets of the pre-war period and to formulate some sort of guiding rules concerning what constitutes "reasonable salaries" allowed as business expenses to corporations.

R. O. R. T. CONVENTION
COLUMBUS, O., May 14.—The triennial convention of the Brotherhood of Railroad Trainmen opened today. More than 200 delegates and nearly 1000 other members were here.

The local evening newspaper is the paper that reaches the home when the whole family is there to read it. The Sun fills this field in Lowell.

REDUCTION IN WHEAT PRICE

Immediate Cut Reaching All Down Line From Producer to Baker, Assured

Optimistic Statement Issued by Julius Barnes, Wheat Director, Today

NEW YORK, May 14.—An immediate reduction in the price of wheat, reaching all down the line from the producer to the baker, is believed assured according to a statement issued today by Julius Barnes, wheat director, following a "prolonged conference yesterday between Mr. Barnes and representatives of the grain industry, including grain handlers, millers, jobbers and bakers."

The statement issued by Mr. Barnes says:

"There was a general agreement that in order that all the wheat producers of the country should secure equal benefits, the various trades could be bound by contract to see that wheat trading should be only on the guaranteed price and, if a lower basis was justified by the developments of world factors as the season advanced, this lower basis should be made to reach the consumer by trade agreements with millers and manufacturing facilities, the wheat director making the readjusting basis effective by the payment of the difference as allowed under act of congress."

"In return for protection against a fall in price, after the guaranteed price had been made for wheat bought, the wheat director would require from the various trades contract obligations by which their trade practices and margins of profit would be subject to review and control by the wheat director."

"Some of the western delegates expressed the view that certain sections of the producing wheat country had developed a sentiment that wheat next year might be worth more than the guaranteed price in the open markets, but the general view was that the crops promise so well that most growers would be ready to market at the guaranteed price, thus sharply reducing the present price of wheat and facilitating a lower flour price with the new crop movement."

"New wheat will be moved in Texas in 30 days and from the present outlook in six weeks more there, there will commence a very large movement of new winter wheat. In order that seaports and interior markets should not be choked by congestion and blockade, the general opinion was that the grain corporation should con-

tinue the co-operative control with the railroad administration of the movement of cereal and cereal products into all the markets by the permit system of car shipment.

HOPES WILSON WILL NOT FORCE BREAK

ROME, Tuesday, May 13 (Havas).—Gabriele d'Annunzio and Prof. Luigi Luzzatti had a long interview today with King Victor Emmanuel.

Afterward Prof. Luzzatti said: "I hope that free America will not take the responsibility of appearing like an oppressor to the eyes of millions of Italians desiring to reunite with their brother country."

He expressed the hope that President Wilson "would not put France and England to the alternative of breaking their agreements (with Italy) or breaking with America."

FORMER GOVERNOR WHITMAN ATTACKED

NEW YORK, May 14.—Former Gov. Whitman was attacked today by State Senator George E. Thompson in testimony at the senatorial inquiry into Thompson's bribery charges. Thompson said that in his seven years in the state senate he had never heard an improper suggestion from a representative of public utility companies. "The trouble only comes from these specialists," he continued. "Chairman Burlington asked what he meant by 'these specialists,' and he replied: 'I mean those persons who come surreptitiously. Gov. Whitman I have in mind.'"

POLISH ATTACKS FAIL COMPLETELY

VIENNA, Tuesday, May 13 (By the Associated Press).—Polish attacks in the region of Lemberg in the last few days failed completely, according to reports received here from Ukrainian sources. The Poles attempted a strong infantry charge against the Ukrainians but were moved down with machine gun fire, leaving hundreds of dead behind them as they retired.

The same message indicates heavy fighting near Kiev, occasioned by Bolshevik attacks on the army of Simon Petlura.

PROHIBITION TO HELP CANDY MAKING

SPRINGFIELD, May 14.—Robert R. Cleveland of this city, president of the National Confectioners' association, addressing the 36th annual convention at its opening session today, predicted that the costs of manufacture would remain high but that an effort should be made to maintain the present high wage standard. The effect of national prohibition was informally discussed by members, many believing that it will work to the benefit of the candy industry.

AUSTRIANS SOON TO LEARN FATE

Treaty Will Be Handed Delegates This Week—Committee To Deal With Notes

Italy Yields—No Attack on Petrograd—Poles and Ukrainians Arrange Truce

(By the Associated Press)—Three notes from the German peace delegation at Versailles were delivered to the council of four today and it appointed a sub-committee to deal with them.

Austrians Soon to Get Terms—The council also considered details of the Austrian peace treaty, which, according to one Paris report, will be ready this week. The leading features of the Austrian delegation are expected to arrive at St. Germain-en-Laye, near Paris, tonight.

Italy to Make Concessions—Italy, it appears, is not insisting upon France and Great Britain carrying out all the terms of the treaty of London, under which she was to receive extensive territories on the eastern shore of the Adriatic in the settlement.

GOES TO FRANCE AS K. OF C. SECRETARY

Thomas J. Sullivan of this city left Lowell today for New York, whence he will sail for France, where he will act as secretary for the Knights of Columbus. Mr. Sullivan is well known here, having been very active in the "Felix" union of the U. S. Cartridge Co. He was born in this city, is about 30 years of age and is very prominent in amateur theatrical circles. He also has considerable musical talent, being a member of the Harmony quartet. His many friends wish him good luck and success in his new field of work.

NAVY DEPARTMENT TO REQUISITION STEEL

WASHINGTON, May 14.—The navy department practically has decided to exercise its authority under war emergency legislation and requisition steel for battleship construction, the price to be fixed later on a basis of market conditions and quotations, rather than on an examination of the steel market books.

MAY ARREST HARRIS FOR MANSLAUGHTER

A warrant for manslaughter was sworn out today by Supr. Welch against Herbert Harris, who is alleged to have struck and fatally injured Daniel Emery, 68, when the latter was crossing Middlesex street in the path of his automobile Monday evening. Emery died this afternoon at St. John's hospital.

THREE AUTO BANDITS HELD IN \$1000 EACH

NORTHAMPTON, May 14.—Three of the six automobile bandits captured in late Saturday and who, the authorities say, admitted robbing the Fuller and Bartlett stores in Belcher town, May 2, escaping in a high powered touring car, were held for the grand jury in bonds of \$1000 each, after a hearing in police court here today. The other three denied guilt and were held for a hearing. None could furnish bonds. The men held for the grand jury are Joseph Walker of South Boston; John M. Purkey of Providence, R. I.; and Roland Shield of New Bedford. The others are Arthur Scheller at Pasadena, Cal.; Edgar Russell and Louis Fain of Boston.

The prisoners are wanted in Providence on the charge of having stolen the automobile there.

EXPLAINS INCREASE

Water Dept. Says Advanced Cost of Fixtures Makes Monthly Bills Higher

Many Lowell people have been somewhat astounded at the size of their water bills received this month and there has been a general lack of knowledge as to just what has caused the unusual increase, although it is known, of course, that the city council several months ago voted to increase the water rates.

John W. Crawford, registrar of the water department office at city hall, explained today the modus operandi of the new rate system which sheds considerable light on the matter.

"The purpose of the department in increasing the rates for users of water who have no meter," said Mr. Crawford, "is to have them install meters. That is the only way the department can do away with the annual waste of water and at the present time, we are using every bit of water at our command."

"Under the old rates, a person would pay \$6 a year for a sink in his kitchen, \$1 for a water closet and \$3 for a bathtub. All these have been increased \$1 a year each. Any other fixture is charged for at the rate of \$7 a year instead of varying prices that were in force under the old rate. This \$7 charge on fixtures, exclusive of the three I have mentioned is really what has boosted the bills so materially. In former years if a person had two sinks in his house he would pay \$6 a year for the first and half of that for the second, or \$3. Under the new rates he pays \$7 for each."

"These bills went out May 1 and I have been surprised at the comparatively little complaint we have had, although, of course, a large number of people have yet to pay their bills. Many of them have made application to have a meter installed and thus the real purpose of raising the rates is being attained."

"It costs \$1 for a meter in addition to \$2 or \$2.50 for installation charges. This cost is saved in a very short time under the metered system."

The quarterly bills for metered water users as well as the annual bills under the minimum charge system will go out July 1. There will be about 12,000 in all. The rate of the metered bills has been increased from 14 to 16 cents per hundred gallons and the minimum rate bills from \$7 to \$8.

Chairman of the Board

WALTER L. PARKER

ARTHUR L. ENO, ESQ.
Secretary

Appointed by the mayor, confirmed by the city council and authorized by act of the legislature to acquire a suitable site by purchase or seizure by right of eminent domain, and to erect thereon a public building as a memorial to the men of Lowell who participated in the late war. The building shall contain a Hall of Records and Trophies and an Auditorium capable of seating about five thousand people, the total cost not to exceed one million dollars. The commissioners are to serve without compensation.

GERMANS TURN TO AMERICA

Ebert Says People "Hypnotized" by Wilson—"Gravest Apprehensions" Felt

Still Hopes American Democracy Will Not Accept Treaty—Not To Resign

NEW YORK, May 14.—Owing to almost unprecedented congestion of the Transatlantic cables, the following report of a statement made by President Ebert of Germany on Sunday to the Berlin correspondent of the Associated Press has just reached this office:

BERLIN, Sunday, May 11.—(By the Associated Press)—Declaring that the terms of peace contemplated the physical, moral and intellectual paralysis of the German people, that Germans were hypnotized by statements of President Wilson, and that he, himself, looked forward to the future "with continued to Page Twelve

GERMANS PREPARE COUNTER PROPOSALS

PARIS, May 14.—The German peace delegation is preparing voluminous counter proposals as substitutes for terms of the peace treaty. Several economic sub-committees of the delegation met today, including the one on coal supply.

COAL DEALER CONVICTED

BALTIMORE, May 14.—William A. Price, coal operator, with residences on Fort Washington avenue, New York city, and at Germantown, W. Va., was convicted in the United States court yesterday of violating the Lever act and the order of President Wilson fixing the price of bituminous coal. He was sentenced to sixty days in jail by Judge Rose and to pay a fine of \$2500.

It was alleged in the indictment that on August 30, 1917, he charged the Richmond Light and Railroad company \$2.00 a ton for 2413 tons of bituminous coal. Under the president's order the price should have been \$2.

BUILDING COMMISSION

Organizes and Chooses John H. Harrington Chairman, and A. L. Eno Secretary

The commission created yesterday to build Lowell's public auditorium as a memorial to soldiers and sailors of the world war met this morning at 9 o'clock in the mayor's reception room at city hall to organize. All members were present and qualified before Assistant City Clerk William P. McCarthy. John H. Harrington was chosen chairman and Arthur L. Eno secretary.

DANIEL EMERY IS DEAD

Well Known Middlesex Street Bookseller Succumb: From Auto Injuries

Daniel Emery, aged 68 years, a well known book seller of Middlesex street, died this noon at St. John's hospital as a result of injuries sustained Monday evening when he was struck and run over by an automobile in Middlesex street, a short distance from his store.

The automobile that figured in the accident is owned by Ira Harris of 1010 Middlesex street and was being operated by the latter's son, Herbert, aged 18 years. Mr. Emery sustained fractures of both legs as well as injuries about the head.

He was born in New York city and came to Lowell about 40 years ago and has been in business on Middlesex street since. He leaves a sister-in-law and several nieces and nephews in New York city. The remains were taken to the home of Undertaker Peter H. Savary.

GIRL SCOUTS IN PAGEANT

WASHINGTON, May 14.—General Sir Robert Baden-Powell and Lady Baden-Powell will preside today at a meeting of the National Council of Girl Scouts. A program was given in their honor by the Girl Scouts of Washington.

REINVESTMENT URGED

Mayor Appeals to Public To Purchase Thrift and War Savings Stamps

Mayor Perry D. Thompson today made an appeal to Lowell people who are holders of liberty loan bonds of the second issue to reinvest the same in thrift or war savings stamps inasmuch as government officials have approved this course and have stated that the government will make a semi-annual interest payment on the loan May 15 (tomorrow).

"Many of our citizens own Second Liberty Loan bonds," the mayor said. "The treasury department has urged that all who can take this interest money and reinvest it in thrift or war savings stamps. By this means, they can turn their interest into more interest. It is profitable patriotism, and I trust that the citizens of Lowell will do as the treasury department has requested."

"Arrangements have been made so that you can exchange your liberty loan interest coupons for thrift or war savings stamps at the postoffice. Our postmaster has a sufficient supply of these government securities on hand to exchange for your coupons and will be pleased to accommodate you. War savings stamps are always cashable at the postoffice on ten days' written notice."

"I appeal to all patriotic citizens of Lowell who own Second Liberty Loan bonds to get thrift or war savings stamps with their interest coupons, May 15th. We have too much civic pride to do less than our neighboring cities. They are planning to roll up a big total in war savings stamps sales on May 15th and to do it largely through their interest coupons. Let's get busy and make Lowell lead the procession."

CUMMINS CHOSEN BY SENATE REPUBLICANS

WASHINGTON, May 14.—Senator Cummins of Iowa, favored by the progressive group, was chosen unanimously for president pro tempore of the senate at the organization conference today, of republican senators. Senator Lodge was re-elected party leader and discussion of the controversy over committee chairmanships for Senators Penrose of Pennsylvania and Warren of Wyoming was postponed.

Senator Lodge was authorized to appoint a committee on committees, and pending its report the fight of the progressives against the election of Senator Penrose to the chairmanship of the finance committee and of Senator Warren as head of the appropriations committee will be held in abeyance. The progressives, however, at a meeting before the conference, determined to pursue their opposition to the senate floor if necessary. Some of the progressives said they had reports that the democrats might be asked to co-operate to elect Senator Penrose by absenting themselves when the finance committee is organized and thus offsetting the progressive opposition.

Forty-three of the 45 republican senators and senators-elect attended the conference today. The absentees were Senators Cummins, La Follette of Wisconsin, Gronna of North Dakota, Townsend of Michigan, Lenroot of Wisconsin and Fall of New Mexico. Besides the president pro tempore, the conference chose its candidates for all other senate offices. George A. Sanderson, a Chicago attorney, was selected for secretary and David S. Barry, a Providence, R. I., newspaperman, for sergeant at arms.

Senator Curtis of Kansas was re-elected party whip without opposition and Senator Wadsworth of New York was again chosen secretary of the conference.

Senator Cummins was nominated for president pro tempore by Senator Borah of Idaho, regarded as the lead-

SEARS CASE GOES TO JURY

BOSTON, May 14.—The case of Frank L. Sears, a Worcester shoe manufacturer, charged with bribery and conspiracy to defraud the government on a contract for army shoes, went to the jury shortly before noon today.

NC-4 ARRIVES AT HALIFAX

Left Chatham at 9.25 Today—Going 85 Miles an Hour at 11.22

Sends Message to Washington in 3 Minutes, Establishing Wireless Record

HALIFAX, N. S., May 14.—The American naval seaplane NC-4 arrived here at 2:10 p. m. (Halifax time) from Chatham, Mass.

Allowing for an hour's difference in time between this port and Chatham, the plane made the flight of approximately 300 nautical miles in three hours and 45 minutes.

CHATHAM, May 14.—The hydroaeroplane NC-4 left here at 9.25 a. m. today, to join the NC-1 and NC-3 at Halifax.

LAWRENCE WOMEN FAIL TO SEE GOVERNOR

BOSTON, May 14.—Thirty women who said they represented a committee of mothers of the textile strikers of Lawrence went to the state house today and asked for an interview with Governor Coolidge. The governor was presiding at a meeting of the council, and the committee did not see him. The delegation left after telling Henry P. Long, the governor's secretary, that they would probably call again in the afternoon.

Secretary Long informed the women that he would confer with a committee of three if they desired. When they insisted on seeing the governor, they were told that unless they offered some definite proposal to be laid before him the governor could not consent to occupy his time with a controversial discussion of any situation the facts of which were well known.

er of the progressive group, and was chosen by acclamation. Senator Knox of Pennsylvania nominated Senator Lodge for party leader and chairman of the conference.

Senator Brandegee of Connecticut, identified with the regulars, will be chairman of the committee of nine authorized to assign committee places and Senator McCumber of North Dakota will be chairman of the steering committee, but Senator Lodge deferred announcements of other appointments. Besides authorizing organizations of these two committees, the conference directed Senator Lodge to name a committee of three to be headed by Senator New of Indiana for distribution of patronage.

Rules designed to limit power of senators who have seen long service were adopted. They provide that chairmen of the 10 most important committees shall be eligible for a place only on one other committee and that the personnel of the committees shall be limited to 17.

Senator Lodge was authorized by the conference to notify democratic leaders that no parricidal between republican and democratic senators would be recognized on votes for organizational purposes. Republican senators were also instructed to send a similar notice to the democratic senators paired with them. Republican leaders said the effect would be that all members of the senate would be required to be present when the matter of reorganization is brought up.

TEACHERS' EXAMINATION

Office of the Superintendent of Schools
Lowell, Mass., May 14, 1919.
On Saturday, June 21, 1919, at the Lowell high school, Kirk and Anne Street, beginning at nine o'clock in the forenoon, there will be a public examination of applicants for Lowell teachers' certificates of the third grade; these certificates apply to the primary and grammar grades of the schools.

Persons to be eligible to take the examination must be graduates of colleges or normal schools and must have had two years' successful experience as teachers in day schools. All applicants must signify their intention of taking the examination by notifying the superintendent of schools in writing, at least three weeks before the date of such examination, at which time the list will be closed and after which time no new names will be added.

The subjects of the examination will be Arithmetic, English Grammar and Language, United States History and Civil Government, and Principles and Methods of Teaching.

Applicants are advised to forward certificates of graduation and successful experience at the time of sending notice of intention to take the examination.

RUEHL J. MOULTON,
Superintendent of Schools.

TO IGNORE THE IRISH ENVOYS

Committee From America
Not To Receive Official
Recognition at Paris

House Declines To Act as
Intermediary Between En-
voys and Lloyd George

LONDON, Tuesday, May 13.—Col. House has decided not to act as intermediary between the three delegates of Irish societies in the United States and Premier Lloyd George, according to a Reuters dispatch from Paris. The delegates, Frank P. Walsh, Edward Dunne, and Michael P. Ryan, who have been visiting Dublin and other cities in Ireland, will not be received by Premier Lloyd George on their return to Paris, nor will they be accorded any official or semi-official recognition whatever, it is learned in official quarters here.

Col. House, according to a Reuters dispatch, had promised to endeavor to arrange an interview between the delegates and the British premier, but now, in view of their activities in Ireland, has decided not to act.

Mr. Dunne and Mr. Ryan reached London tonight, but declined to make any statement. Mr. Walsh remained in Dublin when his colleagues left that city and is expected to arrive here tomorrow.

Mr. Lloyd George has been subjected

to most bitter attacks for his alleged encouragement of the delegates' activities, which are regarded as a quiet unwarranted interference with British domestic affairs. Even a serious journal like the Spectator has gone so far as to assert that a "dangerous conspiracy" is afoot for committing the premier and the British government to virtual recognition of the Irish republic. Other newspapers complain that the fact that the delegates have fraternized with Sinn Fein leaders has given the Sinn Fein movement new life, besides placing the British authorities in Ireland in an embarrassing position. The question has been asked what would be thought if a British delegation should visit the United States on a mission of a like character.

CENSUS BUREAU REPORT ON COTTON

WASHINGTON, May 14.—Consumption of cotton during April amounted to 475,753 bales of lint and 11,165 of linters, the census bureau today announced.

Consumption during April last year was 544,125 bales of lint and 106,232 of linters.

Cotton on hand April 30 in consuming establishments was 1,378,225 bales of lint and 27,854 of linters, compared with 1,867,768 of lint and 154,155 of linters a year ago, and in public storage and at compresses 2,970,129 bales of lint and 211,083 of linters compared with 2,828,126 of lint and 275,973 of linters a year ago.

Cotton spindles active during April numbered 32,215,626, compared with 32,734,997 in April last year.

Imports were 36,463 bales compared with 21,155 in April last year.

Exports were 431,916 bales, including 551 bales of linters, compared with 217,512 bales, including 15,456 bales of linters last April.

LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates—ADV.

PRICELESS MEMENTO FROM OVER THERE

John Worthy of 22 Dutton street has received a memento from the battle-scarred fields of France that will undoubtedly be treasured by him or by members of his family as long as they live.

It is nothing more or less than a small prayer-book which his hero brother, Corp. Joseph Worthy, late of Co. B of the 101st Infantry, was reading at the time he met his death on the battlefield in one of the earliest campaigns of the war in which the gallant Lowell unit engaged about a year ago.

The prayer-book was given Mr. Worthy, who was himself discharged from transport service seven weeks ago, by Sgt. H. L. Ryder, a Boston man, who recently returned from France after serving two years as a despatch bearer with the headquarters of the 51st Brigade.

Some time ago Sgt. Ryder was taking a message to an outpost in the war zone when he saw a young soldier lying on the ground with his face down. Jumping from his motorcycle he turned him over and found that he was dead. Beside him was a prayer-book with a little card which read: "Remembrance of the Eucharistic mission at St. Patrick's church, Lowell, April, 1918." There was also written the name, Corp. Joseph Worthy, and on a leaf in the prayer-book was the address, 55 Adams street, Lowell, Mass. On the same card was printed an "Act of Resignation," which Sgt. Ryder believes Corp. Worthy was reading when he died.

The sergeant took the prayer-book and kept it carefully until he came home. He then told the story to his father, who is the manager of the office of the U. S. Rubber Co. of Boston. One of his employees, Miss Mary F. MacNamara, wrote to Rt. Rev. Monsignor O'Brien, pastor of St. Patrick's church in this city, and the result was that the dead soldier's brother was able to get the priceless memento of his brother's gallantry.

CONG. BURNETT DEAD

Alabama Man, Author of Deportation Legislation, Died Suddenly Last Night

GADSDEN, Ala., May 14.—Representative John L. Burnett of the 7th Alabama district, for several years one of the leading members of the house and chairman of the committee of immigration in the last house, died suddenly last night at his home here.

Mr. Burnett had seemed in excellent health during the day and was preparing to return to Washington for the convening of the extra session next Monday. Last night he attended a lodge meeting and while there complained of feeling badly. He was

taken to his home by friends and died within 19 minutes after reaching his residence.

Mr. Burnett was one of the older members of the house, having been elected to the 56th congress and re-elected to each succeeding congress, including the 66th, which will convene Monday. In the last congress he was chairman of the house immigration committee, which with the cessation of hostilities and the taking up of reconstruction legislation, became one of the most important committees.

Late in the last session Mr. Burnett introduced bills for deportation of dangerous aliens and for the stopping of all immigration for four years after the declaration of peace. It was believed that because of his activity in behalf of the two bills Mr. Burnett was included in the list of more than a dozen high government officials to whom internal machines recently were mailed. The bomb addressed to the Alabama congressman was received at

his home here and only difficulty in opening the package experienced by Mr. Burnett and his son, probably saved him from serious injury or possible death.

Representative Burnett was born in Cedar Bluff, Ala., in 1854. He is survived by his wife and one son.

AMERICAN SAILOR HAS AMNESIA
VIENNA, Monday, May 12.—(By the Associated Press.)—An American mission has been sent to the Ukraine by Captain Thomas Gregory of the Inter-Allied food commission to arrange for an exchange of Austrian manufactured goods for flour and potatoes for use here and for shipments of oil from West Ukraine.

Lieut.-Col. W. A. Jones will be in command of the mission, consisting of three officers and a number of enlisted men. The party will travel by

special train by the way of Stanislaw, Tarnopol and Rovno.

Captain Gregory has arranged for the shipment of 20,000 bushels from Ukraine to Vienna. In spite of the chaotic conditions obtaining in trade, he has asked the American Red Cross to send soap and medicines to the Ukraine, where the need is urgent because of typhus.

At Cleveland, O., an 8-year-old boy signed his name as witness to the wedding of his grandmother.

BRITISH SEEK TO CHANGE PLAN

Renew Efforts To Pool German Ships For Distribution on Basis of Tonnage Loss

U. S. Plan To Retain Ships Interned in American Ports—Allies Lost 2774 Ships

PARIS, May 14. (By the Associated Press.)—Renewed efforts are being made by the British delegation to secure an agreement calling for the pooling of former German merchant vessels and their distribution on a basis of tonnage loss during the war, instead of the plan of the United States retaining those ships interned in America prior to that country's entering the war.

Poland is laying claim to some of the warships surrendered by Germany. She presented her claims to the council of foreign ministers this afternoon.

WASHINGTON, May 14.—Officials here do not believe that renewed efforts by the British government to secure an agreement calling for the pooling of former German merchant vessels will be successful. Opposition by the United States when the

proposal first was advanced defeated the British plan in the supreme economic council, the decisions of which must be unanimous to be binding, and it was said here today that there was no reason to believe that President Wilson had changed his mind on the subject.

ALLIES LOST 2774 SHIPS
LONDON, May 14.—The ministry of shipping today announced that the losses of allied merchantmen through enemy activity in the war were as follows:

	Ships	Tonnage
Great Britain	2197	7,628,000
France	238	697,000
Italy	230	745,000
Japan	29	120,000
United States	50	331,000

In addition, 20 British vessels, aggregating 95,000 tons, were lost on admiralty service.

MORE COMPENSATION FOR LOWELL MAN

(Special to The Sun)

STATE HOUSE, Boston, May 14.—A finding that Michael Crumney of 15 England street, Lowell, is still incapacitated from earning full wages, and that he is entitled to additional compensation under the workmen's compensation law, has been made by William W. Kennard, chairman of the industrial accident board.

Mr. Crumney was formerly employed as a carpenter in the Ray State mills of the American Woollen company. Dec. 19, 1917, he was playing with a buzz plane when the wood jumped and carried his left hand into the plane, all of the fingers being cut off. Compensation was paid him at the rate of \$11 per week, the maximum allowed by the act, until July 22 last, when it was stopped by the Employers' Liability Assurance corporation, which insured the American Woollen company against industrial accidents. On that date Crumney went to work, but claimed that he was obliged, by the condition of his hand, to quit work again Nov. 16th.

Walter L. Leach, master mechanic in the mill at Lowell, testified that he offered Crumney a job as laborer in the yard, and Crumney refused to accept it, saying he had never done that kind of work.

After considering all the evidence, Chairman Kennard made this finding:

"Upon all the evidence I find that the employee still has an earning capacity. There was an opportunity presented him to do laborer's work with the employer. This he did not care to attempt, for the reason that he had never done work of that character. With this feeling I have some sympathy; but, from the standpoint of determining compensation, I also feel that I am bound to take into consideration the fact that the possibility of earning \$16.26 a week, which this job paid, was present. I am, therefore, led, in the absence of further evidence, to find an earning capacity of \$16.26 a week. He testified without contradiction that his wage as a carpenter had been \$30.50. This entitles him, upon the findings made, to partial compensation from Nov. 16, 1918, at the rate of \$9.56 a week, said payments to continue in accordance with the provisions of the compensation act."

Crumney has a wife and two children, a boy and a girl; since he has been out of work the girl has been obliged to leave school and go to work in the mill.

THE METHODIST CENTENARY FUND

BOSTON, May 14.—Bishop Edwin Holt Huxley, resident bishop of New England area, announced today that \$40,000,000 had already been subscribed in advance subscriptions to the Methodist Centenary fund. Although the intensive drive for \$110,000,000 by the Methodists for world reconstruction does not begin till May 15, individual subscriptions have been pouring in at the area headquarters. Buffalo area has already surpassed its annual quota of \$1,491,312, and New York area is well on the way towards its goal of \$1,741,625 per year.

Next Sunday over nine hundred Methodist preachers will launch the drive in the churches all over New England. At a supper held every evening, the daily reports of the progress of each church, group, district and area will be made. May 25 will be Victory Sunday, when all the churches of Methodism will celebrate the raising of the largest sum for practical Christianity ever attempted by any church.

The Boston district headquarters will be established at St. Mark's church, Brookline, under the direction of E. C. Linn, Boston district financial chairman.

TO GIVE RECEPTION AND LUNCHEON

With the coming to Lowell on Friday of this week of Mrs. Percy V. Pennypacker, former president of the National Federation of Women's clubs, a reception and luncheon will be held in her honor in the rooms of the Community Service Club for Girls, in the Daniels building, on Saturday afternoon, and invitations have been sent to all members of the Middlesex Women's club to attend. Mrs. Pennypacker will address a large mass meeting of girls and women at the club on Friday evening, and bring a pertinent message to the young women of the city.

Daily Health Talks

The Troubles Women Have

BY L. MAC LEAN, M. D.

Probably no man in America was ever better qualified to successfully treat the diseases peculiar to women than Dr. Pierce, of Buffalo, N. Y. The cases that come to him run into many thousands, giving him an experience that rarely comes to any one man. Dr. Pierce found that in nearly every case there were certain vegetable growths which rarely failed to give prompt relief in those feminine disorders from which so many women suffer. He combined these roots and herbs into a temperance medicine that he called Dr. Pierce's Favorite Prescription, for that is precisely what it was. This medicine is sold in both liquid and tablet form by druggists everywhere. Favorite Prescription is a distinct remedy for women and acts directly upon the organs that characterize the sex. It is not necessary to take a long course of treatment with this standard medicine. A weak, sickly, backache, headache, nervous, despondent woman, with regular or irregular pains—with feminine disorders that come in youth or middle age—is pretty sure to find in Dr. Pierce's Favorite Prescription the exact remedy that her condition calls for, and to find it after a very few doses are taken. Why women should allow themselves to stay sick when a very little money spent for this remedy will probably make them well, is something no one can explain.

All women who suffer from feminine disorders are invited to write the Faculty of the Invalids' Hotel, Buffalo, N. Y., for free confidential consultation and advice, and druggists everywhere should allow themselves to be guided by the advice of the distinguished corps of physicians which Dr. Pierce has gathered about him in his celebrated Buffalo institution.

When constipation is present with feminine disorders, Dr. Pierce's Pleasant Pellets should be taken along with Favorite Prescription. Try them now! Adv.

FOR NATIONAL GUARD

Sec. of War Baker Would Retain Units of 16 Divisions in Old States

WASHINGTON, May 14.—Approval of the reorganization of the national guard along the same lines as existed before the war was expressed informally yesterday by Secretary Baker. The war department, he said, would favor the retaining of the guard, so as to permit the various states to supply the same units as were used in making up the 16 divisions organized for service in France.

Mr. Baker said it would be necessary, of course, for the militia to embody the changes resulting from experience in the recent war.

Secretary Baker said he thought this might be effected without any additional legislation. For example, where a modern regiment is upwards of 2000 officers and men, a state might have separate battalion organizations instead of the old regimental organizations. This, however, he regarded as a matter of detail.

He expressed the hope that some way would be found to permit the perpetuation of the insignia and unit designations organized in 1917.

SOCIAL AND FRATERNAL

Chief Ranger Thomas C. Mooney presided over the regular meeting of Court Merrimack, 11, P. of A., which was held last evening in Grafton hall. Three applications for membership were received and routine business was transacted. Interesting remarks were made by James St. Hilaire, Thos. F. Kelley, John J. Duffy, Edward J. McInerney, Thomas C. Mooney and John J. McCullough.

Butler Relief Corps

The ladies of the B. P. Butler Relief corps entertained the members of Post 12, G. A. R., at supper in Memorial building recently. Prior to the regular meeting of the corps a conference committee consisting of Commander Page and Comrade Worthen were admitted to make arrangements for the Memorial day dinner. The business session was presided over by Miss Mary Smith. An interesting paper was read by Miss Alice Feich, delegate to the convention in Boston. Plans for the concert to be given at Colonial hall, May 19 and 20, were discussed, and other business was transacted.

FLIGHT AGAIN POSTPONED

DALLAS, Tex., May 14.—The flight of seven air planes from Dallas to Boston was postponed again today on account of unfavorable weather. It is now expected to begin tomorrow morning.

Frank Griswold of Hydeville, Vt., shot six woodchucks in one day.

Costa Rica Reinforcements Arrive

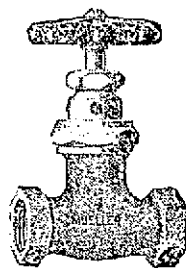

MANAGUA, Nicaragua, Tuesday, May 13.—Joaquin Tinoco, minister of war of Costa Rica, has arrived at the town of Liberia with reinforcements for the Costa Rican government troops, according to reports from the headquarters of the revolutionary army. The government now has more than 3000 men in Liberia and a battle is expected at any time.

No Decision on Surrender of Kaiser

THE HAGUE, May 14.—The Dutch government denies that it has decided to surrender former Emperor William. The question at present, it contends, concerns only Germany and the contents.

THE PEACE CONFERENCE

Called "Best Americanization Agency" by Herbert A. Miller

WASHINGTON, May 14.—The peace conference was called the "best Americanization agency" by Herbert A. Miller, director of the mid-European union and professor sociology in Oberlin college, speaking today before the Americanization conference at the department of the interior.

"Far more than is generally appreciated, the immigrant comes here to get free from political, religious and cultural oppression. It is not without significance that practically no Rumanians or Serbs come here from Rumania or Serbia, but that many come from Austria-Hungary, where the ruling power was trying to kill the national individuality of its subject peoples. The foreign born needs English to protect him from exploitation, but I would not teach it until it was clear that this was not being done to deprive him of his nationality, for that was why he was compelled to learn Magyar, German or Russian."

Hathan Poyser, executive director of the education alliance, New York, likewise emphasized that Americanization was not to be forced on the immigrant, whether he wished it or not.

"The ideals of Americanism can be expressed in Yiddish, Italian or Arabic, as well as in English," he said, "and attacks upon the native language or customs of an alien breed distrust."

FOR ADVANCEMENT OF COLORED PEOPLE

NEW YORK, May 14.—Negroes of the United States are awakening to the need for organization "to assure them the guarantees and privileges of citizenship at present denied them," according to the annual report of the National Association for the Advancement of Colored People, made public today. Throughout the country 85 new branches and 34,712 members, largely colored, were added to the organization, or an increase of 275 per cent in membership and over 100 per cent in the number of branches.

The report says that 67 persons were lynched in 1918, of whom four were white men and five were colored women. Among the offenses charged were creating disturbance, stealing hogs, aiding mob victim in attempt to escape, conspiracy to avenge killing of relative, murder of civilians, shooting and wounding. According to the report the press said three of the victims were innocent.

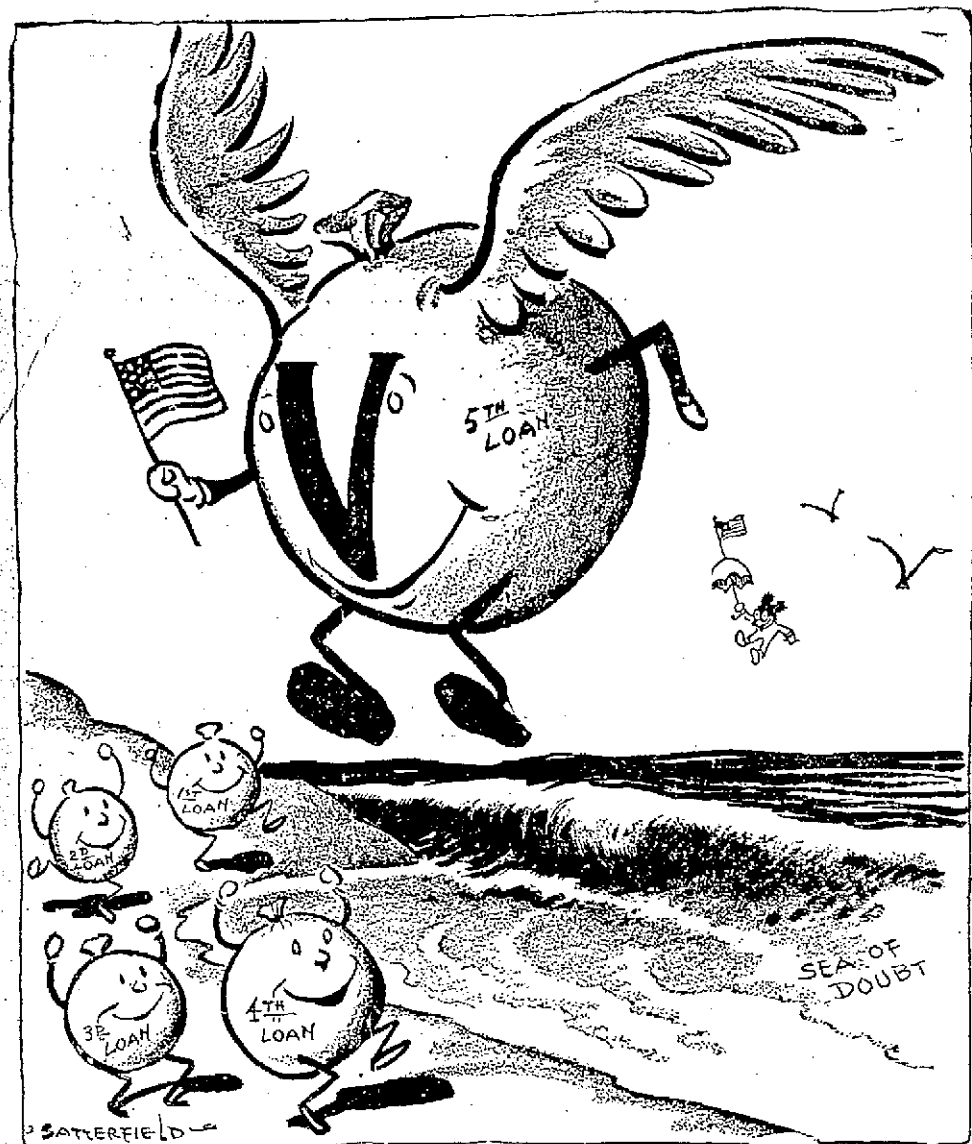

MILWAUKEE NOT TO BAR I.W.W.

MILWAUKEE, May 14.—Mayor Daniel W. Hoan denied a request of a delegation of American Legion members to prevent an I. W. W. meeting Saturday night.

"Persecution creates radicalism of the worst kind and I don't want to increase the strength of the I. W. W. here," said the mayor. "I don't believe it is my duty to set aside the constitution. Men have their rights under it to express their views, but are held to accountability for what they say. We have the police department and the department of justice to see that there is no disorder and apprehend anyone whose utterances are disloyal or illegal."

MRS. ROOSEVELT HOME FROM EUROPE

NEW YORK, May 14.—Mrs. Theodore Roosevelt returned from Europe today on the steamship Giuseppe Verdi, which she boarded at Genoa before the vessel stopped at Marseilles to take on troops. Other than saying she had "a perfectly restful time during the voyage" she would not discuss her trip abroad, where she visited the grave of Quentin, her aviator son.

SEEK INJUNCTION TO BREAK SHOE LOCKOUT

SALEM, May 14.—An injunction to prevent the members of the North Shore Shoe Manufacturers' association from continuing an alleged lockout is asked for in a bill in equity filed in behalf of the Heel Workers' union in the supreme court yesterday.

The bill sets forth that as a result of the refusal of the Donn D. Sargent company of Salem, and the J. H. Baker and T. A. Field shoe companies of Beverly, to grant a new price list, a strike was participating in these three shops. Whereupon, the bill asserts, all the manufacturers connected with the association locked out all the heel workers and others in their employ, despite the fact that there was no grievance presented by the men in any of the shops aside from the three mentioned.

The action of the Manufacturers' association is alleged in the bill to be in the nature of a sympathetic lockout and intended to bring pressure to bear to compel the heel workers in the three shops, where the strike occurred, to go back at the old prices.

The bill is brought by Thomas P. Bates, president, and by four other officers of the Heel Workers' union.

Between 4000 and 5000 shoe workers are said to be affected by the closing of the shops. The Manufacturers' association in a statement issued recently announced themselves as "still willing and anxious that the controversy" existing with the union "be submitted to adjustment as agreed upon" by the representatives of the association and the union on May 8.

CHINA FIRM Stands Against Denomination of Japan

(By the Associated Press)
PARIS, May 13 (delayed)—A message from the Chekiang, dated Hangchow, May 10, and addressed to the Chinese peace delegates, says: "The Assembly is extremely disappointed at hearing that the disposal of Tsingtau has been left to the discretion of Japan alone. All are prepared to do what the crisis demands, but are hoping that you will yet effect a change in the situation. If necessary, withdraw from the conference without signing the protocol. You can depend upon the full moral support of the people at home."

EXPRESS MEN BACK ON JOB
NEW YORK, May 14.—A committee of the employees of the express companies of New York will go to Washington next week to present to W. S. Carter, head of the department of wage conditions, United States railroad administration, the demands of the 12,000 workers who went on strike last week.

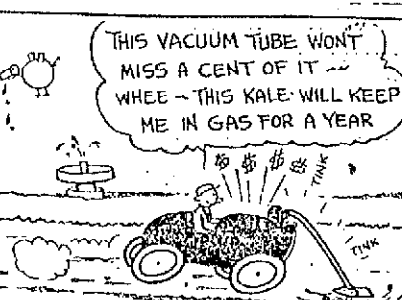

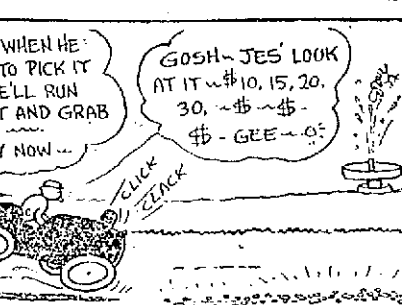

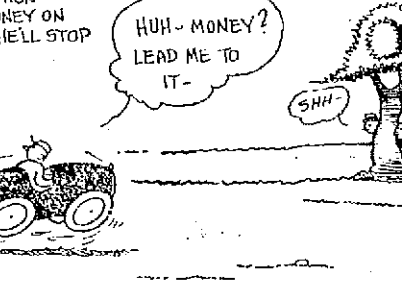

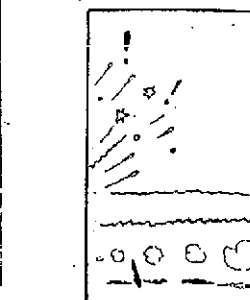

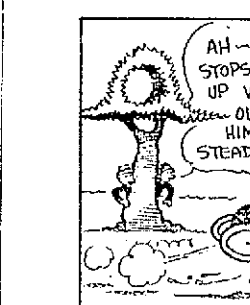

Express traffic conditions assumed a normal basis again yesterday, when 12,000 men who had been out five days returned to their jobs pending the decision of Mr. Carter.

FOOTBALL CHAMPIONSHIP
RIO JANEIRO, Tuesday, May 13.—The Uruguayan association football team defeated Argentina today for the championship of South America, 2 to 2.

LOWELL CHORAL SOCIETY

Presents Gounod's "Faust"
to Capacity Audience at
the Strand Theatre

No better program of music has ever been given by the Lowell Choral Society in its many years of existence than its presentation of Gounod's tuneful opera "Faust," at the Strand theatre last evening. With a chorus even above the usual standard and with five soloists of admirable talent, together with an audience that completely filled the large theatre the result was inspiring and fully commended the choice of the society in again doing this ever popular and majestic work.

The soloists were Anapario Parrar, soprano; Mianru Komenarski, contralto; Paul Althouse, tenor; Carl Formes, baritone, and Willard Flint, bass. No better selection could be wished as each sang a strong and refreshing personality into the roles and each possessed a voice of clarity and beauty.

Miss Farrar, Miss Komenarski and Mr. Formes are newcomers to Lowell and they were most cordially received. Mr. Althouse always will be welcome here. Few tenors in the country have his ability and his singing last night was beautifully sustained. His head tones were as clear and resonant as precisely struck bells and he managed his difficult part with apparent ease. Singing societies generally turn to Willard Flint for the portrayal of the role of Mephistopheles and he never disappoints. He has sung it so many times that he cast aside his score long ago and seems to more actually live the sinister part year after year. He takes liberties with the text others hesitate in doing but he impersonates the satanical ruler far better than any other singer in mind.

Miss Farrar has come rapidly to the front in New York and rightly so, it would seem. She has a voice of rare

beauty, well modulated and under perfect control; never too heavy and yet adequate to all the demands made upon it. Her upper register is as pure and clear as crystal. Miss Komenarski skilfully carried the roles of Martha and Siebel. She possesses a contralto voice of wide range and although she was not called upon to do a great amount of work, that which she did, was well accomplished. Mr. Formes gave evidence of a fine understanding of the role of Valentine and sang with a great deal of spirit and in excellent voice.

The chorus under the exacting baton of Eusebius C. Hood rose to new heights of accomplishment, and although many of the splendid choruses in the opera run along almost without the aid of a guiding hand, this season's singers seemed to impart a new breath of life and rhythm. At the conclusion of "The Soldiers' Chorus" the society members were brought to their feet by the director to acknowledge the appreciation of the audience.

The Boston Festival orchestra gave excellent support to the singers and Wilfred Kershaw at the organ was a bulwark of strength.

ANOTHER TROOPSHIP IN

The Luckenbach, With 2300
Troops, Reaches Boston—
Given Big Reception

BOSTON, May 14.—The transport E. J. Luckenbach with 2300 officers and men of the 126th infantry which is composed largely of Michigan troops, docked early today. After receiving a hearty harbor and pier reception the men were sent to Camp Devens, Colonel W. W. Ollison was in command. A message from the transport Tolla, which is carrying 1129 officers and men, including the 121st Machine Gun battalion, said she expected to reach here before midnight and dock early tomorrow.

Peptiron is a remarkably effective, agreeable and easily assimilated combination of pepsin, nux, iron, celery and other great tonics and digestives. Good for the prostration following the grip and other epidemics, paleness, nervousness, nervous prostration, neuralgia, nervous dyspepsia, sleeplessness. One or two Peptiron after meals (see the economy?) do the work.

Made by C. I. Hood Co., Lowell, Mass.

WOMEN ELIGIBLE FOR
AMERICAN LEGION

NEW YORK, May 14.—Women who engaged in war service, including yeomen (F), army clerks, nurses and marine corps girls, are eligible for membership in the American Legion, according to a statement issued today from the national headquarters here.

So many inquiries have come that it has been decided to issue a formal notice that any person who enlisted in the army, the navy and the marine corps, is eligible for membership. Two yeomenettes were delegates at the national caucus last week in St. Louis. Preparations are under way to form the first women's post. Whether women will join men's posts or form separate ones, is to be left to the discretion of the local posts.

AMUSEMENT NOTES

Below is what the press agents of the different theatres say of the current attractions and of others to come.

H. F. KEITH'S THEATRE

When Billie Reeves stumbles onto the stage at the Keith theatre, this week, it is a sign to begin laughing. Once you start, you don't stop. Reeves is a comedian of note, and it is a very human little play, holding a few stiff punches at those who fail to duly appreciate mothers. Hank Brown is a comedian of note, and Work & Keit are comedy acrobats. Top and Bottom are dancers and Leonard and Willard are singers and funny chatterboxes.

THE STRAND

Sessue Hayakawa, the remarkable Japanese stage and film star in his newest picturization, "A Heart in Pawn," is one of the most artistic and truly good picture stories shown on a local screen in some months. You'll like it for the story itself and the finished manner in which it is picturized.

"Ginger" with Violet Palmer as the star is the other good thing on the bill that will serve to satisfy the varied wants of patrons. It's a lively, peppy sort of a creation that has all the elements of adventure and action that could be desired. Miss Palmer's work is excellent. The other picture contributions are a comedy and Universal Weekly, and the song numbers by Miss Edna Ray are good. Beginning with matinee tomorrow Gladys Brockwell in "Pittfalls of a Big City," and Pauline Frederick, the Goldwyn star, in "One Week of Life," will be shown. These two big special pictures and other new features will make the bill really worth while. And 10 cents sees it all.

LOWELL OPERA HOUSE
"Another Man's Shoes," the far-well presentation by the popular Emerson All Star Players at the Lowell Opera House, is creating no end of favorable comment. It's advisable to see the Players in their last production of the season and enjoy their marked cleverness in a new sort of presentation.

THE
Price of a Good Cup of Coffee

A good cup of coffee is really the beverage slogan of the United States. Everybody wants a good cup of coffee, and if they haven't found it they're searching for it.

Good things cost more than inferior things. Price has everything to do with quality. Especially is this true of coffee.

Good coffee trees don't grow on poor land—and rich land means rich fertilization, intensive cultivation, constant care, extra expense.

So when you are told that a grade of coffee selling at 30, 35 or 40 cents a pound is just as good as coffee sold for 48 cents a pound, you know "somebody" is stretching a point or two.

Difference in price has everything to do with the difference in one cup of coffee from another.

It is the difference between the selected, choice, perfectly roasted bean and the scrawny, dry, bitter bean that grew on the poor tree.

It is the difference between a plantation famed for its coffee crops and its rich land and trees and the plantation whose only farmer is sun and rain and whose trees are neglected because the word "quality" is not the idea that's running the plantation.

And who wants to waste money by buying poor coffee? When you buy cheap coffee you do not really save a few cents per pound, but you waste the actual price paid for the coffee.

"It's the Bean"

THAT'S WHY

PEOPLE WHO USE QUINBY'S

La Touraine
SAY IT'S The Perfect Coffee

LOWELL MAN HONORED

Principal Mahoney of Normal
School, Head of Ameri-
canization Committee

WASHINGTON, May 14.—Development of comprehensive plans for making citizens of foreign-born residents of the United States was placed in the hands of two committees of experts yesterday by the Americanization conference being held at the interior de-

partment.

John J. Mahoney of Lowell, Mass., was named chairman of the committee one of the essentials to a successful at the conference have emphasized as one of the essentials to a successful Americanization program. Associated with him are A. E. Jenks, Minneapolis; Don D. Lescobier, Madison, Wis.; George Smith, Buffalo; Miss F. K. Wetmore, Chicago; William McAndrew, New York; and E. R. Wiles, Akron, O.

The other committee, headed by W. M. Roberts, Chicago, will undertake to develop more effective methods of teaching English to aliens. The membership includes H. H. Goldberger, New York; Dr. Peter Roberts, New York;

Charles F. Towne, Boston; Charles E. Finch, Rochester, N. Y., and T. E. Spencer, St. Louis.

The need of teaching English to alien employees of America's huge industrial plants occupied the delegates at the afternoon session. John A. Carrel, chief of the safety bureau of the Carnegie Steel company, declared that the meaning of cautionary signs in many factories was unintelligible because employees could not read the English language.

Bernard J. Newman of the United States public health service also said it was essential for aliens to learn English to protect their physical well-being.

BOY PRODIGY JAILED

Sidis, Who Graduated From
Harvard at 15, Admits
Carrying Red Flag

BOSTON, May 14.—After he had told the court that he believed in the soviet form of government, but that he countenanced the use of force "only in case it should be necessary," William James Sidis, 21 years old, was sentenced in the Roxbury municipal court yesterday to six months in the house of correction for rioting and one year for assault upon a police officer in the May day radical demonstration in the Roxbury district. Sidis was graduated from Harvard university at the age of 15 and is the son of Dr. Boris Sidis, a psychopathologist.

Sidis admitted that he carried a red flag while going "with the crowd" from one hall to another. He said that there was no organized parade. Asked to give a brief description of the soviet form of government, he said:

"The general principle is that those who do socially useful work are to control the government and industries of the country."

Justice Albert F. Hayden took a hand in the questioning and asked Sidis if he believed in a God. Sidis replied that he did not believe in "the kind of a God that is the big boss of the Christians."

"Do you believe in what the American flag stands for?" asked the court. Sidis said he believed in it "in certain ways" and that he believed in the American form of government "to the extent of the Declaration of Independence."

Sidis appealed and was held in \$5000 bonds. Eleven others sentenced on the same charges to terms ranging from six months to a year and a half also appealed and were held in \$1000 each. The few remaining cases in connection with the disturbance were put over until May 22.

REACHING OUTDOOR WORKERS

This is the season when things out of doors have the call. We mean things that have to be bought, such as awnings, swings, hammocks, garden tools, hose, seed, lawn mowers, tennis equipment, croquet sets, children's carts, wheelbarrows, shrubs and plants. Oh there is a lot of things the lover of out-of-door life demands in order completely to enjoy the sunshine and the joy of working in a garden.

Advertising is one of the greatest services in commerce and the thing that makes it great is the power of suggestion. Yet the power of suggestion can be no stronger than is the advertiser's knack of persuasion.

Advertisers suggest and persuade to all of these out-of-door folk that you have things for their outdoor needs. When they think of buying something, the evening paper is the first thing to which these people turn. Show them they need look no further. You can do it if your ad is in

THE SUN

Lowell's Greatest Newspaper

CHANCE TO CRITICIZE

It is not often that a soldier has a chance to criticize his superior officers, and still less often is he invited by those officers to express an opinion of them, whether favorable or the reverse.

The men of many regiments, previous to their discharge at Camp Devens, recently, were given questionnaires to fill out giving their opinions of the service, the discipline, the management and treatment of the troops, and whether they have gained anything by their experience. They were told that their answers, even though severely criticizing the war department, would not be held against them. Hence the men undoubtedly spoke their minds freely.

As a result, the department has now in hand many statements severely criticizing certain features of the military service, certain policies which were considered unfair, and orders which were regarded as expensive blunders. From all this, the war department will learn certain things that it did not know before and it will know in advance, at least, some of the stories which the men will tell after they doff their uniform. There is a sentiment spreading among the soldiers return, that if the needs of the country should ever again require them to go through a similar experience, they would go only under rigid compulsion. That seems to be the feeling of some who had to serve in the thick of the fight, had to sleep in muddy trenches when they slept at all, and had to go for days without food. The number of such men one would expect to be comparatively small, and those who went through such an experience may well be excused if their answer to the question whether they would again volunteer, is: "Never again for me."

BOLSHEVISM GONE MAD

The latest news from Russia indicates that the Bolshevik element is resorting to the most horrible means to bring everything in the line of religion and morality into contempt. The extremes resorted to are utterly shocking and unmentionable. Nothing recorded in human history in the last 2000 years has reached such a depth of human depravity. The proceedings staged by some of the leaders in the so-called soviet councils are so far beneath anything that has heretofore occurred as to be utterly astounding. German outrages, rapine and plunder, in their worst form, were mild as compared with the events of daily occurrence in parts of Russia at the present time. Men seem to have been transformed into wild beasts as they revel in the destruction and destruction of everything that humanity, culture and religion have been accustomed to hold sacred. The reports from the Russian soviet should be sufficient to make all the elements that stand for law and order, for justice and religion, against every phase of this new scourge of humanity known as Bolshevism.

REPUBLICAN FACTIONS

Already, the republican leaders in congress are confronted with factional elements that threaten to overthrow the supremacy of the old guard that elected them from power by the democrats and of which Senator Lodge is leader

and Senator Penrose the actual boss.

The progressives are showing signs of asserting their power in concrete form in favor of the advanced policies for which they followed Roosevelt in bolting the republican party some years ago. They will not bend submissively to the dictation of Penrose, Lodge, Sherman, Brandegee and other reactionaries. They do not want a return to the policies of Mark Hanna, which alone will satisfy Penrose and many other leading republicans.

They are marking time on the League of Nations in order to see the trend of public sentiment which is already setting strongly in favor of the league. They want also to get the feeling of the soldiers in regard to the matter, but they will find most of them in favor of the covenant framed to prevent war and maintain peace.

SLANDERING US

That bitter attack upon the United States, coming from a Brazil paper, has a peculiarly pro-German ring. Its apparent aim is to stir up prejudice in the South American republics against the United States by making it appear that we are planning to exploit these southern republics and trying to precipitate revolution in Mexico. Madeiros Albuquerque, the author of the attack, appears to have learned the art of lying in some German factory. Had he been trained under Count Bernstorff, he could not have done a better job or put together a more vicious falsehood. To say that the United States is trying to get control of Brazil is too foolish even for the author of the statement to believe. He knows better; but perhaps he is well paid for his statements. The German propagandists are not all dead and there are many Germans in Brazil.

SENATOR BORAH

Senator Borah threatens to bolt the republican party should it approve the League of Nations. The senator came into the republican party after a period of enthusiastic support of William Jennings Bryan and his free silver policies. Should he leave the republican party now, he would have to constitute a political party of one as the democrats would not wish to have any such political counter-jumper in their ranks. As for the defunct progressives, they would regard Borah as qualified to go backward rather than forward. The League of Nations is intended for a good purpose and the people want it. There is foolish talk of a referendum of the entire people of the country, regardless of party, on the adoption of the league's constitution. That should be unnecessary if the senators would show common sense and do their full duty regardless of party politics. Such a course, however, is hardly to be expected from a party so hungry for office as are the republicans, with the presidential election only one year away.

COLLEGE COURSES

It appears that some colleges are to revise their courses. It is especially high time they should do so. Many of them have been hotbeds of socialism and other revolutionary theories of a very dangerous character. Columbia has seen the error of her ways and hereafter, a knowledge of the bible will be a prerequisite for matriculation in that seat of learning. Several other colleges have similarly shifted on their heels and the president of Yale is among those who have come to the front in favor of genuine Americanism. This is refresh-

ing inasmuch as it is not so long ago since a socialistic preacher was called from Lowell to become a professor at Tufts. The war has opened the eyes of college men and a great many others, let us hope, for the enlightenment of all.

SAFEGUARD CITY

We feel that it would be good policy for the municipal council to ascertain whether the present charter prohibits the mayor of the city from going over the head of the municipal council and hiring outside lawyers to handle cases brought by himself personally as mayor, in order to defend some action or conduct some litigation which he has projected without any authority from the municipal council.

We do not insinuate that the present mayor would do anything of this kind, but it is not impossible that some future mayor might ask the city to pay for lawyers whom he employed to do work which properly devolved upon the city solicitor. The city should not be called upon to pay two men for the work of one, nor should it be asked to pay for services which were not legally authorized.

SIX HOUR DAY

Out in Toledo, there is a body of men on strike at the Overland automobile factory. They are demanding a six hour day and a \$10 wage as a minimum. Other unions in that city are on strike for a 44 hour day with higher wages. We do not know the merits of the issues involved in the Toledo controversies, but it seems obvious that persistent and continuous demands for shorter hours and increased wages must finally reach a point at which the industries will have to suspend. How this extreme will help labor is difficult to determine.

PRICES ADVANCED

The prices of commodities for April advanced one per cent over the prices prevailing in the previous month, according to Dunn's review. The opinion now prevails that prices are stabilized and not at all likely to undergo any reduction in the coming season, although they may actually be increased.

Perhaps the people who are leading the anti-peace demonstrations in Germany may be pacified by armies of occupation despatched by the allies to deal with Germany and quell whatever resistance may be offered to the terms of the treaty. We surmise, however, that by the end of the fifteen day period, the leaders of the German opposition to the treaty may revise their views and decide that the best interests of Germany will be served by signing the treaty. In that they will be right, despite all protests to the contrary.

We wonder if the ill luck proverbially supposed to accompany the habit of over indulging in liquor, will have proved itself a certainty in the case of that Lowell man arrested over in Fitchburg two days ago. He got drunk and had no better sense than to drive an automobile through Fitchburg streets. As ill luck would have it, he collided with the police patrol and the officers made short work of taking him to the station. He is hardly in a position to put up a successful alibi.

A story comes from Albany to the effect that skillful thieves in that city set out to rob a two story brick building and did it so skillfully that when they pronounced the job done, they had taken away all the bricks and fixtures of every kind. Without further comment, you may know from this that Albany is not a place where one may leave his washing out over night with safety.

Boston papers are giving our city some good advertising in the matter of our being able to buy milk cheaper than formerly. It is mentioned as a feather in our cap that not only do we buy milk at 11 cents the quart, but our kindly cowmasters dispense the lactical fluid at the rate of 7 cents a pint, thus relieving the small buyer from the "gyping" process successfully practiced in Boston.

We have all had vivid illustrations of German hate, but can we ever hear as had swearing in the Hun tongue as what may be expected when the German ship workers start building ships to be turned over to the allies to replace, ton for ton, the ships her sea addlers, the U-boats, sank?

In these prosperous times almost any man can make money, but he can't make it buy anything worth mentioning.

The socialist is a man who believes in dividing all fortunes that are greater than his own.

THE MAN ABOUT TOWN

In my wanderings about town I passed up Andover street recently and was amazed to see the condition of that thoroughfare. Two or three years ago that street from Nesmith was supposed to have been modernized in the most scientific manner, but it is now almost ruined as a roadway from Westworth avenue to Clark road. To mention the specific conditions it may be said that of the two hills between Concord and Nesmith streets, the only world appropriate to describe them is "shocking." No tar was used in these places and the fine material is being washed away, leaving the larger stones to roll under the wheels of motor and other vehicles. If something is not done over there, that particular street will have to be entirely rebuilt within a year or two.

Despite the fact that he is a very busy man Undertaker Amedee Archambault can always find spare time to devote to gardening, and there is nothing, he says, he likes better. Mr. Archambault cultivates about an acre of land in the vicinity of St. Joseph's cemetery and his efforts for the past few years have been crowned with success. He refers to his acre of land as his "farm," and he says the only work he does not do himself is that of plowing and harrowing. Mr. Archambault believes in early planting and he was telling me yesterday that his peas are about two inches in height, while his potatoes, which were planted a couple of weeks ago, are breaking through the ground. The corn is also coming out, while the onions are doing very well.

There is another very busy man who is vitally interested in gardening and that is Hugh Downey, deputy superintendent of police, who is now getting ready to cultivate a large plot of land on the Lowell Textile school grounds in Pawtucketville. Mr. Downey is employed until 6 o'clock every day, but that does not prevent him from handling the hoe and he likes it, too. Last year he cultivated a large plot of land in Middlesex Village and his crop was very good, but this year he has taken a lot in Pawtucketville and he proposes to show the amateur gardeners of that district a thing or two about farming. He proposes to plant potatoes, beans, corn, tomatoes, carrots, beets and other light stuff such as lettuce, radishes, etc., and it is safe to assume that every inch of ground included in Mr. Downey's garden will be looked after in a very careful manner.

It is generally understood by those conversant with city hall affairs that the written suggestions for a mammoth celebration for Lowell's soldiers and sailors on July 4, when Commissioner Marchand presented at Tuesday's meeting of the municipal council had its origin with a prominent local military man and that the latter is willing to work with might and main to make the proposed celebration a success. The suggestions as submitted to the council by Commissioner Marchand call for extensive advertising of the affair all over New England so that Lowell may be a Mecca for the entire section of the country in this vicinity on the holiday. Reference was made to the big celebration of 1914 which brought many thousands of visitors here and enabled local merchants to reap a harvest. Mayor Thompson, himself, has mentioned July 4 as a possible date for the city's formal welcome home to her fighting men but just now he is not sure that all or nearly all of them will be home by that date. The celebration matter now lies in his hands as the suggestion brought up Tuesday was referred to him.

SEEN AND HEARD

Little sob scene: Six-year-old urchin standing in the rain waiting for an "extra copper" to pay the tax on his movie ticket.

Many an Easter bonnet lay morosely on a high shelf last Sunday wondering if the weather man ever got a new suit of clothes himself.

It was a darned game fisherman that fooled around in a hat-bolted mudroom all day Sunday, waiting for the fish that are supposed to bite on rainy days but more often don't.

These days we go to see "Oh, Lady, Lady," "Tumble In" and "Take It From Me," but in the good old days of long ago, Charles Collette, a London actor, played in "Cryptophononhypsophonostomatia," a peach of a farce.

In these gladsonic spring days the youth but seldom remembers that Dr. Henry Gibbons said a kiss is "the anatomical juxtaposition of two orifices."

Don't Suffer

MANY men and women are suffering because they are treating effects instead of removing causes. Why bother with liniments and lotions for rheumatic pains, backache, stiff joints, sore muscles, biliousness, nervousness, floating specks in the vision, dizziness, puffy pouches under the eyes, or other symptoms of kidney trouble when the kidneys can be made well and strong, thus removing the cause of the symptoms?

Foley Kidney Pills

Have been used for kidney trouble and bladder ailments by men and women with success for many years. They are the only pills that cure the trouble, invigorating and strengthening, lessening and soothing weak, sore or disordered kidneys and bladder. They help the kidneys throw out of the blood the waste and poisons that cause the symptoms of kidney trouble.

O. W. Wellesinger, 2321 Buena Vista, San Antonio, Tex., writes: "I suffered more or less with kidney and bladder trouble for the past ten years. The only thing I have ever been able to get relief from was Foley Kidney Pills. I especially recommend them to all suffering from kidney or bladder trouble."

Berkshire Drug Co., 415 Middlesex street; Moody's, 301 Central street.

WELCOME HOME DINNER FOR LOWELL BOYS

Lowell boys in the 101st Regiment will be tendered a "welcome home" banquet in Associate hall, Wednesday evening, May 28. It was definitely decided at a meeting of the 101st Auxiliary at the war work headquarters last evening. There was some discussion about having the affair in the state armory, but when put to a vote, Associate hall was decided upon as the more central location.

Other matters taken up were a discussion of plans for a whist party in Y.M.C.I. hall tomorrow evening, the hearing of reports from the Boston headquarters and the distribution of group pictures, recently taken, among the members present.

PETITION IN BANKRUPTCY

Lowell savings banks are the principal creditors in a bankruptcy petition filed in Boston by Timothy Regan, builder and contractor of 33 Chester street, that city. His liabilities total \$105,273, and his assets \$1250. The Lowell Institute for Savings is a creditor in the sum of \$45,000 and the Lowell Five Cent Savings bank \$32,000, all secured.

"TIZ" FOR TIRED, PUFFED-UP FEET

Instant Relief for Sore, Aching, Tender, Calloused Feet and Corns.

"Pull, Johnny, Pull!"

You're footsick! Your feet feel tired, puffed-up, chafed, aching, sore, and they need "Tiz." "Tiz" makes feet remarkably fresh and sore-proof. "Tiz" takes the pain and burn right out of corns, calluses and bunions. "Tiz" is the greatest foot-gladdener the world has ever known. Get a 2-cent box of "Tiz" at any drug store and end foot torture for a whole year. Never have tired, aching, sweaty, smelly feet; your shoes will fit fine and you'll only wish you had tried "Tiz" sooner. Accept no substitute.

DORMITORIES AT STATE NORMAL SCHOOL

(Special to The Sun)

STATE HOUSE, Boston, May 14.—Representative Victor F. Jewett of Lowell spoke before the house ways and means committee yesterday in support of the resolve providing for

an investigation and report by the board of education relative to the purchase of land and erection of dormitories for use of the State Normal school at Lowell. Rep. Jewett filed a bill in the legislature appropriating a sum which was not named at the time of filing for the purpose of purchasing land adjacent to the school.

The committee on education, to which the matter was referred, substituted the resolve above mentioned, which does not require a special appropriation. Mr. Jewett said the resolve was quite satisfactory to him and the ways and means committee will report favorably on the question.

ROYT.

REHABILITATION OF DISABLED FIGHTERS

Every Tuesday hereafter for an indefinite length of time a representative of the federal board for vocational education dealing expressly with the rehabilitation of disabled soldiers and sailors will be at the rooms of the local Red Cross chapter, 81 Merrimack street, for the purpose of interviewing all men, discharged from the service, who have a disability of any kind. P. W. L. Cox, district representative, was at the rooms yesterday and will continue to come to Lowell for several weeks, after which time his place will be taken by another representative.

The object of the weekly visits is to talk with every disabled man, no matter how slight his disability, and whether or not it was sustained in line of actual duty while in the service. The question of compensation not only will be explained, but the

VALGAR DEFEATS BRITT VERY IMPORTANT BOUT

French Flash Awarded Decision—Boyle and Parker Matched For June 3

Winner of Shubert-Louisiana Bout Promised Local Match With Valgar

BOSTON, May 14.—Boston fight fans saw a wonderful little fighting machine go down to defeat at the hands of a crafty ring general last night when Benny Valgar of New York was awarded the decision over Frankie Britt of New Bedford in a 12-round bout at the Armory A.A. It was a battle second to none for interest and excitement furnished in every round. A rapid-fire exchange of blows was in order from opening to closing round, with both men giving and taking punishment unflinchingly. Valgar, the cleverer of the two, took an early lead with left jabs to the face. Britt, ordinarily one of the greatest defensive fighters of his weight, was unable to devise a way to block Valgar's fast-shooting right and left blows to the face. It was a hard fight for Britt to lose inasmuch as he did considerable forcing.

The setback came as a great surprise to the followers of Britt, who, after years of labor, was about to reach the crest. It was the first time in several fights that Britt was declared a loser, and the defeat virtually means that he will have to begin all over again. Frankie was hardly discouraged over his defeat and, while he was eager to win, he was the first to congratulate the little New Yorker.

While there was plenty of action in every round, the fifth stand-out in progress for real hard fighting. Valgar worked like a streak, snatching home rights and lefts to Britt's face and body until it seemed that the local man must cave in. But he was game and battled with all the aggressiveness and doggedness for which he is famous, and when the round ended was in just as good condition as Valgar.

Nothing succeeds like a winner, and when Larry Conley raised Valgar's hand in token of victory the gathering, which was the largest that ever crowded its way into the Grand Opera House, broke into tumultuous applause.

Previous to the main squabble Phil Christie and Freddie Madden kept the crowd on edge in an eight-round battle that ended in a draw.

George Robinson and Young Aboorn will box in the feature number at the club next Tuesday night, and June 3 Charlie Parker and Phiney Boyle will be the headliners.

Both are out to win, and are in good condition for the mill.

Frankie Walsh and Teddy Murphy, who will meet in the second 10-round event, are clever little fighters, and as setting the stage for a great fight, the match is attracting great interest. Tommy Doyle and Kid Leo will meet in the other 10-round number, and there will be one six-round preliminary.

Many inquiries have been received relative to the placing of the referee at the Triangle A.A. It was announced that he was Billy Clark, but investigation disclosed that he is none other than William McMenamin, the popular state representative from Cambridge. McMenamin has been a close student of the boxing game for many years and is regarded as one of the greatest friends of the game now in the state house.

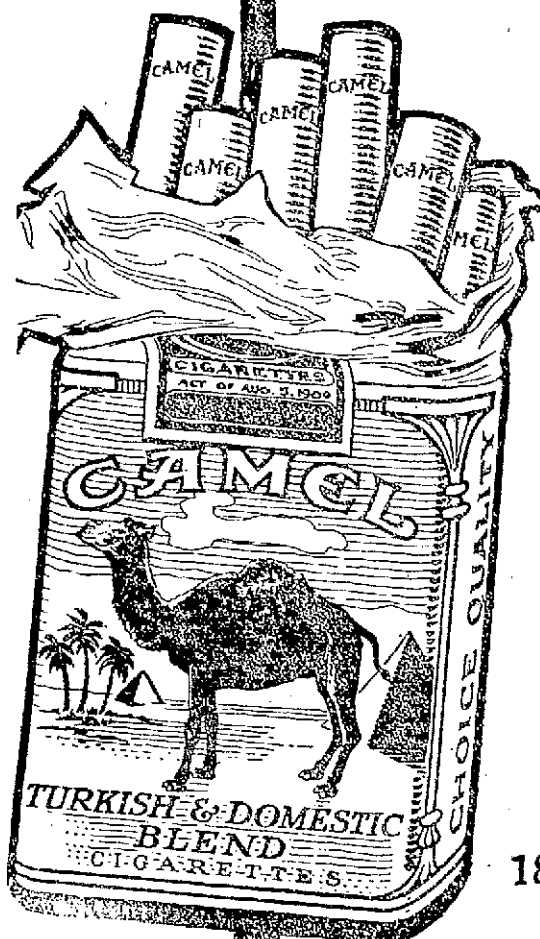

NAME BASEBALL TEAM

Send Suggestions to Sun Sporting Editor and Win Everlasting Fame

No baseball team in any burg in the country, no matter how small the town, and no matter how verdant the league, can exist for long without having a designating name attached by which it is universally known. To wit: Red Sox, Braves, Yankees, Cubs, Pirates, Athletics, Senators, Cardinals, Braves, Indians, etc., etc. These are the names they are known by and only seldom is the city name used when speaking or writing of the club. It's baseball sentimentality to a great extent, and such names are as sacred in the history of the great national game and as fraught with meaning and traditions as the names of Lexington, Concord and Bunker Hill. "The old Baltimore team" doesn't mean a quarter as much as "the old Baltimore Orioles." And so it goes.

Now it comes down to the issue at hand. Lowell is going to have a club in the rejuvenated New England league this season and it must have a popular name attached, even as the club of a few years ago went under the cognomen of "The Grays," for Jimmy Gray, now passed beyond, left in the office a request for suggestions. The club there shall be known as the Lowell Red Sox. That is easy enough to figure out, being as how Bill Carrigan and Fred Parent are interested in the team. But how about Lowell? What do you, Mr. Fan, think the local team should be called? Pick Conway is the owner and Mike Hayden, the catcher-manager. Does that suggest anything to you? Does our geographical place on the map of New England suggest anything? Do our industries bring any thought to mind? What do you say? The Sun offers you an opportunity to

Camel Cigarettes

CAMEL CIGARETTES win smokers from the start because the expertly blended choice Turkish and choice Domestic tobaccos make possible Camel's delightful mellow-mildness with that all-there "body."

Camels meet your fondest cigarette fancies in so many ways. Their flavor is unusual and refreshing; and, they permit you to smoke as long as you will without any unpleasant cigarette aftertaste or unpleasant cigarette odor.

You'll find Camels good all the way through. It is a fact, you'll prefer Camels expert blend of choice Turkish and choice Domestic tobaccos to either kind of tobacco smoked straight. And, Camels may be smoked liberally without tiring your taste.

To know Camels best compare them in every possible test with any cigarette in the world at any price!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

Drink Coca-Cola

DELICIOUS and REFRESHING

The taste is the test of Coca-Cola quality. The flavor is the quality itself.

Nobody has ever been able to successfully imitate it, because its quality is indelibly registered in the taste of the American public.

Demand the genuine by full name—nicknames encourage substitution.

THE COCA-COLA CO. ATLANTA, GA.

name the team, or at least suggest a name, and from all the suggestions, let's pick one which will stick closer to the home than any other. The present board of judges, now let the names flock in. The more names suggested, the better popular motion picture the club will be. Address your suggestion to The Sun Sporting Editor and either mail it or leave it in the office. The reasons for your suggestion might accompany the name you choose. Sign your name to the letter. All the suggestions submitted will be printed.

Pittsfield of the Eastern association has just named her team "The Hillies," which, of course, came from her location in the Berkshire hills. This name was picked from 510 suggestions. Let a sea Lowell fans go that record 500 better.

DIAMOND NOTES

Property owners in the vicinity of O'Sullivan park in Lawrence, where this year's N. E. league games will be played, have asked the Lawrence city government to hold up a contract with the league owners until such time as they have been assured that they will be fully recompensed for damage done their property. They charge that many windows have been broken by baseballs in previous seasons and their properties also have suffered damage by the action of youngsters loitering outside the park.

Pitcher Dick Durning, formerly with Portland in the New England league, has recently purchased the property of the Portland Nationals, has been sold to the Toledo A. A. club. Durning was given a tryout with Louisville, but was shipped back to the Dodgers because of the 16-player limit in the association.

With a player limit of 12 in the New England league a club will have to breeze along with three pitchers if a man is to be retained as utility, or a second string catcher.

A three-cornered deal for players is under way by the Giants, St. Louis National and Washington. Under the proposed swap, Robertson of the Giants would go to St. Louis for Catcher Gonzalez and the St. Louis club would get Shortstop Lavan of Washington for Robertson. A similar deal was blocked last winter by Pittsburgh which refused to grant waivers on Robertson.

The Eastern association with teams in the western part of Massachusetts, Connecticut and Rhode Island starts its playing schedule today. The park at Pittsfield is not ready for use and the opening game with Springfield will be played on the city common.

Of the Boston National league team of only six years ago, only two players are now remain with the club. Mar-

anville and Dick Rudolph. Some of the members of the Braves of that year were Connolly, Sweney, Collins, Corviss, Bert Whiting and Jay Kirke, all passed out of the big show.

Looks like a heavy jolt in the ribs the National league has handed the minor organizations in the country when the player limit in the old major league has been raised to 25 from 20, owing as they say to an inability to place superfluous players in junior camps. It has always been believed that minor league managers were only too glad to pick up major league cast-offs. Perhaps the Class AA and A leagues are all filled up, but there must be several men being carried on big league rosters who are not too fast for strictly Class B leagues.

M'CANN TRAVELS FAST IN THE SOUTH

A widely known Lowell boy, Arthur J. McCann, formerly a top notch track man at the local high school, and now a student at Georgetown university, started at the seventh annual track and field championship meet of the South Atlantic Intercollegiate A. A. held at Homewood, Md., last Saturday. He won both hurdle events (the 120-yard high and the 220-yard low) and finished only inches behind Legendre of Georgetown in the century dash. Legendre was the national pentathlon winner at the recent Philadelphia games. McCann had a very busy afternoon as he had to run through 10 heats before the meet came to a close. He won his heat in the 220-yard dash and also the first semi-final, but failed to place in the final. He also leaped 20 feet in the running broad jump, but failed to get inside the money.

No Lowell high school boy in recent years has made such an enviable record in college athletics as has Art McCann and he bids fair to make his mark in the higher university annals before his graduation.

GOZALEZ GOES TO GIANTS HAVANA, May 14.—Miguel Gonzalez, formerly catcher for the St. Louis Nationals, has been ordered to report to the New York Giants.

EASTERN LEAGUE OPENS NEW HAVEN, Conn., May 12.—Playing in the Eastern Baseball league will begin this afternoon with games at Bridgeport, Waterbury, Pittsfield and Worcester. A good season, increasing interest and support with well balanced teams under the Class A rating, are forecast by those closest to the management of the league.

AMATEUR BASEBALL

The manager of the Crystals would like to hear from the managers of 14 or 16-year-old teams. Answer through this paper.

The United A.C. defeated the Blossom Stars yesterday for the third time this season, and would like games in the future with 15 or 16-year-old clubs. Send challenges through this paper.

The undefeated St. Peter's A.A. would like to arrange games with the fastest amateur teams in the city or state. May 17 is an open date. Games may be secured by challenging through this paper or by writing to W. Mitchell, 50 Kent street.

The Franklin A.C. defeated St. Peter's 8-5 on the South common Saturday, 4 to 2. Nelligan's hitting featured a close and well played game. The Franklins would like games with 15 or 16-year-old teams, the White Eagles preferred.

STRANGLER LEWIS TO TRAIN DEMPSEY

CHICAGO, May 14.—Jack Dempsey has engaged Strangler Lewis, wrestler, as one of his sparring partners for training for his fight with Jesse Williams. Lewis will leave for Toledo, the scene of the fight, after his match with Zhyssko here next Monday. Dempsey resumed his journey today by automobile to Toledo. He has been at Excelsior Springs, Mo., for more than a week and slipped over here to rest for a couple of days.

HOW TO SELECT TOMATO PLANTS

There are two distinct types of tomato plants that are usually on sale by the dozen lots about this time of year. During the next few weeks one may see these displayed for sale in the various hardware, grocery and seed stores.

The observing gardener will notice that one type is of a stocky, dark green growth about 6 inches tall that stand up well in the box. Perhaps the adjoining store may have some that are light green in color and of a more slender growth. These seem to lack the vitality of the short, dark green type. It is not a question of vigor, however, for if the two types were set out side by side in a garden it is very likely that one would grow as well as the other.

The difference in type is due to the variety of the tomatoes. The stocky

upright plants are usually one of the dwarf varieties. These are a late tomato that make a bushy growth but are far inferior to the other type in regard to yield.

The tall, light green plants are the ones the home gardener should select for planting. These are the early or main crop varieties and the big yielders.

The mistaken idea about tomato plants is now so widespread that the majority of tomato plants grown to sell are of the dwarf type—the Dwarf Champion being the variety generally raised.

The market gardeners, however, are and more of the earlier varieties each raising for the home gardener more year as the demand increases. People are becoming more familiar with vegetable varieties and as the sterling qualities of the early type of tomato become known they are planting this early, high green type.

Tomato plants should be set out about the last week in May. Plant them about 4 inches deep. If the stem is quite long it is an excellent plan to lay a portion of it in the bottom of a trench dug 4 inches deep leaving 6 to 8 inches of the plant showing above the ground. A long, vigorous root system will develop from the buried stem. A shovelful of well-rotted manure should be spaded into the area in which the tomato plant is to be set.

As a precaution against cutworms wrap a band of newspaper 8 inches wide around the roots and stem of the plant. Let the band extend into the ground 4 inches. After a few weeks the paper will rot away and become ineffective but the ravages of the cutworm will be over by this time.

EMIL SWENSON DEAD

PITTSBURGH, May 14.—Emil Swenson, internationally noted consulting engineer and writer on technical subjects, died last night after a paralytic stroke.

4500 Boston Carpenters

Granted Increase—2500

Strike To Enforce Demand

BOSTON, May 11.—As a result of agreements reached yesterday between the committee representing the Carpenters' union and contractors outside of the big employers' associations, it was announced last night that fewer than 3000 of the 7000 members of the union were forced to strike this morning to enforce their demands for \$1 an hour.

This announcement was made by T. H. Guerin, executive board member of the United Brotherhood of Carpenters and Joiners, who was sent to this city to handle the strike, and Joseph P. Twomey, secretary of the Carpenters' district council. These men said that agreements affecting 4500 members had been signed during the day.

All members of the union will report on their jobs, and those who are not notified that their wages are \$1 an hour will immediately quit.

The strike was yesterday endorsed by the Allied Building Trades and the Boston A.P. of L. Building Trades' council, with the result that every union man will walk off the job as soon as a non-union carpenter starts to work.

APPEALS TO ALL ELKS TO AID SALVATION ARMY

BOSTON, May 11.—James R. Nicholson, past grand exalted ruler of the Elks and member of the war relief commission of the grand lodge of Elks, has issued a personal appeal to Elks in every city and town of New England to support the Salvation Army in its one-week drive to raise \$3,000,000 in New England, which opens next Monday.

"I feel that the Elks in the section of the country which was the home of the Yankee division," writes Mr. Nicholson, "and which contributed so many thousands outside of that organization to the service of our country overseas, all of whom have returned with thorough and unstinted praise of the magnificent work of the Salvation Army on the battlefield, will be disappointed, particularly in view of the splendid co-operation between the Salvation Army and the Elks in the past, if there is not placed with them a large responsibility for the success of the campaign."

"I am, therefore, writing to urge

that if you have not already been approached by the local committee of the Salvation Army and asked to assume your share of putting this drive over that you get in touch with such committee, or else act voluntarily, doing what best you can to help in as noble a cause as the world ever knew. If the local Salvation Army committee desires that you assume complete charge of the campaign in your city or town, I hope you will have no hesitancy in doing it. The Elks can put over any reasonable proposition in any city or town of New England. This proposition is not only reasonable, but it is a duty you owe.

"Do your utmost for the Salvation Army, even as the Salvation Army has always done and always is doing its utmost for humanity."

CHISOX HALTED

St. Louis Finds Recruit
Pitcher Easy To Hit

CHICAGO, May 14.—St. Louis batted Robinson, a Sox recruit, hard in the first two innings yesterday and won the final game of the series, 2 to 1. Kerr succeeded Robinson and shut out the Browns the rest of the way. Chicago's lone run was awarded by umpire Chitt, Austin's interference with Jackson after miffing a throw to stop a double steal. The score:

St. Louis 1 0 0 0 0 0 0—2 3 3
Chicago 0 1 0 0 0 0 0—1 5 2
Batteries: Davenport and Mayer; Robinson, Kerr and Schalk.

CLEVELAND 5, DETROIT 2
DETROIT, Mich., May 14.—Timely hitting by Cleveland batters and the unsteadiness of Detroit pitchers gave the visitors their second victory in the postponed series yesterday 5 to 2.

With Cleveland in the lead by four runs in the sixth inning, Flagstead led a Detroit rally with a home run that fell only one short of tying the score. The score:

Cleveland 0 2 2 0 0 2 3 0—5 11 0
Detroit 0 1 0 0 1 3 0 0—2 11 1
Batteries: Columbia, Coveleskie and O'Neill; Daus, Cunningham and Almsmith.

BRAVES HUMBLER

Lowly Cardinals Find Boston
Easy Picking, 4-2

BOSTON, May 14.—St. Louis scored three runs on seven hits off Neft in the first three innings and defeated Boston yesterday, 4 to 2. The fourth tally for the Cardinals resulted from three errors. Boston's runs came in the third, on Goodwin's pass to Manville, Herzog's triple and Powell's pop single. The score:

St. Louis 1 0 2 0 1 0 0 0—4 10 2
Boston 0 0 2 0 0 0 0 0—2 9 4
Batteries: Goodwin and Clemens; Neft, Pillingham and Wilson.

PHILADELPHIA 3, PITTSBURGH 2
PHILADELPHIA, May 14.—Philadelphia defeated Pittsburgh yesterday, 3 to 2, principally because of the effectiveness of Jacobs. Gishaw's drive into the left field seats and a tally handed to the Pirates by Jacobs lapse from form in the seventh was all their scoring. Great outfielding by Bigbee and Meuser saved both pitchers. The score:

Philadelphia 0 1 1 1 0 0 0 0—3 5 0
Pittsburgh 0 1 0 0 0 1 0 0—2 3 0
Batteries: Jacobs and Adams; Hamilton and Schmidt, Sweeney.

BROOKLYN 4, CINCINNATI 3
BROOKLYN, May 14.—Brooklyn played the second extra inning game in succession yesterday, this time defeating Cincinnati in the 11th, 4 to 3. It was a pitchers' battle between Pfeiffer and Fisher. Both pitched great ball and both helped to bat in a run. With two out in the 11th, successive singles by Myers, Keady and Malone brought in the winning run. Fisher held beautifully, having eight assists. He received faithful support. Brooklyn's two errors led in two runs in the third. Brooklyn has signed First Baseman Allen of the Georgia College of Technology. Pitcher Miljus has been released from the army and will report Thursday. Score:

Brooklyn 0 0 1 1 1 0 0 1—4 10 2
Cincinnati 0 0 0 0 0 1 0 0—3 8 0
Batteries: Pfeiffer and Krueger; Fisher and Wingo.

NEW YORK 3, CHICAGO 2

NEW YORK, May 14.—The New York Nationals defeated the Chicago champions here yesterday in the first

game of the series by the score of 3 to 2. The Giants batted Alexander hard, but were unable to launch their hits until the sixth when New York scored three runs on singles by Young, Doyle, Knut and Fletcher. The latter's hit sent in the two deciding runs. Benton, New York's pitcher, settled down after the second inning and allowed only three hits thereafter. The score:

New York 0 0 0 0 0 3 0 0—3 10 2
Chicago 1 1 0 0 0 0 0 0—2 6 3
Batteries: Benton and McCarty; Alexander, Martin and Kilmer.

ONE OF TRIPLETS DIES

Marie Cecile Victoire Durand, one of the triplet girls born to Mr. and Mrs. Joseph Durand of 2 Racine place off Hall street last week, died yesterday afternoon at the home of her parents, aged four days. Burial took place this morning at 11 o'clock in St. Joseph's cemetery under the direction of Undertaker Joseph Albart. The other two little girls seem in good health and the parents feel confident that they will live.

DISABLED SOLDIERS
NEED EMPLOYMENT

Several disabled soldiers, who came back from "over there" unable to handle a position calling for hard manual labor, are looking for jobs in their home town, and Examiner Cronin of the United States Soldiers' and Sailors' bureau asks the employers of the city to assist him in placing these disabled men in positions.

A war risk insurance policy for

\$10,000, taken out by John Sankovsk, is now at the office of the bureau at 117 Merrimack street. The policy was found and placed with Mr. Cronin for safe keeping until the owner should come to claim his property.

MARRIAGE INTENTIONS

The following marriage intentions have been filed recently at the office of the city clerk:

Maurice H. Perlman, 128 Hale, 33, merchant; Elizabeth Landell, Lawrence, 21, at home.

Constantine Collemare, 7 Westford, 29, comb shop; Angelina Rella, 134 South, 21, mill operative.

Antonio G. Hurlburt, 51 Tyler, 21, operative; Julia Camacho, 112 Shaw, 17, operative.

Fred R. C. Springer, 28 Pearl, 21, shoemaker; Marie G. Foster, Manchester, N. H., 18, housework.

Ezra N. Bowden, 355 Lincoln, 22, warehouse miller; Della M. Russell, 162 Lincoln, 22, at home.

Leigh W. Ames, 234 Branch, 21, advertising; Edith W. Watrous, Hartford, Conn., 19, stenographer.

Roy K. Nash, 21 Fourth, 20, manager; Anna H. Drury, Essex, Vt., 23, at home.

Norbert Bondeau, 122 Cabot, 23, Ray State Cotton Corporation; Hedwidge Duval, 1 Hall place, 19, Lawrence Hospital.

Conrad D. Bent, 655 Westford, 22, chauffeur; Katherine B. Ducey, 21, housework.

Roscoe D. Marchand, 312 Allen ave, 20, locomotive; Della M. Russell, 162 Riverside, 24, at home.

Patrick Quinn, 15 Lawrence, 20, blacksmith; Helen Mary Murray, Brookline, 20, domestic.

Vincent—Brien

Mr. Charles Vincent of Plainfield, Conn., and Miss Marie Brien of this city were married this morning at a nuptial mass celebrated at St. Joseph's rectory at 8 o'clock by Rev. Armand Baron, O.M.I. The bride was attired in white satin and veil and carried bridal roses. The witnesses were

CHECKS ACCEPTED AS CASH AT ALL THE BIG DEPARTMENT AND CASH STORES

The Store Order Check System of buying makes it possible for the people of Lowell and suburban towns to get anything that they need at the big cash stores on credit or weekly payment plan by using Store Order Checks.

The Big Cash Stores are co-operating with us in selling goods on credit by this money-saving system of credit buying and extend our customers all the courtesy and exactly the same cash prices that are given their own cash customers.

Thousands of people who never bought on credit before are now buying through this wonderful money-saving device, with plenty of time to pay your bill in small weekly payments, and it appeals to everybody who desires economical credit.

Don't forget that in buying on credit in this way you are subjected to none of the embarrassing features of ordinary Credit Houses. You are given the same courteous treatment that the cash customers get at the stores where you select your goods and the merchandise bears no labels except those of the cash store from which it is bought and will be delivered to you at once, or to your home as you prefer.

Our System Endorsed by the Following Stores and Checks Are Accepted as Cash.

INCORPORATED

MATRIMONIAL

It was learned today of the marriage last Sunday of another one of Lowell's war heroes in this city, Wagner Thomas Porter having been united in marriage at the parsonage of the Calvary Baptist church by Rev. Asa R. Ellis, to Miss Avis Jones, daughter of Mr. and Mrs. Frank Jones of 672 Middlesex street. They were attended by Miss Alice Porter, sister of the bridegroom and Edward Porter, his brother. Following the wedding ceremony the couple left for Providence where a wedding reception was tendered them in the evening at the home of the bridegroom's aunt, Mrs. Herbert Henry, attended by nearly 100 persons. Following the reception the couple left for a wedding trip to Philadelphia and later are to make their home in Camden, N. J., where Mr. Porter is in business. The bridegroom is a son of Richard Porter, formerly of Lowell but now of Camden, and has a war record of honor. Surviving the perils of ten severe battles in northern France last summer, including Chateau-Thierry, he suffered an attack of influenza in France and was very near death, but survived and returned safely to Lowell. In March a reception and party was tendered him at Highland hall, Middlesex street, attended by nearly 100 of his Lowell friends, including Mayor Thompson, who presented him a gold watch as a gift from his many friends. Mrs. Porter was formerly employed by the Lowell Weaving Co.

Howe—Donahue

Mr. Thomas Howe of this city and Miss Margaret M. Donahue of Fall River were married this morning at a nuptial mass celebrated at St. Joseph's church, Fall River, the officiating clergyman being Rev. Bernard Boylan. The bride wore blue messaline with trimmings of georgette crepe and hat to match and she carried bridal roses. She was attended by Miss Agnes M. Basquill, who was attired in blue taffeta with beaded trimmings. She also wore a hat creation of georgette crepe and roses and carried pink roses. The best man was Mr. Martin M. Donahue. The bride's gift to the bridegroom was a beautiful diamond pendant, while the groom's favor to the best man was a diamond stickpin. At the close of the ceremony a wedding breakfast was served at the home of Mr. and Mrs. John Conway, 82 Dover street, Fall River. After a brief honeymoon trip to New York the happy couple will make their home in this city.

HAS PAID 12 BILLIONS

War Department Has \$4,000,000,000 More of Obligations, Says Gen. Lord

BOSTON, May 14.—The war department has already expended \$12,000,000,000 and is obligated further to the extent of \$4,000,000,000, Brig. Gen. Herbert M. Lord, director of finance of the army, told members of the chamber of commerce at a luncheon at the City club yesterday.

"When war was declared with Germany," said Gen. Lord, "there were five independent bureaus in the war department. A very important reason for the consolidation of all the war department financial activities into an independent bureau was the necessity of separating procurement from the function of settlement."

"Disbursing officers should be entirely and absolutely removed from under the control of the men who incurred the obligation. Under the present financial consolidation, which, it is hoped, congress will make permanent, the director of finance has entire charge of all disbursements and the finance force is entirely independent of the supply agencies who contract for and secure the supplies."

"When congress next meets the secretary of war will submit a reorganization bill which will crystallize in law some of the lessons learned through actual warfare. This will provide for a temporary army of approximately 500,000 men."

As drawn, and as it will be presented to congress, it will make the finance an independent statutory bureau of the war department, with its own personnel, with entire charge of all disbursements, money accounting and property accounting for the war department, making permanent what we are doing now under authority of the Overman act."

ALL SAILOR BOYS TO COME HOME SOON

All sailors enlisting in the navy between the time of the declaration of war on April 6, 1917, and the signing of the armistice are to be released from service before July 1, according to official information received by Chief Cary of the local naval recruiting office today. Twelve per cent of the naval reserve force will also be discharged before that date, the communication states. Lowell mothers who have been wondering when their sailor boys would return home need wonder no longer, for all the boys who signed up during the big scrap will be in the city to help mother and the rest of the family celebrate the good old Fourth of July.

Three men were forwarded to Boston today by Chief Cary. They were Joseph H. Denault, 79 Austin street; John Ellis, 107 Lawrence street, Lawrence and James Hogan, 108 Lawrence street, Lawrence. All three enlisted as apprentice seamen.

Don't Spoil Your Hair By Washing It

When you wash your hair, be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is Mulsified coconut oil shampoo, for this is pure and entirely greaseless. It's very cheap and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months. Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.—Adv.

DEATHS

BURNS—Joseph F. Burns, a well known young man of this city, who for a number of years was employed as a salesman for the Cudahy Packing Co., died this morning at the Lowell hospital after a brief illness. He leaves his wife, Mrs. Catherine St. (Howard) Burns; two daughters, Helen and Catherine; two sisters, Mrs. Thomas Fitzgerald and Mrs. Elizabeth Germain; and two brothers, John and Thomas Burns. The body was removed to the home, 78 Andrews street, by Undertakers Higgins Bros.

HILL—Miss Katherine F. Hill, an excellent member and an attendant of the Immaculate Conception church, died last night at her home, 632 Andover street. She leaves two sisters, the Misses Mary and Ursula Hill.

CASSIDY—Miss Maria T. Cassidy, a well known and much beloved resident of the Immaculate Conception parish, died yesterday at the home of her sister, Mrs. Sarah Burns, 329 Concord street. She leaves, besides her sister, one nephew, John C. Burns.

SULLIVAN—Mrs. Mary E. Sullivan died last night at the home of her parents, Mr. and Mrs. John McPherson, 113 Fulton street. The deceased was an attendant of St. Michael's church and was a moving spirit in its affairs. She is survived by her husband, John F. Sullivan; her sons, John and Mary McPherson; two brothers, William and Frank; and three sisters, Mrs. Charles Fox and the Misses Catherine and Marion McPherson, all of this city.

DESMARAIS—Mrs. Louis Desmarais, nee Marie Cyr, died last night at the home of her daughter, Mrs. Nolce Beaudin, 145 High street, at the age of 71 years. She leaves four sons, Desdanne, Odorin and Napoleon of this city and Henri of Canada; four daughters, Mesdames Joseph Beaudin, St. Beaulin, Fred LeDuc and Philippe Turgeon; a sister, Mrs. Amanda Desforces in Canada.

ROBILLARD—Mrs. Armand Robillard nee Alphonse Carpentier died today at the home of her parents, Mr. and Mrs. George Carpentier, 186 Perkins street, aged 27 years. She leaves her parents, her husband and a son, Gerard.

BARAKI—Anna Barak, aged 15 years, 7 months and 7 days, died today at the home of her parents, Mr. and Mrs. Michael Barak, 18 Davidson street.

FUNERALS

RICHARDSON—The funeral services of Mrs. Eliza C. Richardson took place at her home, North Billerica yesterday afternoon. Rev. Chester J. Armstrong, pastor of the North Billerica Baptist church, officiating. The bearers were Harry, Lincoln and Henry Richardson and Henry Mosher. The flowers were many and beautiful. Burial was in the family lot in North cemetery, where the burial service was read by Rev. Mr. Armstrong. The funeral was under the direction of Undertakers Young & Blake.

TAYLOR—The funeral services of Louise Wentworth Taylor were held yesterday afternoon at the home of her grandmother, Mrs. J. H. Colburn, 154 South street, and were largely

"Before you start out, give your car a thorough once over."

TIPS ON FIRST ATTEMPT AT AUTO DRIVING

BY CAPT. KATHERINE RICHARDS, Commanding the Women's Motor Corps of the National League for Women's Service.

The first attempt at driving, after you have mastered the controls with your car stationary, should be made on an unfrequented road, straight, smooth and wide.

Be sure everything is in good working order: that you have plenty of gas, radiator is filled, that you have oil, that spark plugs are O. K.

You should make your first attempts at steering on the road with the car in low. After you have gained confidence, shift to second speed.

Steering comes easier to some drivers than to others. Most women (and men, too) make the mistake of turning the steering wheel too much. A very slight movement is sufficient to swing

the car. The effort should be to anticipate the swing of the car and correct the tendency to run to right or left before the car has gone far in either direction. It is always necessary to keep the steering gear constantly correcting the movement, but a skillful driver will so anticipate the slight deflection of the front wheels as to make the car move almost straight ahead.

Try slowing down without throwing out the gears, using only the brakes and clutch. Whenever you stop completely, always start on first speed, and "go through" the gears to high. Never attempt to go from first to third speed.

Your next problem will be passing other vehicles, and learning the rules of the road. There is one safe rule about passing and being passed by other cars. Always slow down. You never know what the other fellow is going to do. Allow plenty of room between your wheels and the other car. Never swerve sharply out to pass another.

When you turn a corner, slow down, throw out the clutch and coast around the curve.

Immaculate Conception church at 9 o'clock. Informant will be in the family lot in St. Patrick's cemetery. Funeral arrangements in charge of Undertaker Peter H. Savage.

HILL—The funeral of Katherine F. Hill will take place Friday morning at 8 o'clock from her home, 632 Andover street. A funeral mass will be sung at the Immaculate Conception church at 9 o'clock. Burial in St. Patrick's cemetery in charge of Undertakers James F. O'Donnell & Sons, motor coaches.

McINTYRE—The funeral of Richard McIntyre will take place Thursday morning at 9 o'clock from the home of his aunt, Mrs. Michael O'Shea, 149 Concord street. Funeral high mass will be held at the Immaculate Conception church at 10 o'clock. Burial will take place in the family lot in St. Patrick's cemetery, under direction of Higgins Bros.

ST. LAW—The funeral of Marietta McPherson Sullivan will take place from the home of her parents, 113 Fulton street, Friday morning at 9 o'clock. High mass of requiem at St. Michael's church at 10 o'clock. Burial in St. Patrick's cemetery. Arrangements in charge of C. H. Molloy's Sons, undertakers.

FUNERAL NOTICES

BASCOM—Died in this city, May 12, 1919, at his home, 47 Shaw street, Fred Eugene Bascom, aged 53 years, 4 months and 16 days. Funeral services will be held at his home, 47 Shaw street, on Thursday afternoon at 2 o'clock. Friends are respectfully invited to attend. Burial private. The funeral arrangements are in charge of Undertaker William H. Saunders.

CASSIDY—The funeral of Miss Maria T. Cassidy will take place from the home of her sister, Mrs. Sarah Burns, 329 Concord street, Thursday morning at 8:15 o'clock. High mass of requiem will be celebrated at the church.

POLAKINSKY—The funeral of Jan Polakinsky took place this afternoon from the home of his parents, 38 Davidson street. At 2 o'clock service was held at St. Joseph's church. Burial was in St. Joseph's cemetery under the direction of Undertakers Amodeo Archambault & Sons.

CONFIDENCE MEN GOT \$10,000,000 IN YEAR

BOSTON, May 14.—American confidence men reaped a harvest of more than \$10,000,000 last year, according to figures compiled by Chicago authorities. This is the approximate amount actually collected from the credulous

IN BED FIVE MONTHS FROM RHEUMATISM—NOW WALKS

Local Man, After Two Weeks of Weldon Treatment, Goes Up and Down Stairs

Lawrence people are rapidly coming forward to give their experience with Weldon, the new rheumatic remedy being introduced in this city. Among those who consented to talk for publication was Mr. Arthur Thorp, 616 Lowell St., Methuen. He said:

"I have been badly crippled with rheumatism for a long time. The disease got so bad that I was compelled to go to bed and stay there for five months. The pain was torture, every move would make my joints sore and bring on a paroxysm. I had five different doctors and tried many remedies but received no relief."

"Some friends who had rheumatism told me how they got better by using this Weldon medicine and I decided to give it a trial. I am glad I did for I have been wonderfully helped, have

only taken two boxes but am able to be up and can walk around, go up and down stairs without discomfort. It is really wonderful how the medicine helped me and I am gaining every day; to think that I was in bed when I started to take Weldon and now I am almost as well as ever. Another thing this medicine had no bad effects as other medicine I have taken. I certainly recommend it to all who suffer from rheumatism."

Weldon has been wonderfully successful in the treatment of rheumatic conditions and it is to the interest of every sufferer to get a package of this remedy at once. Weldon does not contain alcohol, or other habit-forming drugs, does not disturb the stomach or any other organ. The Weldon man will continue to meet the public at the Store, Lowell, to explain more about Weldon and give out the free books, "Germs of Rheumatism, How They Live, How They Die." Every day's delay is another day's suffering. Get it now.—Adv.

WITH MILITARY HONORS

Body of Edith Cavell Removed From Brussels—To Be Sent to England

BRUSSELS, Tuesday, May 13.—(By the Associated Press.)—American, British and Belgian troops rendered military honors today when the remains of Miss Edith Cavell, the nurse who was executed by the Germans, which are being sent to England for interment in Norwich cathedral, were removed from Brussels. There was a most impressive ceremony and the streets were draped in mourning. Dense crowds stood along the curbs.

DOUBLE ELOPEMENT
Two Yale Students and Two Society Girls Wed

NEW YORK, May 14.—Details of a double elopement in which two Yale students and two society girls figured—George Gilbert W. Keach, one of the

students, being the son of a New Yorker—became known at Portchester yesterday, where the ceremony was performed Saturday. Both brides and the second bridegroom belong to wealthy Connecticut families.

The four motored down from New Haven in a downpour of rain and went to the office of Town Clerk Charles C. Derby for their licenses. While he was engaged in filling them out they rehearsed the marriage ceremony.

When he had finished they hurriedly took the papers, walked into the downpour of rain, and were driven to the parsonage of the Summerfield Methodist Episcopal church where Rev. William R. McDermott performed the ceremonies. Each couple acted as witnesses for the other.

Young Keach—he is 21—gave his New York address as 14 East 65th st. His bride said she was Dorothy Dow Munsell, 19, of Chelsea, Conn.

The second couple said they were John Henry Sessions, 23, son of Albert L. Sessions, of 25 Millview avenue, Bristol, and Phyllis Althea Howell, 18, of Weathersfield, Conn. Sessions' father is a manufacturer.

The quartet explained that their parents objected to the unions because of their ages and said "they just couldn't wait any longer."

Famo Stops Seborrhea and Grows Healthy Hair

We ask you to put FAMO to the most exacting test.

Have a member of your family examine your scalp before you start the use of FAMO.

Apply FAMO daily for one month.

Have your scalp examined again. If they do not report the growth of new hair, return the FAMO bottle to where you purchased it and you will receive your money back.

FAMO DOES grow new hair luxuriantly.

It makes the hair fluffy and soft. FAMO intensifies a natural tendency to waviness and retards grayness. It contains no harmful alcohol to dry the scalp and produce gray hair.

Every woman should use FAMO regularly.

Its use is a daily habit you will enjoy. But not only does FAMO beautify the hair.

FAMO kills the deadly seborrhea microbe which is the cause of dandruff.

It stops all itching of the scalp and nourishes and feeds the hair roots.

It penetrates the scalp without massage and gives life and sheen to the hair.

FAMO was evolved by scientists in one of the famous laboratories of Detroit.

Three years were spent in perfecting it before it was offered to the public.

The ingredients in FAMO have never before been used on the head.

But they have been well known to medical science for many years.

They work differently from any other hair preparation. FAMO stands alone.

If your hair is thin and lacks lustre and the dandruff scale causes constant irritation of the scalp, you should start the use of FAMO at once.

It destroys the dandruff bacilli. FAMO is sold at all toilet goods counters in two sizes—35 cents and \$1. The dollar bottle is extra large and contains four times as much as the smaller size.

Applications of FAMO may be had at the better barber shops and hair dressing establishments.

Seborrhea is the medical name for a morbidly increased flow from the sebaceous glands of the scalp. The seborrhean secretion forms in scales and flakes and is commonly known as dandruff.

GOOD HEALTH WANTED?

Who does not wish for good health? Looking at the question from a strictly business point of view, you must realize the necessity of being fit and fresh in order to succeed in your chosen work.

There are many men in the world today who have to confess that they have failed simply because they neglected to give proper attention to their health. Timely use of Beecham's Pills will keep you alert and at the top of your condition, all the time.

They exert a remarkably stimulating influence not only upon the various organs of digestion, but also upon the entire organism. They drive away lassitude and depression, infuse energy and cheerfulness and thoroughly equip one for the health-trying ordeal of business. This ought to be reason enough for most people to

COL. MOTT APPOINTED TO SUPPORT THE TREATY

Named Military Attache at the American Embassy in Paris

PARIS, Tuesday, May 14.—Col. Bentley Mott, formerly representing General Pershing at the headquarters of Marshal Foch, has been appointed military attache at the American embassy in Paris, succeeding Major Barclay H. Warburton who is going home to be discharged.

ANNUAL MAY PARTY AT OLD LADIES' HOME

The annual May party at the Old Ladies' Home, one of the many bright spots in the yearly lives of the old ladies who live at the home in Fletcher street, was held this afternoon, and will conclude with an entertainment this evening. As in past years the financial success of the party was practically assured long before the event as many people yearly plan to patronize it and join in the social pleasures which inevitably accompany it.

The many color tables were attractively decorated and the entire home was "all dressed up" for the occasion. Mrs. Edwin T. Shaw was in general charge and was assisted by table chairmen and workable committees. The party began at 3 o'clock and will continue well into the evening. Supper was served at 5:30 o'clock and at 8 o'clock an entertainment of music and readings will be given under the direction of Mrs. William H. Peppin. This included songs by Mrs. E. J. MacPhail, soprano; Miss Rena Landers, contralto; Miss Bernice M. Russell, violinist; and Fessie Hamblet, pianist. They were accompanied by Mrs. J. P. Fleming. A mandolin club of young ladies, accompanied by Mrs. Charles N. Woodward, also played exceedingly well.

The chairman of the various committees were as follows: Dining room, Mrs. Walter Muzzey; ice cream, Mrs. William T. Sheppard; salad, Mrs. Kirk White; parties, Mrs. Mena Jefferson and Mrs. Joseph Talbot; pound table, Mrs. Fred Woodcock; flowers, Mrs. Charles E. Howe; rolls, Mrs. E. D. Sargent; butter, Mrs. C. W. Russell; coffee, Mrs. Silas Shattuck; cake, Mrs. Andrew Swapp; candy table, Miss Meta Jefferson and Miss Helen Bowers; home table, Mrs. A. H. Forrest. Admissions were in charge of Mrs. A. A. Wright, acting secretary.

Socialist Organization Which Supported War, Praises Terms Handed Germany

NEW YORK, May 14.—An appeal for support of the peace treaty, which is declared to be in accord with President Wilson's 14 points and to solve "intelligently and humanely" many world problems, was issued today by the Social Democratic League of America. The league, which is described as the "socialist organization which supported the war" is headed by Allan L. Benson, socialist candidate for president in 1916; John Spargo, Mrs. Charlotte Perkins Gilman, Charles Edward Russell, William English Walling, and J. G. P. Stokes.

SUN BREVITIES

First printing, Tobin's, Associate bldg. Fire and liability insurance, Daniel J. O'Brien, Wyman's Exchange.

This week's payroll for the municipal departments amounts to \$31,650.87.

Sgt. William E. Wood of this city who was with the American army of occupation in Germany, arrived at Camp Mills, N. Y., this morning, according to a message received today at his home in Lowell.

The Varnum grammar school senior class met yesterday afternoon and elected the following officers: President, Joseph Farley; vice president, Pauline Robinson; treasurer, Julius Lemkin; secretary, Mamie Sokolow.

The wood box manufacturers of the city will meet at the board of trade rooms tomorrow evening at 8 o'clock, and the clothing dealers Friday morning at 10 o'clock.

Supt. Welch of the local police department has received an invitation from Police Commissioner Enright of New York to attend the annual review of Gotham's "finest" which will take place Saturday afternoon, but much to his regret, the chief states he will be unable to accept, as several matters connected with the force demand his attention here on that day.

Local Veterans' association was held last evening in the selectmen's room in the Chelmsford town hall and considerable business was transacted. James P. Emerson was elected commander of the association for the ensuing year and a committee of three was appointed and given full power to appoint sub-committees and make all plans for the observance of Memorial day.

The Lowell school of religious education will hold graduation exercises tomorrow evening, when 27 students will receive diplomas. The graduation exercises will include group singing under the direction of H. Augustine Smith, and an address by Prof. Walter S. Atherton of Boston, leader of the community school movement in the country.

Final papers in the sale of the Howe and Burbank buildings, in Prescott and Merrimack streets to Bayard DeMallie, president of the Case Hat Stores, were passed yesterday. The Burbank block was sold by Walter Howe, while the Howe building was sold by the Howe estate. Mr. DeMallie is planning to remodel the Burbank block.

Many local concerns were represented at a meeting held last evening at Red Cross headquarters for the purpose of discussing and organizing fund aid classes for mill and factory employees that the safety requirements of the new state law may be met. The American Mutual Liability Insurance Co. was represented by Mr. J. Boyd, who talked at some length on the importance of efficient first aid training. The meeting was in charge of Dr. John N. Deary who is conducting the course. Classes are to be held on Monday, Tuesday, Thursday and Friday evenings from 8:15 to 9:45 o'clock.

Before taking your train home from Boston get The Sun at either downtown in the North station.

LOWELL MAN'S HANDS

Here is a strange story of how Goldine recovered a man's hand.

NOT A MIRACLE

Mr. Morton Riley, 128 Fayette street, Lowell, you know him. He is a weaver at the Massachusetts mills and formerly was an insurance agent in this city. He said: "For the last three or four years I had rheumatism and some such trouble, also a bad case of calararia. In fact I was getting a little deaf and the mucus in my throat caused me to cough a great deal. I caught cold easily and was dizzy and short of breath. I suffered most from rheumatism in my hands; they were so sore and lame I could not work. My joints became swollen and stiff and pained me. I also had it in my back and had to wear a plaster all the time for it ached so badly I could hardly stand it. I had doctor so much that my stomach got all knocked out and nothing seemed to agree with me. I also got very weak and nervous. The muscles of my throat seemed to tickle and choke me so I would have to cough and could hardly breathe. The doctors said it was my nerves."

"I read a lot about Goldine and what the people of Lowell were saying about it. So I went and talked with them. They all said it was fine and advised me to try it. I am glad they did for today the lameness and stiffness is gone from my hands. I have taken the plasters off my back and feel no ache or pain. I sleep well nights and feel strong."

"Goldine is so different from other rheumatism remedies that it had taken. It helped my stomach while the others seemed to hurt it. But I appreciate most having the feeling and strength restored to my hands. I shall do all I can to let the others know about Goldine. It is worth it for it really does the work."

"Morton Riley." "Goldine does no better endorsement. Mr. Riley got results, so will you. Don't forget the place or name—Goldine—Carter & Sherburne's, the Drug Store in the Street Car Waiting Room Only

MORE SUBSCRIPTIONS TO IRISH FUND

More generous subscriptions for the local Irish fund which began Monday and is to continue until next Monday were reported this noon by Treasurer Thomas J. Fitzgerald as follows: P. Donohoe, \$100; P. Keyes, \$100; Coca-Cola Bottling Co. (Lucien P. Turcotte) \$25, and Dr. Frank R. Brady, \$20.

The drive is progressing favorably and there is every reason to believe that Lowell's quota of \$10,000 will be reached by the end of the week, although the continued co-operation of the public will be needed to make this a reality.

The solicitors in the nine wards of the city are working quietly but effectively under the direction of their team captains. Team captains are reporting every evening at the campaign committee's headquarters in the Associate building.

Last evening a meeting of the executive committee and captains was held at headquarters with Chairman James O'Sullivan presiding. The reports were most optimistic and confidence expressed that continued good work will send the drive over the top and perhaps beyond.

Another meeting of executive committee and team captains will be held Thursday evening at 8 o'clock at the committee's headquarters. Capt. Andrew Molloy of the ward 7 solicitors has called a meeting of his team at his home, 223 Riverside street, this evening at 7:30 o'clock.

NC-4 Reaches Halifax

Continued

Trepassey Bay, N. E., for the transatlantic flight. Officers said she would not attempt to make the entire distance in one flight, but would go first to Halifax.

Two seaplanes from the naval station here, Nos. 1550 and 1916, accompanied the NC-4 in the start of her flight, leaving here about 10 minutes later. They were ordered to convey the hydroplane as far as the first ship of the destroyer patrol, which is stationed at a point approximately 50 miles northeast of here.

With a northwest breeze and clear sky, weather conditions were regarded as promising and none was expressed by naval officers that the NC-4 would soon join her sister planes, the NC-3 and NC-1 at Trepassey Bay, N. E., the "hopping-off" point of the transatlantic flight for the Azores. While it was said that the NC-4 would stop at Halifax and would not attempt to make the distance to Newfoundland in one flight, naval authorities said it was not certain that she would stay in Halifax all night. There was a possibility, it was said, that should the engines work properly, Lieut. Commander A. C. Read, in charge of the NC-4 might decide to make only a brief stay in Halifax and resume his flight from there for Trepassey tonight.

85 Miles an Hour

BOSTON, May 14.—The NC-4 was reported at 11:25 a. m., as passing Seal Island, Me. The message, received by the navy department direct from the hydroplane said she was making 85 miles an hour.

The message from the NC-4 was sent

In reply to one from Acting Secretary of the Navy Roosevelt. Secretary Roosevelt had sent the following message via land lines to Otter Cliff radio station at Bar Harbor, whence it was transmitted by wireless telephone to Lieut. Commander Read of the NC-4: "What is your position? All keenly interested your progress. Good luck. This message reached Commander Read at 11:15 and three minutes later his reply was in the hands of Secretary Roosevelt. It said: "Thank you for your good wishes. NC-4 is 20 miles southwest of Seal Island, making 85 miles per hour."

SONS AND DAUGHTERS OF LIBERTY MEET

The 25th state annual convention of the Sons and Daughters of Liberty was held at Odd Fellows hall today, and 200 members of the organization spent an enjoyable day as guests of the local organization, Lady Franklin council, No. 17.

Mrs. Mamie Drake of Cambridge acted as presiding officer, and the business of the day consisted mainly of the nomination and election of officers. Luncheon was served by the women of the Lowell council at noon, and the report was a credit to the skill of the hostesses.

During the evening an entertainment will be given by several of Lowell's best amateur artists, the feature of which will be a four-act drama, entitled "A College Man." The entertainment program is in charge of Mrs. G. H. Whitney, and the following officers of the local council had general charge of the events of the day: Mrs. Q. A. Foster, chairman; Mrs. Hattie Noyes, vice chairman; Mrs. John Hughes, secretary, and Mrs. Albert Planders, treasurer.

SEND PROTEST TO REVENUE BUREAU

WASHINGTON, May 14.—Many manufacturers of proprietary remedies besieged the internal revenue bureau with claims that their articles are nothing more than simple preparations marketed under fancy names and, therefore, are not taxable under the provisions of the revenue act assessing a tax of one cent on each 25 cents worth of proprietary remedies or toilet preparations sold at retail stores since May 15.

Regulations issued today by the bureau provide, however, that these preparations are taxable if put out under a proprietary name, with the formula not announced, regardless of the actual composition.

MORE TROOPS RETURN

NEW YORK, May 14.—Twelve Massachusetts casualties arrived from Marcellles today on the Giuseppe Verdi, which also brought 1550 troops of the 78th Division. The Pesario brought 1300 of this division from Marcellles.

THE FORD LIBEL SUIT

No Session on Saturday in Order Not To Cripple the Farmers

MOUNT CLEMENS, Mich., May 14.—In order that farmers who will be on the jury in the million dollar libel suit of Henry Ford against the Chicago Daily Tribune may do absolutely necessary work on their farms, Judge James G. Tucker announced today that court will not sit on Saturday. It is for the same reason that court is in session only four and a half hours a day.

Elliott G. Stevenson, of counsel for the Tribune, resumed the examination of witnesses when court opened this morning.

When court opened there were 12 talesmen in the jurybox. Two of them, farmers, were removed on peremptory challenges by counsel for the Tribune News Co., co-defendant with the Tribune.

When A. J. Freeman was called he asked: "Do you drive a Ford car?" "I do." "I don't suppose that biases you in Ford's favor?" "Neither one way or another," replied Freeman and laughed.

TO STUDY BUSINESS AND MAKE RULES FOR "REASONABLE SALARIES"

WASHINGTON, May 14.—Thirty-five agents of the internal revenue bureau have been despatched to all parts of the country to study commercial and industrial practices in certain lines of business, with a view to advise on future regulations. These men, chosen from a large group of accountants and business men, after special examinations, will be expected to ascertain practices in regard to amortization, depletion, depreciation and valuation of assets of the pre-war period and to formulate some sort of guiding rules concerning what constitutes "reasonable salaries" allowed as business expenses to corporations.

R. OF R. T. CONVENTION

COLUMBUS, O., May 14.—The triennial convention of the Brotherhood of Railroad Trainmen opened today. More than 900 delegates and nearly 1000 other members were here.

The local evening newspaper is the paper that reaches the home when the whole family is there to read it. The Sun fills this field in Lowell.

REDUCTION IN WHEAT PRICE

Immediate Cut Reaching All Down Line From Producer to Baker, Assured

Optimistic Statement Issued by Julius Barnes, Wheat Director, Today

NEW YORK, May 14.—An immediate reduction in the price of wheat, reaching all down the line from the producer to the baker, is believed assured according to a statement issued today by Julius Barnes, wheat director, following a prolonged conference yesterday between Mr. Barnes and representatives of the grain industry, including grain handlers, millers, jobbers, and bakers.

The statement issued by Mr. Barnes says: "There was a general agreement that in order that all the wheat producers of the country should secure equal benefits, the various trades could be bound by contract to see that wheat trading should be only on the guaranteed price and, if a lower basis was justified by the developments of world factors as the season advanced, this lower basis should be made to reach the consumer by trade agreements with millers and manufacturing facilities, the wheat director making the readjusting basis effective by the payment of the difference as allowed under act of congress.

In return for protection against a fall in price, after the guaranteed price had been made for wheat bought, the wheat director would require from the various trades contract obligations by which their trade practices and margins of profit would be subject to review and control by the wheat director.

"Some of the western delegates expressed the view that certain sections of the producing wheat country had developed a sentiment that wheat next year might be worth more than the guaranteed price in the open market, but the general view was that the crops promise so well that most growers would be ready to market at the guaranteed price, thus sharply reducing the present price of wheat and facilitating a lower flour price with the new crop movement.

"New wheat will be moved in Texas in 30 days and from the present outlook in six weeks more there, there will commence a very large movement of new winter wheat. In order that seaports and interior markets should not be choked by congestion and blockade, the general opinion was that the grain corporation should continue.

through the co-operative control with the railroad administration of the movement of cereal and cereal products into all the markets by the perunit system of car shipment.

HOPES WILSON WILL NOT FORCE BREAK

ROME, Tuesday, May 13 (Havas).—Gabriele d'Annunzio and Prof. Luigi Lussatti had a long interview today with King Victor Emmanuel.

Afterward Prof. Lussatti said: "I hope that free America will not take the responsibility of appearing like an oppressor to the eyes of millions of Italians desiring to reunite with their mother country."

He expressed the hope that President Wilson "would not put France and England to the alternative of breaking their agreements (with Italy) or breaking with America."

FORMER GOVERNOR WHITMAN ATTACKED

NEW YORK, May 14.—Former Gov. Whitman was attacked today by State Senator George E. Thompson in testimony at the senatorial inquiry into Thompson's bribery charges. Thompson said that in his seven years in the state senate he had never heard an improper suggestion from a representative of public utility companies. "The trouble only comes from these specialists," he continued. Chairman Burdette asked what he meant by "these specialists," and he replied: "I mean those persons who come surreptitiously. Gov. Whitman I have in mind."

POLISH ATTACKS FAIL COMPLETELY

VIENNA, Tuesday, May 13 (By the Associated Press).—Polish attacks in the region of Lemberg in the last few days failed completely, according to reports received here from Ukrainian sources. The Poles attempted a strong infantry charge against the Ukrainians but were mowed down with machine gun fire, leaving hundreds of dead behind them as they retired.

PROHIBITION TO HELP CANDY MAKING

SPRINGFIELD, May 14.—Robert H. Cleveland of this city, president of the National Confectioners' association, addressing the 26th annual convention at its opening session today, predicted that the costs of manufacture would remain high but that an effort should be made to maintain the present high wage standard. The effect of national prohibition was informally discussed by members, many believing that it will work to the benefit of the candy industry.

Cleans by Air—Alone!
Needs No Brush

And with its attachments it cleans everything in the house—beds, upholstery, curtains, walls, ceilings, draperies, everything.

Choose Your Royal Here
Test it at Home

Why wait any longer for a Royal? Come in and let us convince you why the Royal excels and then see how it cuts down housework hours at home.
